DUTCH FAREWELL TO QUEEN STARTS

Week-Long Celebration Of Golden Jubilee Will Be Climaxed By Abdication

AMSTERDAM, Aug. 28.—(AP)—The Dutch people begin on Monday the regretful farewell salute to Wilhelmina as their beloved queen.

She will abdicate on Saturday after a week long celebration of her golden jubilee in the flower-festooned and brightly lighted capital and turn the throne over to 39-year-old Princess Juliana.

The matriarch, tried and worn after 50 years on the throne, is laying aside her overburdening governmental cares, her garden tools and needlework to come from her country residence, Het Loo, at Apeldoorn, and receive the final ovation.

The queen is now in nominal retirement and Juliana is princess regent. In her role as acting monarch the buxom, reddish-blonde princess persuaded her mother to come here once more for the big show of devotion of her people.

Wilhelmina will be 68 years old on Tuesday—an occasion in itself worthy of celebration on the grand scale and in the Dutch tradition of allegiance to the house of Orange-Nassau.

The climax of the jubilee week comes on Saturday when the old queen, who has steered her people imperiously but with a homely exemplary way through two world wars and many other troubles since she mounted the throne as a girl of 18, signs the instrument of abdication.

Juliana becomes queen of the Netherlands and the critically troubled Dutch empire the moment her mother scrawls the regal signature at a private and probably austere ceremony inside the royal palace.

Then on Monday, Sept. 6, Juliana will be formally inaugurated in the 16th Century Nieuwe Kerk, opposite the palace. Three of her four daughters and their father, the German-born Prince Bernhard, will be among

STEVENSON HOLDS SENATORIAL LEAD

DALLAS, Tex., Aug. 28.—(AP)—Coke Stevenson, rancher and wartime governor of Texas, held a slight lead early tonight over U. S. Rep. Lyndon B. Johnson on the basis of early returns from the state's heated runoff senatorial race.

Stevenson polled 74,474 votes to 66,295 for Johnson in the first tabulation by the Texas election bureau.

The reports were from 59 of the state's 254 counties. Hansford county where no election was held by decision of the county Democratic convention, was listed as complete.

Good weather today favored voters. However, the runoff turnout was not expected to approach July's record breaking figure of 1,202,392 in the senatorial race.

Draft Registration Monday

Tomorrow May Also See First Call For Peacetime Draftees; Estimate Nine And A Half Million To Be Affected

WASHINGTON, Aug. 28.—(AP)—Selective service is all ready to begin registering men 18 through 25 Monday for America's peacetime draft. Monday also may see the first draft call—for 10,000 soldiers.

Secretary of Army Royall is reported to have prepared a request for draft boards to produce 10,000 men for induction between Nov. 7 and Nov. 15.

Whether or not such a call comes through, registration will continue as scheduled.

About 20,000 specially arranged registration centers have been prepared by the 4,000-odd draft boards to sign up an estimated nine and a half million men between Aug. 30 and Sept. 18.

Officials emphasized today that all men 18 through 25 must register despite the fact that most veterans are exempt and even though 18-year-olds are not liable for service until they become 19.

The only Americans in this age bracket who need not register are members of the armed forces on active duty, and foreign diplomats and members of their immediate families.

This is the registration schedule.

Date of Birth	Age	Register
1922 (after Aug. 30)	25	Aug. 30
1923	24	Aug. 31, Sept. 1
1924	23	Sept. 2-3
1925	22	Sept. 4 or 7
1926	21	Sept. 8-9
1927	20	Sept. 10-11
1928	19	Sept. 13-14
1929	18	Sept. 15-16
1930 (if born before Sept. 19)		

Those who are not 18 by Sept. 19 should register on their birthdays or within five days after it.

Draft officials said that if registrants are ill or otherwise can not sign up on designated days, they should notify their draft board and arrange for a later registration.

But they were warned not to delay such notification too long.

Also, if a man is away from his home town, he is allowed to register at the nearest registration center, and his card will be mailed to the proper board.

Failure to register is punishable by a five-year prison term, a fine of up to $10,000, or both. There is also a heavy punishment for influencing anyone from registering.

Actual filling out of registration forms with their 16 questions should not take over ten or fifteen minutes if boards are efficient. Veterans are urged to bring along proof of mili-

OUSTED CONSUL LEAVES FOR USSR

Lomakin Sails On Liner Stockholm For Sweden Enroute To Soviet Union

NEW YORK, Aug. 28.—(AP)—Jacob M. Lomakin, ousted by the state department as Soviet Consul General here, sailed for Sweden today aboard the liner Stockholm.

The 44-year-old envoy, stripped of his credentials by President Truman, was accompanied by his wife and two children, Lora, 11, and Alexis, 6.

The Stockholm is scheduled to arrive in Goeteborg, Sweden, Sept. 6.

Shortly before the vessel departed, a Swedish American line official quoted Lomakin as saying he had been ordered to the United Nations general assembly meeting in Paris where he would serve as chief adviser to the Russian delegation.

Lomakin was uncertain, the official said, whether he would go immediate-

CANADA BATTLES WITH HIGH PRICES

Mounting Cost Of Living Nears National Crisis Point Across The Border

OTTAWA, Canada, Aug. 28.—(AP)—The high cost of living in Canada appeared today to be mounting toward the national crisis point.

To the individual this upward price trend is a tougher matter in Canada than in the United States, for the average Canadian earns less than his neighbor to the south.

A recent estimate put the average pay of the Canadian industrial worker at $37.02 per week, compared with $51.68 at that time for his U. S. counterpart.

Recognizing the lure of more cash in the pay envelope, the Canadian government has long sought to check the southward emigration of talent by fostering the theory that higher living costs would offset higher U. S. prices.

But actual comparisons show that item for item almost everything but meat, dairy products and services cost more in Canada than in the United States.

Food, clothing, fuel and home furnishings are selling at record prices. The bureau of statistics says the dominion cost of living index, already above anything in Canada's history, rose 2.6 points to 156.9 in July, the last month reported.

A month ago beef steaks sold for 70 cents a pound, now they cost from

5TH DISTRICT TO ELECT CHIEF

American Legion Of Area To Assemble Here Today To Elect Commander

Fifth district Legionnaires will convene in the Memorial Legion Home at 9:30 a. m. today in special session to select a new district commander to succeed J Eldon Doughty, of Jonesville, whose resignation has been announced by State Commander Robert L. Browne.

Browne called the special meeting after his judge advocate, Nolan Moosa, ruled that the district executive committee did not have the authority to select a successor without all posts being allowed to cast ballots.

Doughty was elected commander for a two-year term by acclamation at the spring conference in Monroe last April. His only opponent withdrew on the floor before a vote was taken. Doughty's resignation was announced at a meeting of the state executive committee in New Orleans the past week-end. No reasons for the resignation were disclosed.

The two district vice-commanders, George Dewey McKnight of Columbia and Humble Zeigler of West Monroe, will preside over the special meeting. It is expected that both will be candidates for the district commandership but any other Legionnaire in the district is eligible for candidacy, according to Judge Advocate Moosa.

FIFTH DISTRICT HAS RECORD REGISTRATION FOR PRIMARY

Political horns will blow for the last time tomorrow—on Huey P. Long's birthday—one day before a record 100,589 fifth congressional district Democrats will be faced with the choice of a congressman and district attorney for their respective judicial districts.

A light vote has been forecast. Reversing its general effect upon voting, rain will force farmers from their cotton harvesting while continued dry weather is expected to keep voters down to slightly over half the registration.

Even without rain, however, the 266 precincts in the 14 parishes in the district are expected to go far above the 34,446 votes cast in the last congressional election in 1946.

Major interest in the district, as always, has been centered upon the race for United States' representative. Incumbent Otto E. Passman, of Monroe, is in the strange position of defending his seat against two former congressmen, Charles E. McKenzie and Newt V. Mills, both Monroe residents.

McKenzie was nosed out by 340 votes in September of 1946 by Passman after serving two wartime terms. He succeeded Mills who was first elected in 1938.

A seemingly general "gentleman's agreement" among lawyers in the several judicial districts has created a paucity of contenders for the district judgeships. Not one judge faces an opponent. Down in the seventh judicial district, made up of Concordia and Catahoula, Judge R. R. Reeves has retired after 16 years of service. Jesse E. McGee, a 12-year district attorney, will step into his shoes without opposition.

Second in interest-arousing ability, and a possible heavy vote cause are the all-out dog-fights for the four district attorneyships left vacant when the incumbents decided their futures lay elsewhere. Only one incumbent,

Storm Forecasters Alert 2-State Area

Georgia-Carolina Coastal Region Told To Watch Weather As Tiny Hurricane Veers From Florida's Direction And Slows

MIAMI, Fla., Aug. 28.—(AP)—Storm forecasters sounded a preliminary alert for the Georgia-Carolina coasts today as a small, violent hurricane slackened its forward pace.

The weather bureau in a 6:15 p. m. (EST) advisory reported some conflicts in aircraft reports but said there was indication the storm may be changing its direction of movement to one between west northwest and northwest.

The hurricane area of winds has increased from 60 miles to one of between 90 and 100 miles in diameter. The strongest winds near the center are estimated at 115 miles an hour.

The early night advisory placed the storm about 600 miles east southeast of Daytona Beach, Fla.

The storm had moved in a straight northwestward direction at 15 miles an hour but forecasters said its forward pace now had tapered off to 12 to 14 miles an hour which may indicate that it is shifting its coure.

A navy observer declared it had "the most beautiful eye ever seen in a hurricane." The eye, or vortex around which the violent winds spin, is perfectly round like a whirling disc, said Lt. Comdr. Charles Dale of Norfolk, Va., a radar expert. This was an indication of its violence, he said.

All interests along the Georgia-Carolina coasts should keep in touch with the latest weather advisories, the weather bureau urged, and small craft should not venture far into the Atlantic over the week end.

Grady Norton, chief of the weather bureau's storm warning service, declared that unless a radical change

Monroe young women were given recognition in a number of instances. Mary Jo Inzina was declared the best "newspaper editor," while Ann Atkinson was among best "city officials." Margaret Ann Tatum and Della Guillory received recognition for superior qualifications, and the award for the outstanding city went to "Aster City" one of whose counsellors was Polly Phelps, of Monroe. All the girls returned to their homes well pleased with their outing.

FIREMEN COLLECT $179 FOR CHILD

The Monroe fire department collected a total of $179.50 for five-year-old Glyn Swaggart who suffered a severe attack of infantile paralysis two years ago and was in need of a wheel chair.

Chief H. L. Hales said that numerous cards and letters wishing Glyn a speedy recovery were received with donations and would be given to the child's mother.

The funds collected will be turned over to Sheriff Bailey Grant, Hales added. A $200 check was mailed to the boy's father, R. H. Swaggart, shortly after the first story appeared in the Morning World.

At present Glyn is still at the Warm Springs Foundation Hospital in Warm Springs, Ga., but is expected to return soon to his home on the Winnsboro road where his special wheel chair will be awaiting him.

FORMER PREMIERS ARE IN LINE FOR OPEN FRENCH JOB

Schuman, Ramadier Mentioned Prominently As Possible Marie Successors

NEAR POLITICAL CHAOS CAUSED BY FAST SHIFT

PARIS, Aug. 28.—(AP)—Former Premiers Robert Schuman and Paul Ramadier and Economist Pierre Mendes-France were mentioned prominently tonight as possibilities to head a new government of France.

President Vincent Auriol moved cautiously in his quest for a man to replace Premier Andre Marie, whose month-old government fell early today over the issue of wages and prices.

The abrupt resignation of the coalition cabinet produced near political chaos. The French press echoed a desperate hopelessness about the search for Marie's successor.

Auriol conferred stadily with party leaders, including the Communists, amid signs it would be several days before the situation clarified itself.

Schuman, the M. R. P. foreign minister in Marie's fallen cabinet, was premier last month. He took over in

J. W. ALLEN DIES FROM GUN WOUND

Deputy Sheriff Shoots Self; Cause Believed To Have Been Long Illness

J. W. Allen, 70-year-old resident of West Monroe and member of the Ouachita parish sheriff's department, died from a self-inflicted wound early last night at his home, following a month's illness, according to Dr. J. T. French, Ouachita coroner.

Mr. Allen, returned home Thursday from the sanitarium where he had been for the past three weeks.

According to Mr. Allen's wife, she had left him in the front room and had gone into the kitchen, when about three minutes later she heard sharp explosion returned to the room where she had left her husband. She said she thought a light bulb had blown out but when she returned to the room she saw him lying on the bed and the .38 caliber revolver, which he used ,lying nearby on the bed. According to Dr. French, the death was instaneaus.

Mr. Allen had been a member of the Ouachita parish sheriff's department since last June 1, serving as the night deputy. Prior to his association with the sheriff's department, he operated a service station in West Monroe. He was also connected with McDonald's Dairy where he was associated for several years before he entered the service station business.

He became hospitalized shortly after his return from a Gulf coast fishing trip last month. Since that time he has been ill and under the care of a physician.

Funeral services were set for 10 a. m. Monday at the First Methodist Church in West Monroe with the Reverend St ples officiating.

Interment will be in the Memorial Park Cemetery, and Mulhearn Funeral Home will be in charge.

Pallbearers will be Sheriff Bailey Grant, E. M. Steen, C. T. Barron, E. L. Walker, Raymond Knowles, and F. C. McConnell. Honorary pallbearers will be members of the Knights of Pythias.

He is survived by his wife, Mrs. Fannie Bell Allen; one son, Jimmy Allen, West Monroe and one daughter, Mrs. Carey Nettles, of Cleveland, Ohio.

DATES ANNOUNCED FOR REGISTRATION

All men in Ouachita parish between the ages of 18 and 26 are required to register at the local selective service board 46, located at 216 South Grand street, on the following dates, T. O. Bancroft, chairman of the selective service board, announced Saturday.

The presidential proclamation of July 20, 1948, requires all men born in 1922, after August 30, 1922, to register August 30.

Men born in 1923 will register August 31 and September 1; those born in 1924 will register September 1 and 2; men born in 1925 register September 4 and 7; men born in 1926 register September 8 and 9; men born in 1927 register September 10 and 11; men born in 1928 register September 13 and 14; men born in 1929 register September 15 and 16; all men born in 1930, before September 19, 1930, register September 17 and 18.

The proclamation further provides that men becoming 18 years of age must register within five days after attaining their 18th anniversary of the day of their birth.

All registrants are required to register at the local headquarters, 216 South Grand street, Bancroft said.

Tension Heightens Over New Incidents

Document Asserts Soviet Military Will Be Diverted To Scare Anti-Communist City Government Instead Of Riots

By George Bria

BERLIN, Aug. 28.—(AP)—An American military government document today charged the Russians with preparing to use Soviet troops in their drive to oust the anti-Communist Berlin city government.

This week's Communist-led invasions of the city hall in the Russian sector were called part of a Soviet plan to foment "spontaneous riots" which could provide the incidents needed for intervention by the Red army.

The document came to light as Russian-American relations in this beleaguered capital grew more tense after a wild incident in which speeding Russians ran down an American soldier last night. A Soviet soldier was reported shot.

The red-bearded Russian lieutenant colonel who said he was riding in a lend-lease jeep told U. S. liaison officers:

"I didn't want to be stopped and fall into the hands of an uncivilized, animal-like people who shoot without any provocation."

As a further strain, the city council served notice it would meet again next Tuesday in the city hall. The move was planned in the face of the two invasions of the hall by Communist-led demonstrators demanding their own Red regime.

The council announced it would meet despite a Russian brush-off of its appeal for protection from the Soviet-backed east Berlin police.

The American document, a weekly review of occupational affairs, said:

"The events of August 26 and 27 (Thursday and Friday riots) are part of the Soviet plan, to be implemented by the Socialist unity party (SED), which includes repudiation of the city government and possible spontaneous riots in Berlin on a large scale perhaps making it necessary to call in Soviet troops for the protection of the people.

"The plan is that the city government can be forced to transfer to the west without Socialist unity party participation. * * * establishment of a peoples government in the east (Russian) sector would follow as a matter of course."

Four gun-brandishing Soviet soldiers led by the lieutenant-colonel zoomed wildly through the American sector of Berlin and ran down an American military policeman who tried to stop them. Pursuing Americans opened fire and, according to the Russians, wounded one of the Soviet soldiers.

The Soviet jeep roared through roadblocks and escaped in the Russian sector. The Americans gave chase for 800 yards into Soviet territory and then withdrew.

Col. Robert A. Willard, U. S. troop commander in Berlin, said in a written, formal protest to the Russians that American police "fired only as a last resort." The Rusians filed a counter-protest charging the Americans with violating jurisdiction by entering their zone.

The American military policeman suffered a broken elbow when he was knocked off his motorcycle.

Anti-Communist city council leaders said they would meet in the city hall despite failure of Maj. Gen. Alexander Kotikov, Soviet commander, to give an asuring reply to a demand for police protection. Kotikov answered the appeal with a series of counter questions. He asked whether the government wanted him to "interfere" with the "workers of Berlin who are dissatisfied with the present policy of the city government and demand a change."

Should Tuesday's meeting again be interrupted by demonstrators, it was believed likely the anti-Communist

Congressional Spy Investigators Formally Blame White House For 'Insecurity'

WASHINGTON, Aug. 28.—(AP)—Congressional spy investigators formally accused the White House tonight of refusing to help "protect the national security."

FRENCH OFFICERS SLAIN IN ISRAEL

Gunfire Kills Two Pilots While On United Nation Aerial Coast Patrol

TEL AVIV, Israel, Aug. 28.—(AP)—Gunfire killed two French officers today while on a United Nations aerial coast patrol in the vicinity of Gaza, the Egyptian army base in Palestine, a U. N. announcement said.

A U. N. source said the American pilot of the plane was hurt. His name was not learned here.

The bullet-riddled plane landed at the Gaza airfield, but it was not known whether it was hit in flight or whether it had made an emergency landing and then was fired upon, the U. N. announcement said.

The victims were Lt. Col. Joseph Queru, 50, and Capt. Pierre Jaennel, 28. Queru was shot in the chest. Jaennel, a member of the French air force, was hit in the right temple.

Sgt. Noble Brown (home town ungiven), a U. S. air force flight engineer, arrived at the Gaza air field in another U. N. plane a few minutes later.

Upon his return to Haifa, Brown told U. N. officials he saw the plane being wheeled from the runway and that it had bullet holes in the fuselage and windows.

Jewish sources here said Israelis in the Gaza area claimed they saw the

NAVAL FLYING BOAT SETS NEW RECORD FOR DISTANCE FLIGHT

CHICAGO, Aug. 28.—(AP)—The U. S. Navy's Caroline Mars flashed over land, water and mountains today to set a new 4,748 mile distance record for flying boats.

The non-stop trip took the colossal craft from Honolulu to Ann Arbor, Mich., and Chicago in 24 hours and two minutes.

The great metal gull swooped to a graceful landing in Lake Michigan off Burnham Park while thousands looked on from the shore.

The crowd gaped at the largest flying boat in regular operation. They saw a seagoing aircraft that weighs 82 1/2 tons, has a 120 foot length and a wingspread of 200 feet.

"It was a very satisfactory and almost routine flight," said Captain James G. Lang of Mapleton, Minn., squadron commander. "We got a big kick out of taking a flying boat over mountains and farms."

The going was easy all the way. The big ship left Honolulu at 11:13 a. m. C. S. T. Friday. It reached San Francisco 38 minutes ahead of schedule. It sped on across peaks, valleys and praries on the wings of a tail wind.

The sky giant zipped by Chicago. The time at that point was 22 hours and three minutes—two hours ahead of advance calculations.

So the pilot, Comdr. Robert J. Hunt of Trenton, N. J., headed the four-engined boat to the east to cover enough additional ground to surpass the old distance mark of 4,375 miles—set on a hop from the Patuxent naval air station in Maryland to Natal, Brazil.

The Mars circled Ann Arbor and swung west to Chicago. Then, with an escort of navy planes, the huge craft based down in the lake.

This was the final test run. The boat carried 39 persons, including a crew of 16, and a cargo of farm products and Leis from Hawaii.

Jack Goulding of the Honolulu Star-Bulletin, who was aboard, said the new ship, "exceeded the expectations of her efficient crew."

At one time the winged boat attained a ground speed of 250 miles an

NO RELIEF SIGHTED FOR HEAT VICTIMS

CHICAGO, Aug 28.—(AP)—Continued warm and humid Sunday; very little relief Monday.

Federal forecasters could give no better news than that today as deaths from the summer's longest heat spell rose to 123 in the eastern half of the nation.

A cool air mass which kept Canadian border temperatures in the 50's showed no indication of moving southward toward the heat belt extending from the Mississippi river to the Atlantic coast.

The majority of deaths attributed to the hot spell resulted from heat prostrations. The remaining victims drowned as soaring temperatures sent crowds to the beaches for relief.

Baltimore reported a reading of 101, Laguardia Field, New York, had 99, Philadelphia 98, Washington 95 and Chicago 89.

The heat deaths this week as reported by states included: Connecticut 16, Illinois 22, Indiana 2, Kentucky 1, Maine 1, Maryland 1, Massachusetts 3, Michigan 21, New Jersey 3, New York 31, Ohio 6, Pennsylvania 9, Rhode Island 1, West Virginia 1, Wisconsin 6 and Washington, D. C., 1.

DATES SET FOR N. J. C. OPENING

Orientation Exercises On Sept. 15; Registration Starts September 15

Registration for the fall semester at Northeast Junior College will open Wednesday, September 15 and extend through the following Friday, with regular class work beginning Monday, September 20. Students will register in alphabetical order to facilitate the procedure for the student, the faculty and staff. This schedule is to be announced through the press at an early date.

A special orientation program for freshmen is planned for the morning of September 15, with all newcomers to the campus meeting in Brown Hall auditorium for instructions. The hour will be given through the press within a short time.

High school graduates and others enrolling at N. J. C. for the first time are requested to bring their transcripts of credits from high school to Mr. Hamner, registrar. Veterans should have their certificates of eligibility in order to enroll.

Four bus routes are to be available this fall for students living in this area who wish to commute daily. This mode of transportation is planned at a nominal fee with the cost depending upon distance involved.

For out-of-town men and women who prefer to reside on the campus, dormitory facilities are available. Reservations should be made an an early date, however, by calling the business office of the college. Dormitory quarters are limited to students who do not live on a bus route, Dean Rodney Cline explained.

The college is in a position to offer courses designed to answer the needs of all persons, whether they hope to work toward a bachelor's degree or limit their training to two years. Besides the general courses, other curricula are being offered. These include work in the following departments: agriculture and home economics, biological and natural sciences, health and physical education, languages, music, military science and tactics and social sciences.

Under arts and sciences, the student may do his major work in liberal arts or science; in commerce, he has a choice of majoring in general business, secretarial science or business administration; in biological and natural sciences, he may choose work in chemistry and physics, or engineering; under music education, he may decide upon a combination of band orchestra and vocal supervision, or a curriculum for piano teachers, vocal supervision, instrumental supervision, composition, voice, opera, or instruments; in teacher training courses the student has a choice of elementary or high school courses with selections of various majors.

V. F. W. AUXILIARY HOLDS MEETING

The regular meeting of the Rodney J. Hobbs V. F. W. Auxiliary was held Thursday at the V. F. W. hall with good attendance. Two new members, Mrs. Nan McKeithen and Mrs. Hellouise McClain, were received into the organization.

It was voted that the membership drive be extended through September as much interest is being shown in this drive. The members are well pleased with the manner in which the sale of Christmas cards is being received. This sale is being sponsored for the auxiliary fund and anyone desiring to purchase cards through the auxiliary may do so by contacting any auxiliary members.

Their Solution Is Faulty

Sometimes it may seem to us outsiders that the Soviet government is concentrating its thought and effort on the advancement of its imperialistic ambitions. But reports from within the vast, mysterious U. S. S. R. indicate that the Kremlin is ceaselessly promoting its latest interpretation of basic communism, and settling the dialectic squabbles among the faithful.

Right now the dictators of Russian thought are pushing the old Marxian dogma of materialism. During the war they ceased their campaign against religion, partly, one may presume, to please their allies and partly to please and comfort their embattled countrymen.

But now religion, both Christian and Moslem, has again become "the opiate of the people." The clergy once more is attacked as the servant of bourgeois reaction. Communists are being warned that there can be no truce between religion and their Marx-made creed.

Another example of the renewed promotion of materialism is the end of the long argument between the agricultural scientist Lysenko and the more traditional Soviet scientists. The ruling powers have approved Lysenko's contention that there is no such thing as heredity in botany, and that the accepted, demonstrated doctrines of Mendel and Morgan are false. Marx and Lenin said that belief in heredity was ancestor worship that promoted class snobbery. So heredity also had to be banished from the vegetable kingdom.

Godlessness by official edict is not funny. Neither is the perversion of scientific truth for political reasons. Yet it is ridiculous, even amusing, to find such things in a country so ruled by inherited political tradition and so haunted by enforced reverence.

To call Marx's writings the Bible of communism is to credit the Bible with a greater influence on the everyday government of men than it probably has ever exerted. The word of Marx, and of Lenin his apostle, is law. It may be open to some differences of interpretation. But the truth of the word can never be questioned. It is a hereditary body of thought which, in the hands of the self-anointed, rules the lives and actions of some 200,000,000 people.

Russia's rulers clearly believe that while religion may be the opiate of the people, worship is all right. The preserved body of Lenin is exhibited like a holy relic. The face of Premier Stalin is displayed at public gatherings in enormous reproductions that are a staggering example of bad taste.

The Bolsheviks are wise enough to recognize man's urge and need to worship. But the objects they provide for worship—the embalmed remains of one mortal man and the aging presence of another—are not likely to fill that need. They must also find it hard to establish belief in materialism as a religious principle when that materialism in 30 years has brought the Russians so few comforts.

The Soviet leaders are still trying to recreate the Russians' spiritual life by a formula that contains no real faith and little real logic. That is a contradiction which does not give promise of solving itself very easily.

THE DISSAVERS

The federal reserve board, an august federal institution, was established in 1913. Until his death Carter Glass insisted it was his brainchild.

The federal reserve board has multifarious duties, more or less esoteric, in the fields of banking and finance. So great are these duties that it requires three solid pages of fine type in the Congressional Directory even to mention them. Diligent search fails to reveal, however, that coinage is one of them, especially the coinage of words.

Preparing to issue new consumer credit controls as one means of curbing inflation, the federal reserve board comes up with a new word—"dissaver." It is not in Webster.

In Webster there are 15 definitions of the word "save," of which definition nine reads: "To keep from being spent, wasted or lost." The opposites of "save" are numerous. For example: Consume, disperse, spent, exhaust, drain, impoverish and squander.

But those are harsh, frank, even brutal words. So the federal reserve board invents "dissave." The board is proud of the word and it sanctions the practice. A "dissaver," according to the board, is a person who spends more than he takes in. Does this violation of the principles of thrift alarm the federal reserve board? Far from it. Reports the board:

"The ability to dissave presumes a certain degree of financial well-being, because to spend more than one's income a person must either have sufficient income or collateral to be acceptable risk for credits, or have past savings to draw upon."

The board, with obvious pride, announces that in 1947, 13,500,000 American families, or one out of four, were "dissavers." That's progress. All that talk about unbalanced budgets on the federal scene was just so much nonsense. The government just was dissaving.

So, children, crack open your little banks, shove the pennies and dimes into your pockets and start dissaving. You will thus do your part to keep inflation going. In the back of Webster, of course, there will be found the word "reckoning," but the federal reserve board will doubtless invent a sweet opposite for that, when it gets around to it.

Women's organizations have at hand a ready weapon which they have not yet used to its full capacity—the power of the consumer.—President Truman.

One of the best offerings, to date, in the "Joe Palooka" series . . . BEST PERFORMANCE: Fredric March in "An Act of Murder."

At this late date there's nothing I can add to the many tributes which have been paid to Babe Ruth. But there is something the movie industry could do which—I'm sure—would have pleased the Bambino more than all the words of praise written about him. Here in Hollywood there are three old movies in which Babe Ruth appeared, some of them showing him in action right at the peak of his fabulous career. Why not re-issue those old films and donate the proceeds to the one cause that always was closest to the Babe's heart—the cause of America's underpriviledged kids?

The decision of Lili Palmer and Rex Harrison to auction off all the furnishings of their Beverly Hills home has revived divorce rumors that were prevalent during th investigation of Carole Landis' suicide. Without exception, columnists have made the most of every opportunity to sympathize with Miss Palmer, and to compliment her on being such a lowal wife. Certainly no one can deny that she deserves a lot of credit for her dignified behavior during what must have been one of the most trying ordeals of her life. But I'm wondering if all the words of praise for her aren't, in reality, merely bitter reminders of something she'd like to forget.

By now, it's hardly a secret that "Arch of Triumph," one of the most ambitious films attempted in recent years, is a severe financial disappointment to its producers. But the disappointment, it seems to me, can be worth millions to them in the future if they benefit by the lesson that it offers. Off-hand, I can't think of a better demonstration of the fallacy inherent in the time-honored Hollywood belief that big star names can guarantee the box-office success of a movie. In all screen history, I doubt that any star has enjoyed greater popularity than Ingrid Bergman has right now. Certainly Charles Boyer is a top-notch box-office attraction. The poor business done by "Arch of Triumph" is merely proof of something I've long believed—that the star is no better than the vehicle when once John and Jane Public develop the wit to start shopping for entertainment. And "Arch of Triumph," as a screen story, is deplorably below par.

RECOVERY PROGRAM AND HIGH PRICES

When the Marshall Plan was up for pasage by congress, the American people were perhaps frightened into approving it because they were told by their leaders that it was absoluteiy necessary in order to preserve democracy in the world and in order to prevent a third World War.

Now, this is not a discussion of whether we should have entered upon this plan. We have entered upon it and are committed to it. This is a discussion of another statement made at that same time—when the American people were glibly told that the plan could be supported without disturbing our economy in this country.

This latter statement was false upon the face of it, and anyone who gave the matter a second thought realized that fact. It wasn't a question of printing a certain number of billions of dollars and loading them on a ship and sending them to Europe. It was a question of appropriating billions of dollars and going into the market with these dollars and competing with ourselves for material goods already in short supply. There was no way under the sun by which such procedure could have any other effect than to cause higher prices—and approval of the plan of necessity carried with it the willingness on our part to accept a higher cost of living and a corresponding decrease in our standard of living. If this result of the European recovery program was not clearly understood by the American people, it was only because they did not think it through for themselves or because their leaders did not want their attention called to that fact.

It still is perhaps not clearly realized by most of us just how immense a contribution has been rendered by this nation to European recovery since the end of the war and how much additional we are committeed to under the recovery plan. The lowest estimate of the cost of the European recovery program is $17,000,000,000. We are now receiving numerous hints that this is not enough. We had already sent aid to Europe between the close of the war and April 1, 1948 totaling in value $12,850,000,000. This makes the total cost of aid to Europe amount to $29,850,000,000, and this is exclusive of United States commitment to the World Bank of $3,200,000,00 and to the International Monetary Fund of $2,700,000,000.

Just to gain some conception of the amount of this $29,850,000,000 aid to Europe, it might be noted that the total cost of all railroads and equipment in the United States is $27,000,000,000; the total cost of all public utilities plant and equipment is $15,000,000,000; the total cost of all highways in the United States is $30,000,000,000. We are proud, for instance, of our colleges and universities as they have been built up over the years of our history. The $17 billion E. R. P. aid alone is equivalent to nearly six times the value of the entire educational plant and equipment of all American institutions of higher learning. Just think what it would mean to this country to have its colleges and universities increased six-fold!

The comparisons could be carried on indefinitely—but these should be sufficient to impress upon us the fact that expenditures of such enormity over a period of only a few years are bound to have a large part to do with the high cost of living in the United States. It is a true old saying, well tested, that "we can't have our cake and eat it, too"—and since we were determined to have our ERP, we should be perfectly willing to accept a certain amount of HCL to go along with it. This is at least one of the things we should remember these days, when so many of us are prone to complain so bitterly about high prices.

SUNDAY SCHOOL LESSON

By William E. Gilroy, D. D.

Saint Paul in his missionary journeys was subject to many dangers, privations and hardships; but he was fortunate in his friends. (Read Acts 18.)

Wherever he went he made, or found, friendly Christian converts and hospitable homes. Moreover, he seems to have been not only a welcome guest, but one easy to entertain; for wherever it was possible he worked at his tent-making craft.

Paul was strong for the doctrine that if a man didn't work he had no right to eat. There were apparently among the early Christians some loafers who took the doctrine of love and brotherhood to mean that the more industrious Christians ought to take care of them. Upon these Paul came down in no uncertain way. It was the Christian way that they should bear one another's burdens, but every man must bear his own burden.

In all such matters Paul set a perfect example. He recognized that all men might not be as resourceful and efficient as himself, and he approved it as an ordinance of God that those who preached the gospel should live by the gospel (1 Corinthians 9:14). But he took pride in the fact that he was able to support himself.

This probably was easy when he stayed in Corinth with the Christian people, Aquila and Priscilla, for like himself they were tent-makers, and in that busy Grecian city there was probably plenty of sale for their product. There was an early Christian tradition to the effect that Priscilla was a Roman lady of some prominence, but Aquila was a Jew, and they had had to leave Rome because of a decree of the Emperor Claudius expelling the Jews from that imperial city.

The fact that the couple are referred to more often as Priscilla and Acquilla, than as Aquila and Priscilla, would seem to suggest that the wife was the more forceful of the two. Chrysostom, one of the fathers of the early church, says that it was Priscilla who gave the instruction to Apollos in the Christian way (Acts 18:24-28.)

This was at Ephesus, to which city the couple accompanied St. Paul when he left Corinth, after a stay of a year and a half with them.

Undoubtedly this Christian couple in entertaining Paul received a great deal more than they gave. To have in their home, and to work day by day with such a well-informed and noble Christian, must have been a very rich experience.

But these friends at Corinth were only two of the many friends of Paul, and of those who welcomed him into their homes. Scattered through the Epistles are many references to the hospitality he received, and these references always reveal Paul as a grateful guest. As he laid great stress on thankfulness toward God, Paul never failed in thankfulness toward man. It is something to be a grateful guest as well as to be a gracious host.

These Days

By George E. Sokolsky

HARLEM

Even we who live in New York know little about Harlem. We do not go there. Our children are warned against that place. Of course, that means discrimination against a vast section of New York City and all its inhabitants. Just as when I was a small boy on the east side, we were warned not to go to Chinatown. We were told that the Chinese kidnaped children and ate rats. That was discrimination, too.

I have just been reading a book about our town called "New York: Confidential," by Jack Lait and Lee Mortimer, two newspapermen who get around. I thought I knew New York but maybe I am growing old. I recall that once Robert Moses, our municipal genius, accused some editors of knowing so little about this city that all they ever saw was the mid-town, which by and large is the dullest part of the city.

What interested me most about Lait and Mortimer's book is their chapter on Harlem, an area containing 650,000 persons who, according to the authors "* * * are truly displaced persons—held in a concentration camp surrounded by the barbed-wire fence of ironclad prejudice. But they attend free schools. They go to the polls. Therefore, maneuvered by slick politicians, white and black, they have become an enormous power. But little of this power is used for their benefit."

It was Fiorello LaGuardia who realized what could be done with the votes of frightened and resentful people. He and Vito Marcantonio built themselves a vast political power out of the Harlem Negroes, a power which LaGuardia held to his death and which has now passed on to Marcantonio, who runs the American Labor party, which is the New York arm of Stalinist policy.

Let Lait and Mortimer describe this condition:

"* * * The unfortunate Negroes, who had been cuffed and confined so long, were suddenly silk-gloved and pampered, made virtually immune from the police and the law. In this tight little empire ruled by the LaGuardia-Marcantonio axis, everything want, short of, and sometimes including, murder in the first degree.

"Harlem, which had once been notoriously frustrated, now sprang into a peculiarly previleged status in reference to the city's laws. * * *

"* * * the Negroes * * * got practically nothing tangible from their new protectors. The bad physical conditions remained, the conspiracy of prejudice which imprisoned them remained. But their emotional release and mounting anger against their wrongs grew. That crime and immorality under these bizarre conditions should increase was inevitable."

I could, with justice, devote this space to quotations from this well-informed, if sizzlingly written book. Harlem was, in my teens, one of the pleasantest parts of New York north of Central Park which we used as our playground. The avenues were broad and tree-lined; the streets were clean. It was an area of private brownstone houses, occupied by middle-class families of means, but not enough means to live on Fifth avenue or Riverside drive, which were then the hoity-toity places. We, newcomers to this district, were pushing upon the heels of these up-towners.

Nothing has been done for the area since my boyhood. When I pass through it these days, by taxi, I see the same buildings, now dilapidated, dirty, overcrowded. Lait and Mortimer say of this:

"There has been practically no new housing built there in decades. The crumbling firetraps, almost all of them still owned by whites, and many by millionaires, have seen little improvement in provisions for sanitation, much less for human comfort. But per room, the rents exacted often equal many in the luxury edifices of gilded Park avenue."

Well, as a New Yorker, I am ashamed of Harlem and I am ashamed of all those so-called liberals who make such a noise about share-croppers but do nothing about their own backyard. I am even more ashamed of the area where the Puerto Ricans live, which is the most desolate of this great city. Speeches by politicians cannot be an answer to decent living conditions. I have never, anywhere in the United States, witnessed such horrible living conditions. Yet we talk.

What Others Say
Editors' Roundtable

LOMAKIN'S EXPULSION

Many editors fear that the incident of the fugitive Russian school teachers, resulting in America's expulsion of Soviet Consul General Lomakin, may seriously increase Russo-American tension. And, oppositely, some feel that America's firmness—and diplomacy in concentrating her fire on Lomakin as a possible scapegoat for his superiors—might impress Russia and help somewhat to clear the atmosphere. Majority opinion, however, is that basic Russo-American differences will not be materially affected.

Wilmington (Del.) Journal (Ind.): "Considering the new tension which its action is certain to create the American state department must have been extremely reluctant to take the unusual, though not unprecedented, step of demanding the recall of Soviet Consul General Lomakin. But in all self-respect it could have done no less. In the case involving the 'fugitive school teachers' (Mrs. Kasenkina and Mr. and Mrs. Samarin) the state department found Mr. Lomakin guilty of 'gross abuse' of his consular authority . . ."

Syracuse (N. Y.) Herald-Journal (Ind.): "Lomakin's worst offense was his cooked up accusation that the United States was preventing Mrs. Kasenkina from returing home. That was a deliberate lie and he knew it was a lie. It was he himself who was doing the holding, not the United States government."

Buffalo (N. Y.) Courier-Express (Ind.): "The formal state department note rejected all Soviet charges about the alleged kidnaping of the three Russian teachers who don't want to go back to Russia, but it asserted that the charges were based on misinformation—misinformation provided by Mr. Lomakin . . . Foreign Minister Molotov and Ambassador Panyushkin now have the clear opportunity of getting out from under the somewhat embarrassing position they occupy by putting the blame entirely upon Mr. Lomakin. If they take this 'out,' the atmosphere internationally is likely to be considerably clearer . . ."

Nashville (Tenn.) Banner (Ind.): "America is facing today the fact that a grim danger was invited when diplomatic ties were renegotiated with the Soviet 15 years ago. . . . Admittedly the relationship is on the thinnest ice encountred in these 15 years . . . The Soviet is going to be mighty unhappy by this calling of its hand. But so be it. Diplomatic ties can exist safely only on a sounder basis of principle. . . ."

Akron (Ohio) Beacon Journal (Ind): "It is unfortunate, perhaps, that this controversy should occur at a time when America is trying to promote a better understanding with Russia. In the long run, however, it may prove to do more good than harm. Salin and his cohorts have been given a convincing demonstration that the United States will tolerate no foolishness. They have been shown that Americans value principle more than expediency."

New York Herald Tribune (Ind.-Rep.): "It is unlikely that the episode will have much effect on the negotiations over Germany. Whatever else the masters of the Kremlin may be, they are not sentimentalists, and their basic policies are not made or altered by 'incidents.' Mr. Lomakin's dismissal will scarcely affect the underlying tides of Soviet-American relations, but it will show that the United States can also be firm and effective in the 'psychological war' which has been forced upon us."

Dayton (Ohio) Daily News (Ind.-Dem): "Our Uncle Sam is a patient chap. His patience properly ended when this last abuse of his hospitality occurred. The Russian government, meanwhile, will not think less of him for the kick he has administered. There seems to be no manner of words they can understand or act upon. The meaning of a kick is clear even to them—the one kind of communication that seems to count with the totalitarians."

Dallas (Texas) Morning News (Ind.-Dem.): "Moscow could not afford to let the facts get home to Russia. It is this that makes the whole incident as dangerous as it is. The Soviet has been touched on a tender spot—the fidelity of its own to intolerate methods and unwelcome conditions. The Soviet may be willing to go far indeed to preserve face at home . . . The comparatively small incident . . . sets under way a vast mechanism that affects the starving Germans in Berlin, the shipping on the Danube, the workers in the satellite states. It may be the match to the powder train of world conflict."

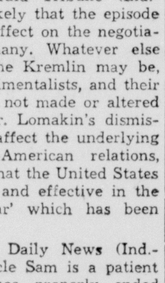
Pitching Horseshoes

By Billy Rose

Mr. George A. Sloan, Chairman,
Metropolitan Opera Assn.,
147 West 39th Street,
New York, N. Y.
Dear Mr. Sloan:

On August 6, I sent you a letter in which I offered to run the opera for a year and guarantee it against deficit. On August 10, I received your reply. It was gracious and well-written, but one sentence stuck out like a chunk of glass in a box of talcum powder. "In fairness to Mr. Edward Johnson and his associates," you said, "let me assure you that our current problem is not one of management."



Billy Rose

Well, Mr. Sloan, if the Met's problem isn't one of management, what in the name of Giuseppe Verdi is it? Labor demands? I can't buy that. The legit theater does business with the same unions, but nobody has threatened to shut up shop. Lack of public interest? Hardly. According to your own figures, the Met has played to 97 per cent of capacity for four years, and last year 85 per cent of your tickets were subscribed for before the season began.

What, then, is the bottleneck? Let me whisper it to you. In spite of what you and your board say, it is management. Not crooked management nor bad management, but uninspired, unenlightened and unrealistic management.

Am I suggesting that you fire Mr. Johnson? Perish the thought! There's a lot of operatic know-how packed away in that well-shaped head, and if he's used only as artistic director, he's well worth his keep. But the mess of red ink on your books ought to tell you that Eddie is badly miscast as bossman of a set-up which features 600 Tallulah Bankheads and a dozen John L. Lewises.

While we're on the subject of personnel, Mr. Sloan, it might not be a bad idea to screw a jeweler's glass into your eye and take a gander at the rest of the payroll. In an organization as old and creaky as the Met, there figure to be several barnacle salaries paid to old hands who no longer produce. Now, I have nothing against sentimental payoffs if an organization can afford them. But taking you at your own word, the Met can't, and I think it's more important for 8,000,000 people to have an opera house than it is for the board of directors to play Auld Lang Syne.

In my opinion, salary savings in the front office and elsewhere should amount to 20 per cent of the $220,000 you lost last year. Now, let's pick up a fresh pencil and see if we can't whittle down the remaining 80 per cent.

As I see it, your immediate problem is breaking even during the season of '48-'49.

Well, if you're willing to keep your mind and ears open for a few hundred words, I think I can show you how the Met can save itself $100,000 next season—perhaps even more. But I must warn you that the notion is so simple that it's a cinch to be greeted with screams and derision.

Check carefully, Mr. Sloan, and you'll find that the cost of striking a production, setting it on the sidewalks of Seventh avenue (where it's often rained on), carting it to the warehouse, and then bringing it back a few weeks later and putting it up again, is close to $4,000.

Why, then, wouldn't it be smart to present two operas a week instead of five or six? Instead of treating the biggest city in the world as a one-night stand, why not play "Carmen" the first half of the week and, let's say, "Der Rosenkavalier" the second half? And ditto the rest of the operas in next season's repertory.

The unions representing your employes assure me that this plan would cut down rehearsal expenses, and would make for smoother and more expert performances. And one of your own boxoffice boys tells me it would in no way inconvenience your subscribers or the general public.

Is this practical from the standpoint of the singer? Several of your singers tell me it is. Last year "La Traviata" was performed seven times with four different Violettas, not to mention four Alfredos; "Manon" with four Manon Lescauts, and "La Boheme" with four Rudolfos and four Mimis. "Tannhauser" was performed on November 13, December 1 and 27, January 30, February 13 and 27, and March 6 and 12. Instead of this traditional but uneconomic schedule, this opera could be presented four consecutive nights in December and four more in February. And it should not be difficult with five Tannhausers, five Wolframs and five Venuses on your pay roll.

According to my pencil scribbles, this consecutive performance policy would eliminate at least 50 per cent of the deficit. But that would still leave you $60,000 in the red, and if you're allergic to red ink, I think you might do well to consider the advisability of cutting down the number of operas in the Met's repertory until such time as you are in the black again. I'm not suggesting this as a permanent policy. A season of 29 works is more exciting than one of 19, but I'm sure the town would rather have 19 operas than none at all.

There's another fundamental axiom of show business that the Met management continues to overlook—a dark house doesn't make money. For several years now, there's been a shortage of theaters in New York. But while every theater owner has been cashing in on this, the Met has been closed a good part of each year. This, in my book, is plain stupid. Why not open the opera house during its off-season to operettas such as "Porgy and Bess," "Carousel," "Show Boat" and "Oklahoma?" Or popular concerts at popular prices?

No, Mr. Sloan, I can't go along with the statement that your current problem is not one of management. It's nothing else but.

A certain showman recently told me that he couldn't understand why a monopoly like the Met should ever lose money. A few years ago this fellow got $75,000 from a movie company for letting it use the name of his cabaret.

Can you imagine what he would have gotten for the real Diamond Horseshoe?

Sincerely,
BILLY ROSE.

IMPROVEMENTS IN SCHOOL ARE URGED

FERRIDAY, La., Aug. 28.—(Special)—Recommendations for the improvement of school facilities at the Shaw school have been sent from the Louisiana state department of education, J. S. Burris, parish superintendent has announced.

Three members of the state department were in Shaw last Friday investigating the school facilities there. They were J. E. Williams, committee chairman, who is director of teacher education and certification; C. E. Holley, assistant supervisor of school plants and Curtis Jacobs, supervisor of farm shops.

BIBLE THOUGHTS

Let us walk honestly, as in the day; not in rioting and drunkenness, not in chambering and wantonness, not in strife and envying.—Romans 13:13.

Be good, my child, and let who will be clever;
Do noble deeds, not dream them all day long;
And so make life, death, and that vast forever
One grand, sweet song.

NEW FIRES ARE FOUND IN WILLEY RESIDENCE

MACOMB, Ill., Aug. 28.—(AP)—The Charles Willey family, burned out of house and home recently by mysterious fires, has encountered new blazes in their new quarters.

Members of the family disagreed as to the number of fires they say have popped up in the five room cottage where they now live.

Mrs. Willey said she found the shelf paper in her kitchen cupboard blazing while she canned tomatoes today.

She told John Burgard, assistant state fire marshal, that she went for water to extinguish the fire, but it burned itself out.

Mr. and Mrs. Willey, her brother, Arthur McNeil, and McNeil's two children, Richard, 8, and Juanette, 12, moved into their new home after their original house was destroyed.

State fire officials still are investigating the 200 or so fires reported by the Willeys in buildings at the farm where they formerly lived. No official conclusions have been reached.

Burgard said that Richard McNeil told him that he had seen at least two fires in the new home, and that Willey said there have been more than one.

FIELDING WRIGHT TO VISIT STATE

States' Rights Candidate For Vice-President To Speak At Tallulah Carnival

JACKSON, Miss., Aug. 28.—(Special)—States' rights Democratic vice-presidential candidate, Fielding L. Wright, has accepted an invitation to speak at the Deep South Cotton Carnival at Tallulah, La., on September 17.

Expressing pleasure over the opportunity to report on the progress made in recent weeks by states' righters, Mississippi's chief executive notified J. W. Love, chairman of the arrangements committee of the cotton carnival, that he would speak at 11 a. m. on September 17.

Several thousand persons are expected to hear the states' rights vice-presidential candidate.

Love, in replying to Governor Wright said, "the people of Louisiana and neighboring states are anxious to hear you outline the objectives of the states' rights Democrats. I assure you that a receptive and enthusiastic audience will be on hand."

The cotton carnival, an annual affair, has as its highlight a "cotton picking contest." Lured by prizes totaling $750.00, the event attracts some of the nation's leading cotton pickers.

In addition, a "Deep South Cotton Queen" will be selected. The winner will be sponsored in the Maid of Cotton contest in Memphis.

'CONGRESS' HITS U.S. WAR SEEKERS

'Intellectuals' Blaze Away At 'Self-Centered' Groups In America, Europe

WROCLAW, Poland, Aug. 28.—(AP)—The predominantly leftist world congress of intellectuals condemned tonight what it described as a "handful of self-interested people in America and Europe" who are seeking war.

The congress called for the establishment of peace committees throughout the world to avert a new conflict.

Long hours of wrangling behind closed doors between representatives of the Soviet Union and her friends on the one hand and delegates from the United States and Britain on the other were reported to have preceded the issuance of the manifesto.

Nine of the 32 persons in the United States delegation refused to sign the manifesto or to vote. They were joined by seven persons out of the British group of 42. With only a few scattered exceptions, the remainder of the 500 delegates from 33 nations backed up the Soviet Union's shouts of approval.

The bitterness of the discussion on the manifesto was evidenced by the comments of the Russian writer, Ilya Ehrenburg, to newsmen. He described several unnamed Americans and Britons as "imbeciles" and "idiots."

The manifesto said the intellectuals of the world demand the "free cultural development of nations" and desire "national independence and close friendship."

To carry out a world-wide peace propaganda campaign, the manifesto proposed: "That national cultural congresses for peace be convened in all the countries. That national committees for peace be formed everywhere. That international ties between men of culture of all countries be strengthened in the interests of peace."

Thirty-five thousand Polish workers and students, carrying red banners denouncing "Wall Street imperialism," gathered at the University of Wroclaw to cheer the manifesto.

The manifesto denounced all restrictions on the free circulation of books and culture and urged the promotion of scientific research. It cited the tremendous cultural and human losses in the last war and declared:

"Now against the will and desires of the people of all countries, a handful of self-interested people in America and Europe who have inherited Fascist ideas of racial superiority and the denial of progress, who have adopted the Fascist method of solving all problems by force of arms, are once again making an attempt against the spiritual treasures of the world."

The first chairs were symbols of authority and hence usually were, in effect, thrones.

FALL RODEO WILL START ON SEPT. 6

New And Old Talent Will Be Presented At West Monroe Arena On Labor Day

The North Louisiana Rodeo Association will open its annual fall championship rodeo Monday, September 6, with a colorful parade down Monroe streets starting at 11 a. m. First contests for the seven-day affair will get under way at the West Monroe arena at 8 p. m. the same night.

Some of the best talent available in the rodeo world has been brought to the Twin Cities affair this year by the association. With the perennial Homer Todd furnishing the wild stock for roping and riding, spectators can expect one of the best all-round shows in many years.

Music to enliven intermissions will be furnished in true western style by the band of Johnnie Lee Wills, brother of Bob Wills. Wills is a promoter of the Tulsa, Oklahoma Stampede Rodeo, a yearly Mecca for artists of the rough-and-ready bronc set.

Back to pull hearty laughs from customers on the tragi-comical side will be the two bull fighters, Ike Tacker and Ken Bowen. These two experts of the barrel-dodger and flag-waving actually flirt with death while teasing the big Brahma bulls into fits of rage. Bowen will be accompanied this year by the original "Old Gray Mare" pride of a long line of educated horses owned by Bowen.

Performing in the ring also will be the Boom Town Mounted Square Dancers, giving fans a striking picture of perfect timing and coordination with over 18 horses dancing in the arena at the same time.

Two lovely sisters from Independence, Mo., have been added to the star-studded cast for the fall show. Lola and Lena White, trick ropers and riders, have been placed high in the program.

As an added attraction, Haze Gentry, president of the association, has brought the Liberty act to the rodeo. Commonly seen only with the highly specialized circuses, the act consists of one man directing eight riderless horses about the arena, aided only by whip and his shouts.

The "big Indian" of all rodeos, George Elliott, favorite with the crowds, will be present from Muskogee, Okla., to handle the announcing in his own style.

Gentry has announced that all horses participating in the parade, slated to start at Jack's bus station in West Monroe, will be furnished stalls. As many horses as fans can provide will be kept over for the nightly grand entrance event. A standing invitation has been issued to every horse owner in north Louisiana to add his pet to the big parade line. The final show has been set for 3 p. m., Sunday, Sept. 12.

Advance sale of tickets has started in the Bastrop Drug store, Bastrop, and in Lofton's Drug store in Winnsboro. Reserved ticket sale will begin in those stores Monday.

BROTHERS NAMED IN CHARGES OF ASSAULT

Monroe brothers, L. A. West and D. E. West, both automobile dealers, were arrested by sheriff's deputies Saturday and released under $250 bonds after warrants were sworn out by R. J. Womack charging the brothers with battery and assault.

L. A. West, according to Womack's statement, attempted to force him to sign an $1,800 note Friday afternoon for a cash payment on a house Womack purchased from West.

A heated argument resulted in a fight in which L. A. West was charged with committing a simple battery and D. E. West was charged with assault on Womack with a dangerous weapon, to wit a rifle.

In The Air — Over Monroe

By Margaret Gambrell

Louisiana will be placed high in the nation in airport development within the next couple years.

The federal funds for airport development in Louisiana has been raised to $1,357,123 for the next two years, according to the state department of public works recent report.

Director J. Lester White said some $404,000 of the total allocation has already been dedicated to specific projects and tentative committments have been made for the remainder.

Still more federal aid of this sort is expected before completion of a five-year program, White added.

The federal grant, White said, may be used to pay one quarter of land purchases and up to one half of the airport construction work.

MONROE AIRPARK NEWS

The Airpark's first new student since July enrolled this past week and is Henry Haas, Jr., of the Flower Shop, who will use his flying to travel in conjunction with his business.

A second new student, Dr. A. B. Gregory, Jr., who recently moved to Monroe from Winnsboro and is connected with the Charity Hospital here, was also welcomed to the flying school this week.

Student flier Morris Blumenthal made his first cross country dual this week and will make his first solo cross country in the next few days.

John E. Garland, of Rayville, completed a long cross country flight to Trenton, N. J., during the week. He left Monday morning and returned Thursday afternoon. This trip was made in a Cessna 120. According to Garland, the trip was uneventful except for the experience of visiting some of the largest and most modern airports in the country.

Sgt. H. L. Demaree, of Selman Field, made a cross country trip to Enid, Okla., to visit relatives. He spent the night there and returned the next day.

SUNBIRD'S ACTIVITIES

Five students from the seaplane school made cross country flights this week, most of which were to New Orleans where a complete seaplane base in the industrial canal at New Orleans makes this a very inviting cross country trip. Future pilots who made cross countries in local seaplanes were Phillip Wood, Gus Bernheim, Louis Brister, L. L. Rosedale and Joe Swinney.

Wayne Sheffield enrolled as a new student for a commercial pilot's course at Sunbird this week and was given a nod of approval by the veterans administration. Sheffield plans to get a commercial ticket and make aviation his career.

The new instrument course at the local school got under way this week and six veterans were approved by the V. A. for the course.

Mr. Kempf and Mr. Frazier, both of the Shreveport office of Civil Aeronautics Administration, spent Wednesday at Sunbird. Both took their first night seaplane ride and expressed much pleasure over their rides.

Mr. Willard W. Smith, of New Orleans, flew in Monday in his seaplane and stayed until Friday.

M. J. "Mike" Varino took an instructor's check ride Wednesday and will soon be the proud owner of an instructor's rating.

EVENTS AT SERVICE AVIATION

Mr. Bufkin Fairchild, an Eastern Airline Captain, flew one of his dusters here from Florida for storage this week and was flown to Memphis in an Ercoupe by Ellis Dowdy.

Harold Hagle, former airport operator in Minden, is becoming associated with Service Aviation at Selman Field.

"Red" Endomn, of Jackson, Miss., stopped over in Monroe Thursday morning on business and for refueling of his plane.

L. O Brice, of Delhi, brought his plane over to have some fabric work done after he was caught in a hail storm recently.

Ellis Dowdy, manager of Service Aviation, made business trips to Delhi and Memphis this past week.

CRASH IN NUDIST COLONY

Pilot John K. Lepper, of Parryville, Pa., won't forget the first crash-landing of his private airplane Saturday—and he won't forget the incident.

The pilot was helped from his disabled craft by a willing group of rescuers. He was unhurt but blushing.

Lepper had landed in the midst of the Sunny Rest Lodge—a nudist colony.

FREEMAN RITES ARE SET 3 P. M. TODAY

Funeral services for Air Cadet J. E. Freeman, Jr., who was killed in a plane crash on Superstition Mountain in Arizona Wednesday, will be held at 3 p. m. today at the Chapel of the Hixon Brothers' Funeral Home. Rev. C. S. Cadwallader, Jr., will officiate. Interment will follow in the Memorial Park Cemetery.

The body arrived yesterday afternoon at 6:30 o'clock and was taken to the Hixson Chapel where it will remain until tomorrow.

Military rites will be held at the grave.

Pallbearers will be J. M. Busby, Jr., Van Clark, Pete Peevy, Vernon Brock, Arthur Carroll and Julian Harren. Honorary pallbearers will be friends of the family.

RATTLER IS KILLED BY MONROE WOMAN

During yesterday's mid-afternoon, Mrs. L. C. Armstrong was the killer of a two-foot rattlesnake which was discovered by her dog, Boots, under her house at 203 Pecan street.

Mrs. Armstrong said her dog started a furious series of barks and after the barking continued for sometime, she investigated to find the dog had bayed a snake far under the house.

She ran the snake from under the house by using a fishing pole and with the use of a garden hoe, she killed the velvet black rattler at the edge of the house from where it made an attempt to cross the yard.

YOUTH IS INJURED IN BIKE ACCIDENT

Eighteen-year-old Milton Parker received minor bruises and lacerations late yesterday afternoon when he lost control of his motor-bike and overturned when he dodged a child who was crossing the street ahead of him.

Parker was taken to the St. Frances sanitarium shortly after the accident by a Mulhearn ambulance. Hospital attendants reported his condition as not serious although he suffered a bruises above the right eye and numerous other lacerations.

The accident occurred at the intersection of Wilon and Sixth streets.

FLOSSY JONES HELD.

Flossy Jones, 45, Luna Star Route, West Monroe, charged with operating a motor vehicle while under the influence of intoxicating beverages, was arrested by West Monroe police yesterday afternoon and is being held in the city jail, West Monroe police stated last night.

Young men enlisting in the United States army for the first time start at $75.00 per month, which the army estimates to be the equivalent of $3,448.42 a year in civilian life—enlist today and draw that high pay!

PUBLIC FORUM

EXPLAINS SITUATION

Tallulah, La.
August 27, 1948

TO THE EDITOR:

While I am not a candidate for re-election as a member of the Louisiana public service commission from the Third public service commission district of Louisiana, it has come to my attention that one of the current candidates for the office has made and is making, through public statements, newspaper advertisements, etc., representations with respect to butane gas operations that are very misleading and which I cannot allow to go unchallenged.

Through such statements this candidate would lead the public to believe that as a member of the public service commission he would bring about a reduction in the existing prices being charged for butane gas. He would imply that the public service commission has some responsibility as to this matter and that it has been negligent in its duties in not heretofore reducing butane gas prices.

How any intelligent fair-minded man would attempt to leave such impressions is beyond my comprehension, when the truth of the matter is that the public service commission has no jurisdiction or responsibility with respect to butane gas whatever.

Under Act. No. 99 of the regular session of our state legislature for 1942, as amended by Act. No. 292 of the regular session of 1944, butane gas operations are placed under the jurisdiction of the Louisiana liquefied petroleum gas commission, and NOT the Louisiana public service commission.

However, in fairness to the liquefied petroleum gas commission, I desire to say that it is not my understanding or appreciation of the law that that commission is given any right or authority to fix the prices of butane gas. An examination of the acts creating the liquefied petroleum gas commission, I am sure, will verify the correctness of this opinion.

Under such acts that commission is only authorized to regulate, from a safety standpoint, the installation, containers, equipment and appurtenances used in the storage, handling, transportation, utilization and dispensing of butane gas; to issue inspection certificates covering such equipment; to require bonds of the operators to insure that their regulations are observed, and to issue permits for such operations.

I know of no state agency which is presently authorized to fix butane gas prices; and the candidate to whom I refer, being a lawyer, should be aware of these facts.

When Juliana becomes queen, 10-year-old Princess Beatrix, the elder child, takes the title of "daughter of the queen and presumptive heir to the throne," under Dutch constitutional customs. The Dowager Queen Wilhelmina takes the title of Princess of the Netherlands, rather than queen mother, and Bernhard is Prince of the Netherlands, instead of prince consort.

75 to 93 cents. Bacon sells up to 81 cents a pound and a price ceiling of 74 cents a pound was reimposed recently on butter—which is a scarce item.

Controls have been clamped also on the price of bread, which jumped from 10 to 13 cents a loaf. A special parliamentary committee is studying the whole problem of the upward sweep of prices in the hope of breaking the trend.

The rising cost of living is perhaps the hottest political issue of the day. If it continues to rise at the present rate the liberal government of Prime Minister William Lyon MacKenzie King and his chosen successor, Louis Stephen St. Laurent, might easily be unseated.

Prime Minister MacKenzie King's liberal party now has a bare working majority of only 124 of the total 245 seats. Many key men within his party have been urging that something be done to ease the burden of the Canadian consumer.

Parliament will be called into session probably in December or January. If members of the opposition parties band together with a few malcontent liberals over the price situation, a vote of no confidence in the government might force a quick election.

Many observers are predicting the liberals will be unable to get a clear majority at the next general balloting, which normally would not be held until late in 1949 or early in 1950.

MacKenzie King's government has repeatedly said it does not intend to return to a policy of general price control. However at the Aug. 5-7 liberal party convention there were several occasions when rebellious party members seized microphones or caucus floors to kick about high prices. It was at this convention that St. Laurent was named party leader and heir apparent to the prime minister, who plans to retire toward the end of this year.

Actually there are many who think the Canadian government may shortly be forced to recontrol more and more basic commodities. Certainly it is expected to continue household rent controls which normally would disappear next spring.

There have been hints that the government will relax—as it has already started to do in a few cases—some of the restrictions against imports from the United States. These were imposed last autumn to protect this country's United States dollar reserves.

The ban on such things as automobiles, washing machines, fresh fruits and vegetables sent prices on these items soaring.

In addition a 25 per cent special excise tax was imposed to cut down consumption of articles made mainly of United States materials. This has already been relaxed in concession to the price situation.

Recent jumps in the price of meat are attributed mainly to the end of Canada's embargo against shipping beef cattle to the U. S.

American buying here has been limited due to the poor quality of Canadian beef, but that hasn't prevented domestic prices from surging upward.

But beef is only one factor in the living costs in Canada, where a package of cigarettes cost 35 cents, a $4 value men's shirt costs $7, and a radio you can buy in the United States for $79.50 sells here for $129.50.

occurs, the storm "no longer is a threat to Florida."

While a slowing of its forward pace indicated a possible change of course, forecasters voiced a preliminary alert for the Georgia-Carolina coasts so that area would not relax its watch over the week.

The special note of caution to the area was not a hurricane warning, but was advice to keep in touch with weather advisories, the bureau stated.

Constant watch is being kept on the storm by hurricane hunters and special radar aircraft. Lt. Comdr. Charles Dale of Norfolk observed it from a radar plane last night and described the "beautiful eye."

hour. This was between Cheyenne, Wyo., and Sidney, Neb. The only rough phase was encountered in an area of thundershowers over Nebraska.

The ship came through fuel consumption and long range cruising tests with flying colors. The passengers, Goulding reported, decided it was a "great airplane."

The Mars slid into the lake waters and then taxied to a lagoon. The crew reckoned their times this way: The time from the salt water of the Pacific to the fresh water of the inland lake was 24 hours and two minutes. The time from the mooring in Honolulu to the mooring in Chicago was 24 hours and 13 minutes.

The old distance record for flying boats was bettered by 373 miles. But the mileage was far short of the mark set for the longest non-stop flight for land planes. This is 11,235 miles from Perth, Australia, to Columbus, Ohio. That is beyond the Mars' maximum range of 6,750 miles.

Captain Lang said the plane could carry 300 to 350 men on a short haul.

The new addition to the navy's sky fleet will be christened in the lagoon tomorrow by Mrs. Fred W. Lester of Downers Grove, Ill. Her son, Fred, was a sailor who was killed while trying to carry a wounded Marine to safety on Okinawa.

It will be formally called the Caroline Mars because all Mars-type planes are named for Pacific Island groups.

The Mars will be inspected by visitors to the Cook County fair and others at its berth near the lake shore. It will remain here until Aug. 31. Then it will be flown to Patuxent, Md., and later to Honolulu.

FRESH BLOOD A MUST FOR FREE ENERGY
Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.
Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.
To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.
Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.
Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Mackenzie's Column

By DeWitt Mackenzie
(Associated Press Foreign Affairs Analyst)

Moscow's policy of handling all situations, no matter what their nature, by strong-arm methods is making decidedly bad propaganda for communism abroad.

You would expect them to vary their tactics according to the occasions—but not they! Direct action is the order of the day, and it's applied in all cases without discrimination.

Within the Soviet Union every activity must conform to the Communist party line. For example, if science, medicine, the drama, literature and music are not developed in accordance with that line, there is a purge of the guilty. Apropos of this the Soviet Academy of Sciences yesterday promised to make its views on heredity and environment conform with those of the Red party and pursue a course dedicated to the "victory of communism."

So the government tells the people not only how they must act but how they must think. There is no individual freedom.

In international affairs the same approach is employed. It is a policy which even in diplomacy calls for an attitude that is typical of the schoolyard bully. Let's take a look at some instances:

One of the most striking examples, of course, is the manner in which Russia has ham-strung the activities of the United Nations in virtually all important matters by use of the veto—that nasty sounding "nyet."

Then we have the sensational Kasenkina case in New York—the employment in free America of Russian secret police tactics by the Soviet consulate in an effort to compel three Soviet schoolteachers to return home to something which so terrified them that they appealed to the mercy of America.

And currently we have a typical case of Bolshevist strong-arm methods in Berlin. Howling Communist mobs have been raiding the Berlin city hall and breaking up meetings of the duly elected, anti-Communist city council. The hall is in the Soviet zone and Russian-controlled police have watched complacently from the sidelines. My colleague, Wes Gallagher, Associated Press chief of bureau in Berlin, interprets this exhibition in part as follows:

"In Moscow Prime Minister Stalin debates the future of this embattled city with the western powers. In Berlin, Soviet-trained Communists are attempting to grab control of the city by physical pressure.

"It is impossible in Berlin to reconcile Soviet-sponsored actions here with any belief the Kremlin expects or wants any satisfactory agreement to come out of the present discussions. The Communists in Berlin * * * are apparently trying to present Moscow with a fait accompli. They are trying to force the elected anti-Communist city government from office, seize control themselves and impose their will on the population.

"If they could succeed—which seems doubtful as long as western occupation forces stand firm—the question of who controls the city's currency, now being debated at Moscow, would be academic."

Strong arm stuff! Scare hades out of 'em! Never any deviation!

The Bolshevists have kept flinging that sort of stuff at the democracies until the latter are fed up with the Red ism. There is nothing the Muscovites could have devised which would have done the cause of communism more harm. They have done democracy a good turn by exposing bolshevism in its true light.

NEWT V. MILLS For CONGRESS

To you I acknowledge a debt of gratitude and thanks for the splendid vote and support you have given me in the years gone by.

Today I take this means to thank you individually for the splendid help and encouragement extended me during this campaign.

I am happy I am possessed with that spirit that I have but one price and that is equal recognition for the great masses of our people who have so often been misrepresented and to hold aloft the banner that inspired George Washington, Thomas Jefferson, Abraham Lincoln and others to protect the rights of a free people.

Thank you for your vote Tuesday, August 31st.

Your friend,

North Louisiana Needs

HARVEY BROYLES

for ACTION in the

Public Service Commission

LAWYER AND WAR VETERAN

Harvey Broyles will see that the Public Service Commission gives you the kind of Action that will result in cheaper utility rates and more modern service.

Unfortunately, the Public Service Commissioner here has been inactive and unproductive for many years. Few people know who he is. Commission hearings are held in Baton Rouge, and the people of North Louisiana do not get a chance to express their views. As a result, rates are increased without you knowing anything about it until you read about it in a newspaper.

Harvey Broyles will see that public hearings will be held in convenient places, so that all citizens will have a chance to express their opinions.

Harvey Broyles proposes to make it possible for the people to get cheap Butane gas in all of the rural sections of North Louisiana. To accomplish this he will fight to get the Butane Gas Commission, which is now controlled by the companies, placed under the Public Service Commission.

Then, as your Public Service Commissioner he can work to reduce the cost of installing and using Butane gas.

He proposes to reduce your telephone rates and to make the telephone companies give adequate and efficient service to all. Today thousands of the people of North Louisiana cannot get telephone service. This not only works a hardship on the people, but is actually dangerous in times of sickness, fire or disaster.

He proposes to see that natural gas, wherever practicable, is made available to country homes and business establishments. Natural gas is produced in practically all sections of North Louisiana. He does not believe that you should be deprived of this wonderful natural resource. He will do everything in his power to see that you get it, and that you get it at a fair price.

He proposes to do everything he can to bring cheap electricity to country families and business houses. He believes that the housewife should have the use of electricity for all the comforts and conveniences of modern life. He wants you to be able to use the washing machine, the vacuum cleaner and the hair-iron. He pledges himself to work with the power companies and the rural Electrification Administration to make these things possible.

Harvey Broyles is a native of North Louisiana. He was born of humble folk in Winn Parish and was raised among the people he loves so well. He knows your problems and wants to help you. If you elect him as your Public Service Commissioner he will be able to stand up for your rights.

Harvey Broyles is a veteran of World War II who knows the value of action. He has seen many of his buddies lose their lives because of lack of co-ordinated action. Consequently, he proposes to give you the action you need for your protection.

IT'S TIME FOR A CHANGE!

To the Voters of Wards 3-10:

During the past sixty days I have talked to almost every voter in Ward 3 and Ward 10, and the reception you good people have given me, and my candidacy, has been nothing short of wonderful.

It has warmed my heart to have been so graciously received by my old and new friends.

Visiting with you in your homes, and discussing my campaign for City Judge with you convinces me beyond doubt that the people of Ward 3 and Ward 10 desire to make a change in the office of City Judge. I shall always be grateful for the kind words that have been said about me, and the many offers of assistance and encouragement which have been made by the good people of Monroe.

If I am honored by being selected as your next City Judge, I will endeavor to make you a good Judge. I will at all times be fair and impartial, and will decide all cases on the merits. I will exercise the utmost discretion, and will lend a sympathetic ear in the proper disposition of all minor infractions of the law. I hold to the adage that all men are innocent until their guilt has bee established beyond all reasonable doubt. This principle of law will be the guiding light in determining the innocence, or guilt, of all who have business before the City Court.

Tuesday is Election Day. The people of our City will speak. I have conducted a most strenuous campaign, and have acquainted the voters with all issues. If you desire that GEORGE FINK be your next City Judge, then please go to the polls and cast your ballot for me. Please call your friends and neighbors, and request that they do likewise.

I wish to thank all of my friends for the many, many hours they have spent working in my behalf.

Most sincerely yours,

GEORGE FINK

HEATH'S HOMER PULLS BRAVES PAST CUBS

BOSTON RETAINS SLIM LEAD OVER RISING DODGERS

Brooklyn Shuts Out Redlegs; Phillies Sweep Two From Pirates

CHICAGO, Aug. 28.—(AP)—Jeff Heath pounded out an inside-the-park homer with two mates on base here today to salvage a 5-4 victory for the Boston Braves over the Chicago Cubs. It was the lone triumph of the four-game series for the league leaders.

Jeff Heath

It took a fielding mishap to win it for the Braves. Hal Jeffcoat was knocked unconscious as he crashed into the center field wall chasing Heath's drive. He collapsed at the base of the wall and "Peanuts" Lowrey raced over from left field to pick up the ball. It gave Heath ample time to circle the bases.

Jeffcoat recovered after a few minutes and retired from the game. However, he wasn't seriously hurt. He left the field under his own power.

The Cubs went into the ninth with a 4-2 lead after raking "Red" Barrett for three runs in the second inning and picking up another in the eighth off Al Lyons when Bob Scheffing doubled and Roy Smalley cracked out his third hit.

Emil Kush, who relieved Russ Meyer in the sixth, pitched hitless ball until Tommy Holmes opened the ninth with his third single. Earl Torgeson walked and Bob Elliott took a third strike for the second out. Heath followed with his smash to center. It was his 16th homer.

WINNSBORO PREPS FOR BOLTON GAME

Nicosia Ends Two Weeks' Drills For Wildcat Gridders

WINNSBORO, La., Aug. 28.—(Special)—The Winnsboro High School Wildcats have completed two weeks' training in preparation for their season opener against Bolton High School at Alexandria on September 10. Practice sessions are being held twice daily from 8:30 until 10:30 o'clock each morning, and from 7 until 9 o'clock in the evening.

Coach John Nicosia is being assisted by Doyle Penton, Northeast Junior College back, in preparing his squad for the coming campaign.

The Winnsboro squad is small this year, with less than 30 candidates trying out for the team. Only seven lettermen are back from the club that was runner-up for the district Class A crown last year.

Several minor injuries have slowed the practice and one blow has already been suffered in the loss for a while of Bobby Stapp who was slated for regular end duty. Stapp turned his ankle in a running drill, breaking the ankle in two places. It is doubtful when he will be able to rejoin the squad.

Co-captains this year will be James Cupit and Kirk Kirkland.

Coach Nicosia announced the Wildcat schedule as follows:

Sept. 10—Bolton at Alexandria.
Sept. 17—Lake Providence there.
Sept. 24—Newellton, there.
Oct. 1—Winnfield, there.
Oct. 8—Rayville, here.
Oct. 15—Ferriday, here.
Oct. 22.—Bastrop, there.
Oct. 29.—Block at Jonesville.
Nov. 5—Neville of Monroe, here.
Nov. 12—Tallulah, here.

TWO NEW YORK PLAYERS INJURED IN CARD BATTLE

ST. LOUIS, Aug. 28.—(AP)—Catcher Bill Livingston and Infielder Bill Rigney were seriously injured in the first game of today's double-header between the New York Giants and the St. Louis Cardinals.

Attendants at St. John's Hospital, where both players were taken, said Livingston would be lost to the Giants for the remainder of the season while Rigney will be out of action about two weeks.

Livingston's left big toe was broken in the fifth inning when he slid into the concrete backstop while trying for a foul ball. Rigney was spiked when Enos Slaughter slid into second base. Rigney's right hand was cut badly between the thumb and forefinger.

MANGRUM TIED WITH DEMARET FOR UTAH TITLE

George Fazio One Stroke Behind Leaders In $12,500 Golf Event

SALT LAKE CITY, Aug. 28.—(AP)—Jimmy Demaret of Ojai, Calif., and Lloyd Mangrum of Chicago were deadlocked for the lead of the $12,500 Utah Open Tournament at the end of 54 holes today with totals of 205.

Demaret held the lead yesterday with a 36-hole total of 135, and Mangrum was tied for second.

While Demaret shot a two-under-par 70 today, Mangrum came in with a three-under-par 69.

Demaret has carded 69-66-70--205. Mangrum's scores at 67-69-69--205.

Georgie Fazio of Conshohocken, Pa., continued his brilliant golf with a 70, which, added to his two previous 68's, gave him a third-place 206. Clayton Heafner of Charlotte, N. C., shot a 67 today for a fourth place 208. His previous rounds were 70-71.

Par for the 6,580 yard Fort Douglas course is 35-37--72.

Trailing Heafner by one stroke were Bob Hamilton, Lanover, Md., Skip Alexander of Lexington, N. C., and John Palmer of Badin, N. C., the defending champion. Leading amateur was Bill Johnston of Ogden, Utah, with 215. He's a former Utah champion.

The final 18 holes will be played tomorrow.

WATERPROOF, ST. JOSEPH VIE FOR DELTA SIX TITLE

FERRIDAY, La., Aug. 28.—(Special)—The Tigers of Waterproof and the Blue Devils of St. Joseph will battle for the Delta 6 League championship.

In the semi-finals Waterproof ran over Ferriday in two straight tilts 18-5 and 5-0. St. Joseph had to go all the way in their series with the Booster Outlaws, after the Booster's copped the first game 6-5. The Blue Devils bounced back in the last inning of the second game 11-7, and gained a smashing victory in the third game 11-3.

The play-offs bring together two teams in what could be termed a "natural." They are evenly matched behind excellent pitching. In league competition the Blue Devils defeated Waterproof, June 22, by a score of 5-3. On July 8, the Blue Devils again took the count 4-2. Waterproof came back, July 27, to gain a clean-cut victory, 4-2. Finally, in the last game of the year, the Blue Devils brought home the bacon, 3-2. All of the games during the season were close.

Sportsmanship has been the big factors in the success of the Delta Six League. The trophy will be given to the team winning three out of five games. The trophy in question is donated by the Josephite Fathers in honor of the parish boys who lost their lives in World War I and II.

Charley Testa is manager of the Waterproof Tigers and Newt Wilds is skipper of the Blue Devils. Both are veteran pilots and the contests should prove close and exciting and should attract many.

BLOCK GUARD OUT WITH BROKEN LEG

Wurster Lost To Bruins Because Of Injury In Baseball Game

JONESVILLE, La., Aug. 28.—(Special)—Already short of manpower, the Block High Bears were given a jolt this week when it was learned that Albert Clarence Wurster, a regular guard, would be out of action the entire 1948 season because of injuries sustained in a baseball game last week.

Wurster, who played shortstop and second base with both the American Legion Juniors and the Jonesville Bruins, a 14-year-old age limit team, was participating in the Bruins' final contest of the season when he attempted to slide into home plate and broke two bones above his left ankle and fractured an ankle bone.

The youngster began last season as student manager of the Block grid squad but talked Coach Frank Bishop into letting him try out for the squad after the first couple of games. Weighing only 135 pounds, he displayed so much spirit and ability that he alternated as a starter at one of the guard posts and earned a letter.

Before Wurster's injuries, Bishop had developed two sets of guards upon whom he was depending for the 1948 campaign. Wurster was to alternate with Burley House, while Jack Fritz and Robert Freeman made up the other set.

The Bears went into the "rough stuff" at mid-week and hope to get in several scrimmage sessions before their opener Sept. 17 with Louisiana Training Institute's Pelicans of Monroe.

Colin Crawford, the Blocksters' candidate for all-state honors in Class S circles, weighed in at 150 pounds and is showing promise of being even a better line charger than in 1947 when he scored 92 points.

TULSA OUTFIELDER HAS BROKEN HAND

TULSA, Okla., Aug. 28.—(AP)—The Tulsa Oilers' Texas League pennant hopes weren't quite so bright today.

Russ Burns, the big Oilers outfielder who leads the league in home runs and runs batted in, suffered a broken bone in his left hand during last night's 14-0 win over the Houston Buffaloes.

Dr. W. A. Dean, club physician, reported there was possibility the break might mend well enough to allow Burns to participate in the playoffs—but the picture was rather gloomy.

X-rays showed that the bone leading from the wrist to the index fingers was broken.

Jim Morris was hurling for the Buffs in the fifth inning when an inside pitch caught Burns on the hand.

Under normal circumstances, a Texas League club can acquire a player now. He wouldn't be eligible, however, for the playoffs.

J. Alvin Gardner, league president, told Oiler President Grayle Howlett by long distance telephone from Dallas that he could recall no precedent in which a club was allowed to replace an injured player, for playoff participation.

It is possible, however, Howlett said, for the Tulsa playoff opponent, to grant consent to acquiring a substitute for Burns.

Second place Tulsa is practically assured a playoff berth.

League officials were not sure whether the question would be placed before a vote of the other clubs.

Burns has socked 26 round-trippers this season and has well over 100 runs batted in.

Lewis Holder, Texas' starting left end in 1948, was responsible for two of the Longhorns' touchdowns in the 1948 Sugar Bowl victory over Alabama. Holder ran back an intercepted pass for one, stole the ball from Harry Gilmer on the 4-yard-line to set up another.

BULLDOGS REPORT TO COACH AILLET NEXT WEDNESDAY

23 Lettermen Expected Back At Ruston School; Season Opens Sept. 18

RUSTON, La., Aug. 28.—(Special)—At least 34 players, including 23 lettermen, all veterans of Louisiana Tech's grid wars, are expected to report to the Bulldog coaching staff for fall training at the college next Wednesday. The fall semester will begin at Tech on September 13 and the Bulldogs will open their season against Howard Payne University at Ruston on September 18.

Among the lettermen expected to appear on the Bulldog roster this fall are Little Joe Rabb, 155-pound sophomore scatback of Ruston; James Bres, 158-pound senior and left halfback of Vicksburg, Miss., and Hollis Jones, 175-pound senior left halfback of Haynesville.

Returning to the Tech lineup this year will be Bobby Aillet, Ruston, who has played with the U. S. Naval Academy for two seasons. Aillet was co-captain of the Tech team in 1945. He is a fullback and weighs 174 pounds.

Another fullback, L. J. (Red) Aucoin, Eunice, will be among the returnees from last year's squad. A junior, Aucoin weighs 170 pounds. He was absent from the Tech lineup in 1946, after playing with the Bulldogs in 1945.

A. C. (Ace) Schiro, 165-pound fullback and veteran of the last three Tech campaigns, is expected to return this fall for his final year of collegiate grid competition. Schiro is from Baton Rouge.

Three right halfbacks are among those expected to report Wednesday for training. They are Jack Brittain, 170-pound senior of Monroe; Carrell Dowies, 155-pound senior of Homer, and John Williamson, 150-pound junior of New Orleans.

Returning quarterbacks will include Ed Jolly, Shreveport, 190-pound junior and co-captain of the squad; R. A. (Racer) Holstead, Ruston, 180-pound senior; Joe Michael, Homer, 165-pound senior and specialty man of the squad, and Lowell Morrison, junior

2 SETS OF BROTHERS HOLD DOWN TACKLES

JONESVILLE, La., Aug. 28.—(Special)—Opponents of the Block High gridiron Bears this season may think they are seeing double when a play is aimed at either tackle.

Coach Frank Bishop has two sets of brothers who will see plenty of action at the tackle posts, and he probably will use the brothers as teams throughout most contests this year.

J. R. King, who was voted the player with the most "sportsmanship" last season, has recruited young brother, Charles, for the 1948 squad and Bishop expresses pleasure over the way the pair operates at the important tackle posts. Both lads weigh only 150 pounds each but have made up for their lack of weight in spirit.

Big Aubrey Sanson, 165-pound end last season, has been converted to a tackle slot to pair with his younger brother, Merle, a 155-pounder, who saw lots of action as a reserve last year.

Neither set of brothers are twins but resemble each other closely.

YOUNG BASEBALL PLAYERS TO GET CARDINAL TRYOUT

Youthful Talent Invited To Attend Two-Day Session Beginning Sept. 7

When the baseball tryout camp opens at Casino Park Tuesday morning, September 7, scores of boys in this vicinity will have an opportunity to take their first step toward getting into professional baseball. The St. Louis Cardinals, who will conduct the two-day camp, are on the lookout for new players to supply their minor league clubs for the balance of this season and for many seasons to come.

All players between the ages of 17 and 23 are invited to attend. A Louisiana high school rule states that anyone still attending high school loses his eligibility by attending such a camp during school months. The Cardinals do not wish to affect anyone's eligibility, so request that only those players who are no longer in high school attend the camp.

Buddy Lewis, Jerry Katherman, Mercer Harris and Hugh East, former professional players and experienced scouts, will be in charge of the workouts which will begin at 11 a. m. each day. There will be drills in running, fielding, hitting and throwing, as well as several games between teams made up of players in attendance.

Players should bring their own gloves, shoes and uniforms if they have them. The Cardinals will refund all expenses incident to attending the camp for any players signing contracts.

FERRIDAY QUARTERBACK CLUB BEING REORGANIZED

FERRIDAY, La., Aug. 28.—(Special)—The Ferriday Quarterback Club has been re-organized and plans are being made for a number of well known coaches and athletic directors as well as sports authorities to speak before the membership during the forthcoming football season. The club was organized last year and proved successful.

FOREIGN FLAVOR MAY COME BACK TO FAIR GROUNDS

Steady Increase In Purses Big Inducement To Latin Horsemen

NEW ORLEANS, La., Aug. 28.—(Special)—Racing at New Orleans' Fair Grounds will assume a more international flavor during the 90-day meeting which opens on November 25.

Not since Cotlogomor won the $50,000 New Orleans Handicap in 1927, and the English-bred Rounders ran second in the big stakes of 1943 and 1944, have foreign horses cut much of a figure on the Crescent City course.

Two seasons ago Eugenio deSosa, Jr., Mexican horseman, took a shot at the bigger purses with Betty's Beau, and although deSosa entered two horses in the Handicap last year, he didn't start.

Quite a number of South and Central American horsemen have indicated a desire to race for the million dollars in stakes and purses to be offered this season. Venezuela sportsmen were quite in evidence at the horse sale staged at the close of the last Fair Grounds meeting. Among the thoroughbreds shipped down to the Latin country was Louis deLatour's Tulane Cheer, a frequent winner at the Fair Grounds.

With a steady increase in purses during the past two seasons—and ideal shipping facilities both by boat and air—the New Orleans' meeting offers much inducement to Latin horsemen. The International House and Trade Mart—recent additions to the city's cultural and trade activities—have done much to sell the advantages of the city not only as a business, but also as a sport center.

Appointment of Jack S. Young, one of the nation's top racing officials, as presiding steward, and Ernie White as mutuel manager, completes the official family at the Fair Grounds for the 1948-49 meeting.

Young has been in the judges' stand for the past two seasons, and White takes over the mutuel plant after successful management of the Keeneland and Churchill Downs mutuels.

The changes of color in a chameleon may be due partly to emotional reactions like anger and fear.

GIFT RUNS ENABLE YANKS TO BEAT INDIANS

NEW YORK GAINS SECOND PLACE IN AMERICAN CHASE

Boston Red Sox Trim White Hose, 6 To 2; Athletics Triumph

NEW YORK, Aug. 28.—(AP)—The New York Yankees, aided no little by the intense heat and wildness on the part of a couple of Cleveland hurlers, came up with a couple of "gift" runs in the last of the ninth inning to nip the Indians 3-2.

The victory enabled the Yanks to climb past the Indians into second place in the torrid American League pennant race, a game and a half behind the front-running Boston Red Sox.

The Yankees scored the tying and winning run without the aid of a base hit. The winning "rally" resulted from three walks, a hit batsman, a sacrifice and a fielder's choice. The winning run crossed the plate when the Indians just missed completing a double play on Cliff Mapes' bouncer as Larry Berra romped home.

When the Yankees came to bat in their half of the ninth, the sweltering crowd of 36,172 which had braved the 98 degree heat to watch the last game here between the two rivals, was already filing out. Then it happened.

Gene Bearden, a southpaw, came in to pitch the ninth, replacing lefty Sam Zoldak. Zoldak had held the Yankees to six singles, some of them scratchy, but had been forced to retire because of the heat.

Joe DiMaggio, the first batter, was nicked on the left arm by a pitch. Bearden then nearly conked Berra with two more wild tosses, and was replaced by a righthander, Ed Kleiman.

Kleiman finished the job for Bearden, walking Berra. Bobby Brown batted for Billy Johnson and neatly sacrificed the runners along.

Phil Rizzuto was purposely passed filling the bases with only one out. Ed then ran up a 3-2 count on Charlie Keller, batting for Ralph Houk, and finally walked him, forcing in DiMaggio with the tying run. Mapes, batting for Pitcher Ed Lopat, sent a high bouncer to Gordon who forced Keller at second, but Lou Boudreau's relay to first was not in time, and Berra crossed the plate with the winning run.

'MOST VALUABLE'

The Big Eight League's highest player honor went this year to Henry Albritton (above), of the Bernice club, who was named the circuit's "most valuable" player. Albritton, formerly with the Farmerville American Legion team, was a winning pitcher last spring with Berry Hinton's championship Louisiana Tech team. He is pictured here with the Raymond Heard, Inc., trophy given him at a presentation ceremony by Senator Cap Barham, president of the Ruston Baseball Association, and Mayor Don Lomax, vice-president of the Big Eight.

RUSTON OUTFITS CONTINUE BIG 8 PLAYOFF TODAY

Rebels, One Up In Title Series, Meet Vols At Fraser Field At 3 p. m.

RUSTON, La., Aug. 28.—(Special)—The Ruston Volunteers and the Ruston Rebels resume their Big Eight League championship series here Sunday afternoon when they meet in their second title playoff contest at 3 o'clock at Fraser Field. The Rebels won the opener here last night, 6 to 5.

"Slim" Cassibry, lanky fireball pitcher, hurled and batted the Rebels to victory over their city rivals. With two out and two runners on base in the last of the eighth and the score knotted at 5-all, Cassibry singled between first and second to drive Wayne Williamson in with the winning run.

The Vols pounced on Rufus Yossett for four runs in one and a third innings, and he was relieved by Cassibry who allowed one more run in the second to end the Volunteer scoring.

The Rebels collected five hits in their half of the second and scored twice to narrow their opponents' lead In the third the Rebels banged out three hits to score two more runs. Mike Reed, All-Big 8 catcher, led off the bottom half of the fourth with a circuit clout over the center field fence, 340 feet away from home plate, to tie up the score at five runs apiece.

In the fifth, the Vols had men on first and second and only one out, but the lanky Rebel pitcher bore down and put out the fire, and the Vols threatened no more.

After Holstead struck out as he led off the last of the eighth, Wayne Williamson singled and "Quack" Hall beat out an infield hit Adkins, Vol hurler, fanned Reed, but Cassibry came up with his game winning single that brought Williamson home.

The Rebels collected 12 hits with Reed, Hall, W. Williamson, and Cassibry accounting for two each. Berry Hinton and Prudhomme, with two hits each, sparked the Volunteer attack.

The Big Eight crown goes to the club first winning three games.

MONROE'S LIONS ENGAGE BENGALS FRIDAY AT NIGHT

Game At Jackson Parish City Opens Football Season In This Section

JONESMORO, La., Aug. 28.—The Jonesboro-Hodge High School Tigers wound up their hard work this week and will taper off for their opening game with the Ouachita Parish Lions of Monroe here next Friday night. Coaches Jack Jaggers and Arnold Kilpatrick have been sending their boys through some very hard workouts during the past two weeks despite the high temeprature, but will ease off during the few remaining days, according to Head Coach Jaggers.

The Tiger-Lion series has become a highly popular affair, not only because it is the first high school game in North Louisiana, but because it is usually finely played and hard fought. Last year the score was one-sided for the first ime, but although the Tigers rate as the underdogs in this one, the game will be in Jonesboro which should add something to the Bengal chances.

Coaches Jaggers and Kilpatrick have one of the youngest and most inexperienced squads in years at Jonesboro. Only six lettermen are back this year and none of the other squad members are over sixteen years old and have seen little or no action. They do, however, have a lot of enthusiasm and should make up for some of their lack of experience in this respect. A light backfield brings the average weight of a starting lineup under 160 pounds.

Stating that he is not ready to name a starting lineup, Coach Jaggers said that linemen Jack Bennett, David Moore, Bobby Holsembach, Bobby Maxey, Charles Caraway, James Standley, Charles Thompson, Billy Poland, Weyman Carson, Rodney Fullerton, Jerry Mitchell, and backs James Holsembach, Jimmie Dean, Jim Davis, Bob Weaver, Dean Walker, Don Shankles and Dick Koonce are the chief contenders for positions and will do most of the color-bearing for the Bengals. Jaggers says he is satisfied with the boys showing to date, but refrains from making any predictions until they have been under fire.

26 SEEK PLACES ON ISLAND TEAM

Raymond Peace's Sicily Island Gridders Open With Crowville

SICILY ISLAND, La., Aug. 28.—(Special)—Twenty-six inexperienced, but eager grid candidates are undergoing daily drills at Sicily Island in preparation for the school's first football team.

Raymond Peace, former all-LIC and "most valuable back" at Louisiana Tech, is coaching the Islanders and reported satisfaction at the progress of the youngsters.

Opening game for the Tigers will be Sept. 24 against Crowville under the new lighting system to be installed on the new Sicily Island athletic field.

In their first year, the Tigers will play only first and second year teams and "B" teams of more experienced squads.

Those reporting for the squad were Howard Roberts, Don Baxter, Benny Ray Mahaffey, Thomas Jackson, Floyd Mahaffey, Billy Cloy, Richard White, Charles Taylor, Johnny Punchard, Billy Alexander, Lloyd Cole, Ralph Price, Billy Crawford, Bobby Rush, David Dampier, Charles Bird, Larry Barron, Jesse Felter, Blanchard Price, Sweetpea Thurman, Lyndal Guice, Clarence Garrison, Vernon Dennis, Jr., Gordon Vaught, W. PHILS WIN TWO

PITTSBURGH, Aug. 28.—(AP)—The Philadelphia Phillies snapped a 10-game losing streak with a vengeance today by smashing out eight home runs to win both ends of a twin bill from the Pittsburgh Pirates, 9 to 2 and 11 to 7. Del Ennis led the attack with three circuit clouts, two of them in the second game. The double win was costly for the Phils, however, their star rookie outifelder, Richie Ashburn breaking his left hand sliding into second in the first game.

CARDS SWEEP PAIR.

ST. LOUIS, Aug. 28.—(AP)—The St. Louis Cardinals moved into second place in the National League pennant race, a game-and-a-half behind the league-leading Braves today by sweeping a twin bill from the New York Giants, 5-4 in 12 innings and 7-6.

A four-run ninth inning rally enabled are Cards to win the second game after Stan Musial won the opener by belting his 33rd homer of the season in the 12th frame.

ALL-STARS TO FACE SHREVEPORT TODAY

The Monroe All-Stars, claiming the best available Negro semi-pro baseball talent, meet the highly touted Shreveport Black Sports here this afternoon at 3:15 o'clock at Casino Park.

The Black Sports boast a team that has won 17 of its 21 games this season, and come here favored to trim the All-Stars although the local club figures the visitors are due for a surprise.

The All-Star lineup was announced last night as Freddie Welch, third base; George Ard, shortstop; Joe Frazier, second base; Murrell Williamson, right field; "Son" Morris or Marble, center field; Robert Robinson, first base; Aaron Robinson, catcher; Bill Lee or Hunter, left field; and Woodrow Cain, pitcher.

Reserved seats are available for white fans at the game.

COTTON STATES HAS ONE 20-GAME WINNER

EL DORADO, Ark., Aug. 28.—(AP)—One Cotton States league pitcher has entered the 20-victory circle and another has a good chance of joining him before the season ends next Tuesday.

Robert Upton, Clarksdale ace, posted his 20th victory this week. Dick Strahs of Hot Springs ran his win total to 19.

Hot Springs' Herb Adams has most of the league's batting honors virtually tucked away. He leads in batting with an average of .375, in hits with 207, in total bases with 256 and in runs scored with 115.

Hot Springs continued to lead in team batting with a .279 average, followed by Clarksdale at .263 and Natchez with .261.

In club fielding, Clarksdale moved into a first-place tie with Hot Springs at .957.

The records cover games through Aug. 24, but do not include the Helena-Pine Bluff and Greenwood-Natchez games of that date.

Two centers, A. G. Anderson of Plain Dealing, and Leo Sanford, Shreveport, will be among the returning linemen. Anderson is a senior and weighs 170 pounds, and Sanford, a sophomore, tips the scales at 210.

Ed Stassi of New Orleans, a sphomore who broke into the varsity ranks last year as a guard, is expected to rejoin the Bulldog squad this fall. Stassi weighs 185 pounds.

Returning tackles include Jack Kelly, 200-pound senior and co-captain, Homer; Rudolph Smith, 200-pound senior, Bryceland; Sid Sedlock, 215-pound junior, New Orleans, and John Hay, 220-pound senior of Ruston. Hay is a former center.

Expected in the lineup are three veteran candidates for the end positions. They are Roy Collins, 185-pound junior, Haynesville; Bob Horneman, 190-pound senior, Plain Dealing, and James Gilbert, 183-pound junior of Bastrop.

Other members of lsat year's squad who are expected to return are A. M. Seely, Teague, Texas, 177-pound guard; R. H. Westbrook, Corpus Christi, Texas, 155-pound center; R. McDonald, Shreveport, 182-pound back; Thomas Brantley, Haynesville, 175-pound guard.

Arnold Matthews, Jonesboro, 160-pound back; Anthony Cefalu, Shreveport, 165-pound end; Herbert Fisher, Homer, 183-pound end; Melvin Barney, Shreveport, 180-pound guard; Buddy Fallin, Ruston, 161-pound fullback; J. E. Johnson, Boyce, 180-pound end; John Holm, Shreveport, 205-pound tackle.

TWIN CITY TENNIS TOURNEY BEGINS TODAY

FORSYTHE PARK SCENE OF PLAY IN FIRST EVENT

Pairings Announced For Play In Men's And Junior Boys' Divisions

The first annual Twin City Tennis Tournament opens here today with men's doubles combinations claiming the spotlight on the Forsythe Park courts, beginning at 1:30 o'clock.

First matches in singles competition of both divisions, men's and junior boys, will be played tomorrow afternoon in the event which runs through next Sunday.

Pairings for today's doubles events were announced last night as follows:

Men's division—Darwin Nichols and R. M. Troy vs. Harmon Eaves and B. B. Lewis, 1:30 p. m.; I. "Hank" Hardesty and Ross Lawrence vs. Tommy Hayes and A. L. Jones, 2:30 p. m.; G. B. Demmary and H. A. Malone vs. J. B. Fudickar and Stanley Wyatt, 3:30 p. m.; and Paul Kellar, Jr., and Ed Villa vs. Bill Herrick and Sonny Martin, 3:30 p. m.

No junior doubles teams entered the meet, but a pair of singles matches will be played among the boys today. In the first junior singles battle, Dick Troy, Jr., faces Ralph Troy at 1:30 o'clock, and in the second it will be John Culpepper against Leon Hunt at 2:30 o'clock.

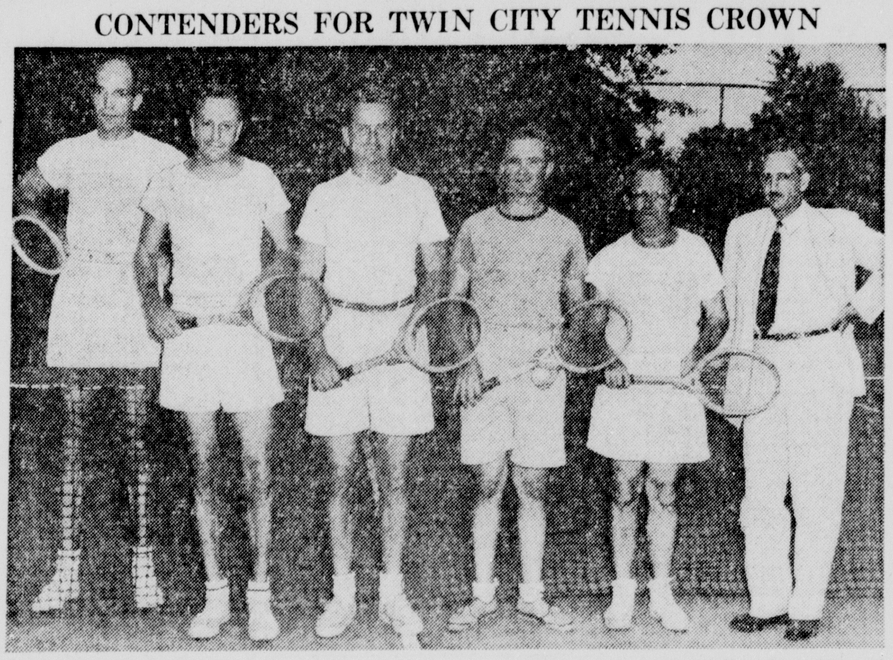
The tournament committee of G. B. Demmary, Ross Lawrence and Dick Troy last night said there had been no seeding in the junior ranks, but top seeded in men's singles are R. M. Troy, Louis Kusin, "Hank" Hardesty, and Demmary in order. Top seeded in men's doubles are Darwin Nichols and R. M. Troy, a combination that has honorary listing as "defending champion." Since this is the first Twin City event, taking over the hold in local tennis circles previously held by the old Monroe City Tournament, the event has no actual champions yet, but Troy and Nichols were the last champions in city doubles in 1938. Second-seeded in men's doubles are Hardesty and Lawrence.

The lull in tennis activity here in recent years is reflected in the shortage of entrants in the junior boys' class. The junior division attracted only six contenders, Culpepper, Hunt, Dick Troy, Jr., and Ralph Troy, who are playing this afternoon, and Freddy Morrow and Jim Padgett who drew byes past the first round.

Pairings in men's singles, dominating the show tomorrow afternoon, are:

Hardesty vs. Lewis, 4 p. m.
R. F. Seiler vs. Demmary, 4 p. m.
Ed Villa vs. Wyatt, 5 p. m.
Allen C. Jones vs. John B. Fudickar, 5 p. m.
A. L. Jones vs. Louis Kusin, 5 p. m.
Harmon Eaves vs. R. C. White, Jr., 5:30 p. m.
R. M. Troy vs. Paul Kellar, Jr., 5:30 p. m.
Jack Rubin vs. H. A. Malone, 5:30 p. m.

CONTENDERS FOR TWIN CITY TENNIS CROWN



The first annual Twin City Tennis Tournament opens here today and among the contenders for singles and doubles laurels in the men's division will be the sextet pictured above. They are, left to right, Gene B. Demmary, Hank Hardesty, Ross Lawrence, Harmon Eaves, B. B. Lewis, and Stanley Wyatt. Demmary and Eaves, along with Dick Troy, are members of the tournament committee.

LONGHORNS' GRID SQUAD BOLSTERED BY 12 LETTERMEN

Texas Athletes Assemble For Opening Of Training Wednesday

AUSTIN, Texas, Aug. 28.—(Special)—Blair Cherry's 1948 University of Texas football squad begins assembling tomorrow, waiting on the September 1 deadline for the opening practice session.

Meanwhile, there will be a general meeting Monday afternoon, for orientation purposes, for physical checkups and for influenza inoculations.

On Tuesday, the Longhorns will try on their new 1948 uniforms, both the "at home" set and the "away" outfit, before posing in the afternoon for photographers. It will be the first of two days that the lensmen will be busy, the other press day coming on September 7.

The new uniforms will include these combinations: for home games, Texas will wear white jersies, with gold football pants and white, orange-striped helmets. The "away from home" uniforms include orange jersies, with nifty white football pants, and white helmets.

These preliminaries lead to the first of a series of two-a-day practice sessions early Wednesday morning. The Steers will continue the twice-daily workout system until school registration begins during the week of Monday, September 13. That week will be climaxed, of course, with the big Texas-L. S. U. game, that will inaugurate the enlarged Memorial Stadium on September 18 in what is one of the nation's biggest opening-day games.

Twenty-one lettermen will be in the group that reports to Cherry and his staff Wednesday morning, headed by Co-Captains Dick Harris and Tom Landry. From grapevine reports across the state, every varsity squad candidate is expected to report in good physical condition.

The extra poundage that will adorn several applicants will soon shrink in the predicted 95-degree workout weather.

Incidentally, the "good condition" phrase also applies to Quarterback Paul Campbell, the key applicant for Bobby Layne's job this fall. Campbell's condition has been rumored not good recently because of an infected knee earlier in the summer.

But the slender young West Texan, who has been attending summer school in Austin, is in top shape right now.

NAME HERB ADAMS 'MOST VALUABLE'

HOT SPRINGS, Ark., Aug. 28.—(AP)—Little Herb Adams, hard-hitting Hot Springs centerfielder from Oak Park, Ill., was selected overwhelmingly today as the Cotton States League's most valuable player.

In a poll of sports writers, club presidents and managers around the Class C circuit conducted by the Hot Springs Junior Chamber of Commerce, Adams received a total of 32 points.

His nearest rival, Catcher Jack (Red) Parks of Natchez, received 12 points. Chester Morgan, manager and centerfielder of Clarksdale, was third with nine.

Points were tabulated on the basis of three for a first-place vote, two for a second and one for a third.

Adams was picked first by seven of the 17 participants in the poll.

The fleet outfielder, one of the league's most feared base runners, led the loop in batting with an average of .375, in total hits with 207, in total bases with 256 and in runs with 115 through games of last Tuesday.

He will be awarded a trophy before the Bathers' final game of the season with Helena here next Tuesday.

Other players receiving votes: Herschel Freeman, Natchez; John Legros, Greenwood; Hardie Nettles, Clarksdale; Charlie Schmidt, Hot Springs; Tince Leonard, Helena; Don Otten, Greenwood; Bob Upton, Clarksdale; Dick Strahs, Hot Springs; Cotton Hill, Clarksdale; Manger Jim Bivin, Greenwood; John Martin, Greenville; Ernie Velasquez, Clarksdale; Manager George Sobek, Hot Springs, and Eddie Albrecht, Pine Bluff.

RED SOX CLUB CHISOX

BOSTON, Aug. 28.—(AP)—Vern (Little Slug) Stephens had a perfect day at bat today—four hits in as many times at bat—as the American League leading Red Sox hammered 13 hits off Chicago pitching for a 6-2 triumph over the last place White Sox.

The Red Sox now lead the circuit by a game and a half over the New York Yankees who defeated the Cleveland Indians 3-2. The Indians now are in third place, two games in back of the Bostonians.

All of the Red Sox hit at least once except Pitcher Ellis Kinder who checked the visitors on seven hits and might have had a shutout except for an error.

LAKE PROVIDENCE, BONITA IN SERIES

Championship Finals Of Delta League Open Today At Oak Grove

LAKE PROVIDENCE, La., Aug. 28.—(Special)—Bonita and Lake Providence open the championship finals of the Louisiana Delta League Sunday afternoon at 3 o'clock on the Oak Grove diamond. Business Manager Lou Walters of the local club said the Sunday game is a home contest for Lake Providence but was switched to the bigger Oak Grove park to accommodate the expected large attendance.

The series is scheduled for seven games, or until one team has won four times.

Lake Providence advanced to the finals with three straight wins over the Delhi Oilers, while Bonita eliminated Oak Grove by taking three out of four games from Manager P. R. Thaxton's West Carroll entry.

Sunday's opener is expected to be a pitchers' battle between Bonita's Kenneth Cook who won 26 consecutive league games without defeat, and Lake Providence's ace hurler, Paul Cooke.

The second game of the playoff will be played at Bonita Thursday afternoon at 3 o'clock.

OPEN QUALIFYING FOR TALLULAH'S TOURNEY TODAY

Annual Labor Day Tournament Scheduled To Begin Next Sunday

TALLULAH, La., Aug. 28.—(Special)—The annual Labor Day Golf Tournament will be held at the Tallulah Golf Club Saturday, Sunday, Monday, September 4, 5, 6, 1948. This event is expected to attract golfers from Louisiana, Mississippi, and Arkansas.

Qualifying will begin Sunday, and will continue throughout Saturday. The pro-amateur match will be Saturday afternoon with many of the leading professionals in this section participating.

The 1947 tournament was won by Lawrence Larcade, Opelousas, present state amateur champion. He is expected to be on hand to defend his title. The runner-up, Ham Caruthers, of Greenville, Miss., may not be able to attend, as he has qualified for the National Amateur Championship to be held in Memphis.

First round matches will begin Sunday, September 5, at 8:00 a. m., with finals Labor Day. Elaborate plans are being made for a dance on Saturday night, followed with a barbecue Sunday night. These will be free to all entries. The 1947 tournament had 73 entries, but many more are expected to be on hand this year.

The Monroe tournament was held in early August, so there would not be two nearby tournaments going on at the same time. This will give many golfers an opportunity to participate in both.

All golfers who plan to spend the night, should contact W. O. Ewing, manager, Chamber of Commerce, Tallulah.

go with an Army job in Japan!

How times have changed.

Three years ago, when our first victorious combat men left Japan, much of it was a shambles. The Japanese people were so dazed by defeat they didn't know which way to turn. The life of an Army man often had its discomforts.

But look at him today! He's helped to start the rebuilding of Japan, to restore roads and railways, to inspire a tired and hungry people with the hope of Democracy. Under his guiding hand, courts of justice, woman suffrage and freedom of worship have been brought about. In Japan there is only one soldier for every 400 Japanese—*the smallest per capita occupation army in the world.*

The pay of a Private is 50% higher than three years ago, then another 20% higher overseas. And almost every cent can be banked. None of it goes for food, housing, medical or dental care, clothing, retirement annuity, or the opportunity to continue his education. The Army furnishes him equipment for organized sports. While on leave, he can ski in winter or visit summer resorts at a *fraction* of what these activities would cost him in the United States.

An Army career in Japan is full of advantages such as these. Compare it with any job across the board—you'll find it hard to beat! Ask at your nearest Army and Air Force Recruiting Station for full details.

CITY SOFTBALL LEAGUE STARTS SERIES MONDAY

Red Sox Meet Gay And Spatafora Tackles Sears In Opener

The championship playoffs of the City Softball League, major circuit of this section, open here tomorrow night with the Monroe Red Sox meeting Gay Clothing in the opener of a double header at Barkdull Faulk. Spatafora's Pharmacy, defending champions, will meet Sears, Roebuck, district champions, in the second game.

Sears, Roebuck, after winding up in a fourth place tie with Cooperative Dairies, claimed the playoff position on a forfeit from Cooperative Dairies when the Milkmen failed to have a full team ready at game time for their playoff for the spot scheduled for last night.

The Co-ops engaged the Sears outfit with a fill-in club, however, and walloped Sears, 17 to 13. The Milkmen blasted Wilbur Smith, one of the league's top chunkers, from the mound in the first inning with an 8-run assault and went on to work over three other Sears pitchers before the game was over.

In the exhibition, the Co-ops outhit Sears, 12 to 10, with Correro leading the Milkmen with three doubles in four times at bat.

Second games of the semi-final series are billed for Wednesday night at Barkdull Faulk, and third games, if necessary, will be played Friday night.

In the openers tomorrow night, the Red Sox and Gay go into action at 7 o'clock, and the Spatafora-Sears battle follows at 8:30 o'clock.

NEW ORLEANS REMAINS UNBEATEN IN TOURNEY

JOHNSTOWN, Pa., Aug. 28.—(AP)—The defending Marx Jewelers of Washington scored three runs in the last of the ninth tonight to defeat Pittsfield, Mass., 6 to 5, thereby eliminating the New England team from the National Amateur Junior Baseball Tournament.

Three teams are left in the double-elimination tourney. Only one, the St. Aloysius entry of New Orleans, has gone undefeated. Tomorrow Washington is scheduled to play South Amboy, N. J., and one nine is certain to be eliminated as both have been beaten once.

New Orleans is scheduled to meet the winner of the South Amboy-Washington game. Should the southerners win, they will cop the championship—if they lose, they still would have another opportunity on Monday.

Double Main Event Slated On Tuesday Mat Card Here

Jack Curtis To Battle 'Flash' Clifford; Sandow Meets George

Promoter Gus Kallio, back from his brief vacation in Finland, offers a double main event wrestling show with Jack Curtis, "Flash" Clifford, Billy Sandow and "Golden" George to his mat customers here Tuesday night.

Curtis, the world's light heavyweight champion who had a rough night with Don Serio last week but triumphed with Serio was disqualified, is paired against Clifford, the handsome villain from Atlanta, Ga., on this week's card.

The other half of the show sends Sandow, Miami, Fla., against George who hails from California.

Both matches will have time limits of an hour and 15 minutes with two falls to win.

Apparently Curtis is due for another rough tussle since Clifford, in his first apearance here last Tuesday, looked quite formidable in his match against Al Olsen, the tough exsailor from Kansas City. Clifford showed plenty of villainy at Olsen's expense and should have much more to spare for Curtis.

But win or lose, Curtis isn't bothered about losing his belt since the title is not at stake. However, victory could well serve Clifford in seeking a return scrap with the world's crown as the high stake.

Kallio, who missed two matches during his visit to Finland, his native land which he had not seen since his arrival in the United States 35 years ago, returned Wednesday.

CITATION RANKS TOP MONEY WINNER WITH AMERICAN DERBY WIN

CHICAGO, Aug. 28.—(AP)—Citation, the horse of the year, with Jockey Eddie Arcaro astride, rambled to a length victory in the $88,750 American Derby at Washington Park today.

Free America, Citation's running mate, from the Calumet farm was second, and Volcanic was third.

Citation, by his victory, became the third greatest money winner on the American turf. First place was worth $66,450 and raised the colt's earnings for two years of campaigning to $651,750, which moved him ahead of Assault. Stymie is the top winner with $911,335 and Armed is second with $773,709.

The winner, hurtling to his thirteenth victory in fourteen starts this season, ran the mile and a quarter in 2:01 3/5.

Betting was to win only. The payoff was $2.20.

SHIELE HURLS NO-HIT VICTORY FOR VIDALIA

VIDALIA, La., Aug. 28.—(Special)—Ed Shiele, Jr., on the mound for the Vidalia Athletics, handed the highly regarded Bunkley, Miss., semi-pro club its third defeat in 28 starts this season in the first no-hit, no-run game believed ever seen on the Vidalia diamond. The score was 2 to 0, with Shiele working beautifully all afternoon, silencing the Bunkley guns in order in all but the sixth inning, when Byrd, Bunkley outfielder got to first base on a walk.

However, after this Shiele settled down and struck out the next two batters to end the ining and went on to a total 11 strikeouts in his near-perfect game.

It was a fast, tight game all the way with the Vidalians being able to garner only 4 hits. Three of these were bunched in the fifth and these along with a passed ball accounted for both of their tallies.

Turnage opened with a single through short, stole second after Johnson's attempted sacrifice backfired. Francis Martin, crack Athletics shortstop beat out a slow roller to first, advancing Turnage to third. Martin took second. Brer Shiele, Vidalia catcher scored Turnage on a scratch single through the box. Hammack, Bunkley pitcher attempted to bear down and stop the rally and on a passed ball Martin scored the second run.

Both teams played heads-up defensive ball. The largest crowd of the season witnessed the game.

TWO NEGRO YOUTHS CHARGED IN THEFTS

Monroe police reported yesterday that two Negro youths had been arrested and charged with several of the petty robberies which have taken place in this city during the past few weeks.

They were caught early yesterday morning while they were attempting to loot a grocery store.

The boys were listed as Frank Degonette, 19, Negro, of 1512 Breard street and Roosevelt Searcey, 14, Negro, of 1510 Breard street.

The two arrested made a confession to several of the robberies, police said, but they maintained they did not do some others which had shown signs of the technique used by them.

Chief Ward stated that the arrest of the two youths was the fruit of the police department's continued efforts to solve the robberies which have flared up over the past several weeks.

Police investigations, as to the possible guilt of the arrested two, in connection with other robberies, was still under-way last night, police said.

MERCER TINNELLE OVER-ALL CHAMP

Shreveport Trapshooter High At Grand American; Natchez Man Winner

VANDALIA, Ill., Aug. 28.—(AP)—The 49th Grand American Trapshoot wound up today with a burst of utter silence.

It was the biggest "Roaring Grand" in history, 1,267,500 targets being thrown in the programmed events. And the same number of 12-gauge shotgun shells fired. A year ago, when the attendance was a bit above this year's, only 1,240,000 targets were tossed.

The big event was finished in true Grand style, with Mercer Tennille of Shreveport, La., a 41-year-old insurance man, setting a new record to grab the doubles championship with 99 of 100.

Another southerner, Silas M. Simmons of Natchez, Miss., making his first appearance at the Grand, won the Open Handicap in which professionals and amateurs met on even terms.

Simmons, a certified public accountant who has done some field hunting but who started blasting the elusive clays only a year ago, broke 98 from 19 yards to tie Dexter Talcott, 14-year-old Twin Bridge, Mont., high school sophomore.

In the shootoff Simmons, a southpaw, broke 22 while the youngster, also making his first trip to trapdom's world series, scored 21.

Although figures were not official, indications were that E. W. Castanedo of Shreveport, La., was the over-all champion of the meet, breaking 973 of 1,000 targets at 16 yards, doubles and handicaps. Vic Reinders, the U. of Wisconsin professor from Waukesha, was only one clay behind him.

Tennille with his whopping count in today's doubles, won the all-around championship with 390 of 400, the race including 200 targets at 16 yards, 100 at doubles and 100 at handicaps.

Back of Simmons and Talcott in the final handicap were eight shooters with scores of 97. In the shoot-off Dr. D. A. Wolfe of Decatur, Ill., finished third; Harold V. Stone of Tillamook, Ore., fourth, and Rasmussen fifth.

CIVIC CLUB TITLE SERIES TO BE RESUMED TUESDAY

The second contest in the final scramble for the championship of the Civic Club Softball League will be played Tuesday night on the West Monroe diamond between the West Monroe Lions Club and the Junior Chamber of Commerce. The game is scheduled to start at 8 o'clock.

The Jaycees won the series opener Friday night and need one more win in the two-out-of-three playoff to claim the Civic Club crown.

BEARS EDGE EAGLES

INDIANAPOLIS, Aug. 28.—(AP)—Sid Luckman completed six passes totaling 62 yards to set up the tying touchdown and winning point as the Chicago Bears defeated the Philadelphia Eagles today, 24 to 23, in a national football league exhibition at Butler Bowl.

FOSTER SKIPPERS WINNER OF SPEED BOAT GOLD CUP

DETROIT, Aug. 28.—(AP)—A mahogany and white-hulled Detroit speed boat won the famed Gold Cup trophy here today.

Miss Great Lakes, piloted by Danny Foster, did the trick by outlasting a field of more than a score of the world's fastest speed boats to win two heats and finish second in another.

First mishap of the race came only seconds after the boats had roared over the starting line in the first heat. Band Leader Guy Lombardo's Tempo VI broke up and sank as he swung sharply to avoid crashing into Morlan Visel's Hurricane IV of Los Angeles that had damaged a propeller.

Lombardo suffered a broken arm but was back in the judges' stand watching the race an hour later.

Another craft regarded as a real contender to be forced out early in the first heat was Achille Castoldi's Sant' Ambrogio. The pounding of the heavy seas opened some of her seams and she settled to the bottom after running only about 10 miles of the initial heat.

RED AND BLUE

UNIVERSITY, Miss.—Ole Miss' football colors—Red and Blue—date back to 1893, the first season for the Rebels, with the manager-coach, the late Dr. A. L. Bondurant, suggesting that a "union of the crimson of Harvard and the navy blue of Yale would be very harmonious, and that it was well to have the spirit of both these good colleges."

WHAT ABOUT '48?

UNIVERSITY, Miss.—Among Southeastern Conference opponents, Ole Miss holds its most convincing series margin over Florida. Of seven games, the Rebels have won five, lost one and tied one.

Although he played only six competitive rounds during the first half of the year, Claude Harmon won $3,825—an average of $637.50 for every 18-hole golf round.

The first game with Westside, West Monroe Midget League titlists, will be played here Tuesday night at 7 o'clock on the Barkdull Faulk diamond. Second game of the series is scheduled for Friday night at 7 o'clock in West Monroe.

EVANGELINE LEAGUE

INDIANS DOWN STICKS.

BATON ROUGE, La., Aug. 28.—(AP)—The Houma Indians won the first morning ball game of the Evangeline League today by defeating the Baton Rouge Red Sticks 2-1.

The game was ordered by League President Walter Morris to make up a rained-out match which had not been played off in a double header.

Centerfielder Selfridge and Catcher Oglesby scored both Houma runs after they had been walked.

Score by innings:

Houma	000 101 0—	2	5	2
Baton Rouge	000 100 0—	1	5	1

PELS EDGE BERRIES

NEW IBERIA, La., Aug. 28.—(AP)—After losing a five-run lead, the New Iberia Pelicans came back tonight to edge the Hammond Berries 6-5.

The Pels got their fist five runs in the third inning. The Berries rallied for four markers in the sixth and tied up the game in the eighth. The Pels forged ahead for their winning tally in the last of the eighth.

Shortstop Carl Dick accounted for three Berry runs by swatting a homer with two mates on the paths in the sixth.

JOE LOVE NAMED TO CAPTAIN NEVILLE HIGH FOOTBALL TEAM

Tigers Return Home From Two Weeks' Encampment At Camp Hardtner

The Neville High School Tigers, after two weeks of football training at Camp Hardtner near Pollock, arrived back in town yesterday, and Coach Bill Ruple last night said his Bengals would begin two-a-day workouts on the Neville campus tomorrow.

Joe Love, a tackle, will captain the Tigers through the coming campaign, and David Kahn, end, will serve as alternate captain. The selections for captain were made at an election held by the Neville players before departing from Camp Hardtner.

Coach Ruple said the camp had been a big benefit to the club but he said the team as a whole "is still sluggish and needs more kinks worked out before he can begin to think about facing any really stiff opposition."

The team still needs more work on timing of plays, but Ruple figures the boys will be coming around within the next week or so. They got the benefit of one scrimmage session against the Class AA Bolton Bears of Alexandria while in camp.

Looming as outstanding players this early in preparatory work are Love and Kahn in the line, and Ronald Gunter, rignt halfback, and Sam Shephard, left halfback. A freshman guard, Alphonse Williams, looked impressive in the first two weeks' work.

The workouts here are scheduled to begin at 9 a. m. and 7 p. m. each weekday until the opening of school on September 13. The Tigers' season opener will be against Minden at Minden on September 17.

Coach Ruple also announced that Herbert Breard would take charge of the Neville freshman squad this year, and the prospective frosh players are being called for their initial meeting tomorrow afternoon at 2:30 o'clock at Neville Stadium to receive equipment and prepare for the first workout.

NATIONAL DOUBLES CHAMPS CROWNED

BROOKLINE, Mass., Aug. 28.—(AP)—Gardnar Mulloy of Miami, Bill Talbert of New York, Louise Brough of Beverly Hills, Calif., and Mrs. Margaret Osborne Dupont of Wilmington, Del., ended a week's battle with more national titles today.

For the fourth time since 1942, Mulloy and Talbert gained the men's team crowns by outbattling their U. S. Davis Cup teammates Ted Schroeder of La Crescenta, Calif., and Frank Parker of Los Angeles, for a 1-6, 9-7, 6-3, 3-6, 9-7 triumph.

It was seven such championships in a row for Miss Brough and Mrs. Dupont when they, for the second straight year, topped Doris Hart of Miami and Mrs. Patricia Canning Todd of La Jolla, Calif., 6-4, 8-10, 6-1.

The defending champions in the father-son division, G. Diehl Mateer, Sr., and Jr., of Ardmore, Pa., were unseated, 7-5, 6-4, by Arthur C. Neilsen, Sr., and Jr., of Chicago, the 1946 victors.

Mrs. Hazel Hotchkiss of Brookline, gained her 40th national tennis championship since 1909, by teaming with Mrs. Marion Jessup, her townswoman, for a 6-2, 6-2 triumph over Virginia Ellis and Frieda Scharman, also of Brookline, in the Women's Veterans' doubles windup.

The Women's Veterans' National singles title went to Mrs. Mable Bostwick of New York, with a 6-8, 6-2, 6-0 victory over Cecilia Riegel of Philadelphia.

NEGRO CONVICT IS HELD IN SLAYINGS

CAMILLA, Ga., Aug. 28.—(AP)—An escaped Florida Negro convict has admitted orally a part in the moonlight beach murder of a young vacationing couple at Ormond, Fla., Deputy Sheriff Grover Jones said today.

The statement, Jones said, was the first break in a nation-wide search for clues in the shooting two weeks ago of Gregory Blount, 23, University student of Lexington, Ky., and the murder and rape of Mary Hucks, 24-year-old East Point, Ga., stenographer.

Jones identified the Negro as Clarence Alburty, 38. He said Alburty told a large group of officers, after two days and a night of questioning, that he stood guard while another Negro shot Blount, raped the girl and then shot her.

Alburty identified his accomplice, Jones said, and an alarm went out immediately to pick up the other Negro. Officers declined to reveal the second Negro's name or the location of the search for him.

The deputy said Alburty probably would be taken back to Daytona Beach, Fla., by Daytona Deputy Sheriff William Freeman, who flew here today. Charges will be placed against him in Florida, Jones said.

FIFTH DISTRICT

(Continued from First Page)

Truett L. Scarborough, of the third Judicial district, is seeking his old post.

Veteran politicos, however, are contending for each of the posts, giving the band of newcomers stiff resistance all along the line. In several parishes, observers say the "bushes" are being shaken by supporters of the would-be states' prosecutors, giving rise to hints of a possible surprising number of voters for Tuesday.

Monroe and West Monroe have seen a bitter battle for the two city judge's post, with a particularly vigorous fight being waged in Monroe where City Judge W. M. Harper, incumbent for the last 20 years, has been answering attacks from three opponents. Slugging it out in an effort to get in the second primary are C. Elliot Thompson, Fred Coon and George Fink, all local attorneys.

Incumbent judge in West Monroe, Jesse S. Heard, faces a close pull against Jesse L. Norris, west side attorney who is making his second bid for political office within the year. Norris pulled several thousand parish votes in the January race for the tax assessor's office.

Making a much quieter race in Monroe are the six contenders for the city marshall's post. They are: B. L. Risher, incumbent, Frank Reitzel, Boatner McQuiller, Walter Veach, E. B. "Ike" Clower, and V. M. "Big Boy" Cummings.

Of minor importance in the fourteen parishes will be the local ward races for school board posts. These campaigns, with exception of Ouachita parish where considerable attention has been created by the superintendent's struggle recently carried to district court, having generated little heat.

A comparatively new situation will be encountered in the "hill" parishes Tuesday where a total of 2,481 Negroes have registered as Democrats.

Out of the six parishes in the west of the district, Union, Lincoln, Jackson, Caldwell, Morehouse and Ouachita, the latter parish leaders with a total of 1,668 Negroes listed as Democrats. Morehouse reports 347, Lincoln has 238 while Union follows with 139. Jackson has only 85 colored registrants, with Caldwell listing four.

Reasons for the high Negro registration in these parishes has been attributed by observers to the insistence of labor unions that all members register and the concentration of colored social leaders in Ouachita and Lincoln.

One authoritative Ouachita parish official said the colored vote could carry precincts eight, ten, eleven and twelve in ward 10 and the neighboring precinct 10 in ward 3. A high percentage of Negro registrants in these precincts plus the inability to "get out" the white vote has created this situation, the official said.

Among the "river" parishes and their closer neighbors, all farming areas and heavily populated with Negroes, not one colored registrant has been reported.

Republicans, who will not be able to vote in Tuesday's Democratic primary, have a force of 253 voters in the fifth district. Ouachita again leads with 171 followers of Thomas Dewey. Thirty-eight are white persons and the remaining 133 Negroes, many who failed to have their registration changed to Democratic listing.

Only 35 persons have registered as Independents over the entire district. A majority of these have been Dixiecrats, with a slim Wallace following reported.

Franklin parish can lay claim to having the largest number of Prohibitionists on the registrar's books. Six are reported there while Ouachita has four.

Bastrop will be faced for the first time with the duty of choosing between two local attorneys to fill the city judge's post created last June by the state legislature.

Races in the five judicial districts, along with two parishes teamed with parishes fringing the fifth congressional district, shape up like this:

Third Judicial District
(Union, Lincoln)

Judge E. L. Walker, of Ruston, will renew his tenancy of the judge's bench, minus the necessity of facing an opponent.

Truett L. Scarborough, of Ruston, incumbent district attorney, has stiff opposition in the persons of Ragan D. Madden, also of Ruston, presently Lincoln parish state representative, and James T. Spencer, Farmerville attorney.

Fourth Judicial District
(Ouachita, Morehouse)

Two judges, E. L. Gladney of Bastrop and David I. Garrett of Monroe, will be returned to their seats.

Attention in the two parishes has been centered upon the vigorous struggle for the district attorney's post left vacant when George Lester decided to retire. Fred Fudickar, Jr., youthful Monroe attorney discharged by Lester earlier in the year over his conduct during a special grand jury session, will seek election to public office for the first time. He is pitted against John F. "Red" McCormick, veteran of two terms in the state senate who is himself a well known Monroe lawyer.

Fifth Judicial District
(West Carroll, Richland, Franklin)

Judge Carey J. Ellis, of Rayville, will be given a free ticket returning him to his bench.

In the district attorney's race three lawyers will tilt for the office left vacant when J. Vernon Sims, incumbent, declined to run. Harry N. Anders, present assistant district attorney, will face the onslaughts of W. Sartis Basset, of Oak Grove, and S. E. Lee, Jr., of Winnsboro.

Sixth Judicial District
(East Carroll, Madison, Tensas)

Judge Frank Voelkner, of Lake Providence, will go without opposition into his third term.

A spirited campaign waged between Thompson L. Clarke, of St. Joseph, present assistant district attorney, and Jack Wyly, of Lake Providence, for the district attorney's post left open by Jeff B. Snyder of Tallulah, will be climaxed by the election. Both campaigners are prominent in civic and veterans' activities in their respective parishes.

Seventh Judicial District
(Catahoula, Concordia

Jesse C. McGee, of Harrisonburg, district attorney for the past twelve years, will step unopposed into a judge's seat vacated by R. R. Reeves, 16-year-veteran who is retiring. McGee was originally opposed by D. W. Gibson who withdrew in his favor in a sudden switch and announced for the district attorney's post.

Gibson faces a stiff battle, there however, with the seasoned politico, H. A. Taliaferro, Harrisonburg mayor and practicing attorney, as his only opponent.

Of the two parishes included in the fifth congressional district, Caldwell and Jackson, who have judicial "sidekicks" outside the district, only one will vote for court representatives.

Jackson, in the second judicial district with Bienville and Claiborne, must choose between Jack Oglesby and Sam Webb as their prosecutor.

Caldwell, lined up with LaSalle in the twenty-eighth judicial district, will not vote on either Judge V. M. Mouser of Columbia or District Attorney Cameron C. Minard, also of Columbia. Both are without opponents.

Parish school board candidates, with number of voters registered in each parish, are listed as follows:

East Carroll (3,000): Verden Lee and W. E. Anglin will compete in ward 2 while Zell Stockney and E. D. Schneider are entered in ward 3.

Madison (3,021): Mrs. Field Montgomery and Johnny Stocks are candidates in the only school board race.

Tensas (2,000): No entrants in the school board field.

Concordia (3,517): No local balloting.

Catahoula (4,591): Carey A. McGuffee, president of the school board for the past ten years, will contest with Edwin W. Brown, Jr., Riley Sanson, A. E. Chapman, Sr., and Johnny Cassels for the less than 300 ward 3 votes. Incumbent R. P. Wilkinson of ward 3 seeks re-election over J. Carl Passman, Bruce Edmonds and Harold Bird. Wilkinson is now serving as vice-president of the Catahoula school board.

Franklin (9,600): G. S. Williamson, incumbent, and Dennis Williams are candidates for school board members of ward 6. J. C. Horne, incumbent, and Ned Williams are candidates for school board in ward 8.

Caldwell (4,200): C. E. Myers, incumbent, and Russell D. Fisher both seek the school board post in ward 2. In ward 5 J. W. Carr and J. R. Head will be opponents for the board position.

Jackson, 6,000): No local races.

Lincoln (7,463): No local candidates available.

Union (7,000): No local candidates.

Morehouse (8,255): Harry S. Hawthorne and Max E. Barham seek the newly created Bastrop city judge's post.

West Carroll (5,000): W. L. Gwin and Harry Rusk seek election to the school board from ward 1.

Richland (8,740): I. H. Garland, H. H. Henry, and John Sapp will contend for the school board post in ward 3. Neal McEachern, Jr., and W. W. Terry seek to represent ward 1.

Ouachita (28,500): Ward 5 will provide the hardest test for a vacant school board post. Five men have tossed their hats into the ring there. They are: Ed Hislop, Fred Grant, D. C. Harper, E. L. "Cuz" Rogers, and James McElroy.

In ward 9 incumbent M. L. Owens will contend with Dwight Owens for return to the school board, while in ward 8 incumbent C. L. Griggs will be faced by E. V. Wheeler and Whit McCain.

Three men have entered for election to the two ward 10 posts up for reconsideration. W. B. Inabnet, incumbent, C. C. Mills, and J. H. Trousdale, Jr., have entered the free-for-all. The two high men will carry off the honors.

COMMITTEE

(Continued from First Page)

down on spying and Communist activities.

4. It is making no "specific charges of perjury" at this time.

5. In the sensational controversy between Alger Hiss and Whittaker Chambers, it believes the burden of proof "has definitely shifted" from Chambers to Hiss. Chambers has said, and Hiss has denied, that Hiss, a former state department official, was a leader in a prewar Comunist underground in Washington.

Up to now, the committee, "the verifiable portions of Chambers' testimony have stood up strongly; the verifiable portions of the Hiss testimony have been badly shaken * * *."

6. It has been established definitely that during and since the war "numerous Communist espionage rings" were at work in the government, using the American Communist party and its agents to relay to Russia "vital information essential to our national defense and security." There is reason to believe such groups still are operating in the government.

7. The committee at times must run the risk "that a few innocent people may be temporarily embarrassed" in order to protect 140,00,000 Americans against being "permanently enslaved."

A large part of the report was devoted to an effort to explain and justify the committee hearings and to reviewing and summarizing the testimony to date.

One section was labeled "obstructive tactics by White House."

This section read:

"The committee's investigation of espionage among government workers has been hampered at every turn by the refusal of the executive branch of the government to cooperate in any way with the investigation due to the president's loyalty freeze order."

President Truman has refused to let congressional committees inspect records of loyalty investigations of government employes. He also has said twice that the spy hearings have turned up nothing the FBI and other agencies didn't already know, and that the inquiry is a red herring intended to mask congressional failure to act against inflation.

There was no immediate White House or justice department reaction to today's committee report.

The report said executive agencies have refused to permit the committee to inspect the employment records of suspected members of spy rings.

"The committee," it said, can see no excuse whatever for such arbitrary action since it is obvious that turning over employment records would in no wise involve disclosing sources or information or confidential data.

"Had the executive agencies of the government cooperated with the committee in its investigation, there is no question but what the public would now have full information concerning all the ramifications of the espionage rings.

"The committee has proceeded to obtain this information in every way possible and eventually will see that it is presented to the public, but the committee deplores the fact that the executive branch of the government will in no way aid the committee in its efforts to protect the national security from those who are doing everything they can to undermine and destroy it."

The committee said that the investigations already have supplied convincing reasons why the new legislation is needed to safeguard America against "the new and clever conspiratorial tactics developed by Communists to promote and conceal their espionage activities and their disloyal purposes."

To meet "the dangers," the committee proposed a legislative program built around passage of a strengthened Mundt-Nixon bill to curb communism. The house passed the bill last May but the senate failed to act.

The program:

A law should be passed to make it impossible for the executive branch of the government to deny the legislative branch necessary information on loyalty of federal employes.

Legislative steps must be taken to meet a "new Communist tactic" of "unjustifiable misuse of the protections" of the fifth amendment to the constitution. This amendment lets a person refuse to answer questions on grounds it might degrade or incriminate him.

The armed services should revoke the commission of any officer who refuses to answer whether he is or ever has been a Red. Any government worker or official who similarly refuses should be fired.

Communists should be required to register so as to provide a new weapon for exposure and detection of their underground.

Reds should be refused federal employment with penalties on those seeking and those granting it.

Communists should be denied passports used to further "conspiratorial plots."

Congress should work out legislation to make it harder for foreign Communists to get into this country and easier for the government to imprison or deport those who attack or try to undermine American institutions. Penalties for persons convicted of contempt of congress should be "sharply" increased.

Espionage laws should be tightened to provide "appropriate penalties" for government officials who, without authority, turn over secret and significant information affecting the national security representatives of any foreign power, "friend or enemy, peacetime or war."

The committee demanded that the attorney general "vigorously enforce" the present laws dealing with spying and Communist conspiracy and that he submit recommendations for strengthening them "at the earliest possible date."

OUSTED

ly from Sweden to Paris or return home to Moscow first.

Newsmen and photographers milled around the departing diplomat as he reached the pier 50 minutes before sailing time.

Brushing by them, Lomakin parried all questions relating to Mrs. Oksana Kasenkina, the Russian school teacher whose accusations touched off an international controversy and led to his recall.

He did say, however, he had booked today's passage on the Stockholm six weeks ago, intending at that time to return home for "a rest".

"I have nothing to say," Lomakin added. "Everything has been said very clearly in the note."

Presumably he referred to Russia's recent action in severing consular relations with this country, a step taken shortly after the United States demanded Lomakin's ouster.

Lomakin was accused by the state department of "highly improper" conduct in the Kasenkina case. The teacher, injured critically in a three-story leap from the Soviet consulate here, said she had been held a prisoner by Lomakin and other Soviet officials. They planned to return her forcibly to Russia, she declared.

Recovering from her injuries, Mrs Kasenkina underwent an operation on her right knee at Roosevelt Hospital today. Her doctors said the operation, which lasted two hours, was "successful".

Lomakin was preceded aboard the Stockholm by his wife and children. They hurried to the $1,400 suite assigned them.

The diplomat, debonair in a blue suit, white shirt, blue polka dot tie and grey fedora, was accompanied to the pier by two companions. A police detail helped them through the curious crowds at the waterfront and into the pier elevator.

DRAFT

(Continued from First Page)

tary service in order to simplify procedure.

Registration centers set up specifically for the Aug. 30-Sept. 18 period will close on Sept. 19 and thereafter registrations will be handled by draft board offices.

These temporary centers have been arranged to handle two lines, one of veterans and 18-year-olds, and the second for single, non-father, non-veterans. They are staffed locally, and are to remain open from 8 a. m. to 5 p. m. daily.

Local boards—which have full control of the draft procedure—will begin sending out classification questionnaires to the single, non-father, non-veteran group immediately after registration.

The president ordered that these forms begin rolling no later than Sept. 7.

These questionnaires do not mean induction. They are simply further data with which the local board may determine classification of registrants.

These forms should be filled out and returned to draft boards within 10 days.

The board then will use them to sift registrants into five classes:

Class I—Available for military service.

Class II—Deferred because of occupational status.

Class III—Deferred because of dependency.

Class IV—Deferred specifically by law or because unfit for service.

Class V—Over the age of liability for military service.

Draftees will be taken only from the Class I group. These men will be 1-A, as in the last war, and subject to call by age, the oldest (26) going first. Within the 25 year group, older men will go first with others going depending on birthdays.

Completely exempt from the new draft are veterans with at least 90 days service in the shooting war between Pearl Harbor (Dec. 7, 1941) and V-J day (Sept. 2, 1945), or veterans with 12 months service between Sept. 16, 1940 and June 24, 1948 (the date the draft law went into effect).

Also exempt are ordained ministers, divinity students, and conscientious objectors.

President Truman on Aug. 20 ordered deferments for a much wider group. These men need not anticipate military service:

Married men; farmers, all men with dependents; most publicly elected officials; men involved in study, research or medical, scientific or other endeavors considered necessary to public safety or interest; sole surviving sons of families whose children were killed in World War II; aliens; and many others.

School students are deferred until they graduate from high school or until they become 20, which ever is first. College students are deferred for the duration of the academic year. In both instances, students must be doing satisfactory work to be deferred.

The married man clause reached a deadline of sorts during the registration period. The law has been interpreted to mean that if a man is married up to registration date he is deferred. If he marries after his signing up date, he faces induction if otherwise qualified.

Only a fraction of the millions who sign up will be drafted. The army will need probably 225,000 men in the next two years, and these may be draftees. Volunteers, however, may cut this total.

The navy, air force and marines hope to fill their ranks with volunteers, and have said they anticipate no need for drafting men.

Men receiving draft calls will receive almost a full month in which to get their affairs in shape, officials have estimated.

NEW ORLEANS, Aug. 28.—(AP)—Approximately 160,000 Louisiana men 18 through 25 years old will start registering next Monday at the state's 75 draft boards.

Brig. Gen. Raymond Hufft, state adjutant general, predicted today that about half of the 160,000 men will be available for induction into the armed forces.

The Louisiana selective service headquarters at Jackson Barracks said that on the basis of a national call of 30,000 men per month, Louisiana probably would be called upon to furnish less than 550 men.

"Two or three times that number will be sent to one of three army induction stations in the state for pre-induction physical examinations each month," selective service said, "as experiments of the past showed more than half the men examined fail to pass physical or mental requirements set by the armed forces.

"First goal of the Louisiana system is to build up a back-log of 1-A men in every local board area, men available for induction who have successfully passed their pre-induction physical examination at the army induction station in New Orleans, Shreveport or Alexandria."

Louisiana selectees will be sent to the reception center at Camp Chaffee, Ark.

veloped a desire to stay right where she was in Georgia, so he left her to her own devices and set forth free of incumbrances. He will stay in Monroe over Sunday before he sets forth again on the western trek.

Miss Julia Wossman, after looking briefly with favor on the magnificent pile of palatial architecture embodied in Hotel Frontenac in Montreal, on her recent trip down east, changed her mind and instead secured rooms in a private home which she declared suited her better. She admitted the change in front came about thuswise. She was taken to the Frontenac at her request and lined up behind a man in front of the desk. "Your room will cost you only $25 a day," declared the hotel clerk. Am sorry we don't have a better one for you!" Miss Julia, hearing the conversation filed slowly but surely out of the lobby and made arrangements elsewhere.

Newcomer to a pastorate in Monroe will be Rev. George Hink with his family. His church will be the Emmanuel Baptist which has extended a call which he accepted, and will take his new pulpit over October 1. He is a graduate of William Jewell College and of the Baptist Theological Seminary in New Orleans. His daughter, Gloria, is a sophomore in William Jewell College.

Made happy the past week by the advent of an oil discovery on her land, was Mrs. Fannie Hobbs, of 310 Pine Street, Monroe. Thirty-two years ago she and her husband purchased a farm of 200 acres not far distant from Lisbon, La. Recently it has been under lease and to Mrs. Hobbs delight, a good-sized wildcat well came in the other day, which made 200 barrels of oil in an hour. This is the first wildcat well on the property hence the prospects are said to be good for other producers provided all goes well. Meantime Mrs. Hobbs is quite happy. I thank you.

The first office building on Louisville avenue will be erected as rapidly as possible and will mark a new era for that ambitious, and bustling new business thoroughfare. The Southwest Gas Producing Company, Inc., will remove its offices from crowded quarters in the Ouachita National Bank building to the new structure as soon as it is completed. It will provide 16 offices and many novel and modernistic features. Parking space was one of the features that attracted the company to build on Louisville avenue. Also the bank building will be able to accommodate additional clients when the gas company makes removal. It is believed that other concerns will follow the Southwest Gas Company with erection of more office buildings in the less-crowded business area.

Making discovery of an aged woman, bereft of relatives, and needing some essentials of life, Mrs. R. H. Christie, 607 Orange street, Monroe, took up a collection in cash and purchased a refrigerator that was the most urgent need. It was taken to the aged woman, living on the Old Natchitoches road in West Monroe, who was deeply grateful for the kindness shown her.

Mrs. Christie desires to extend sincere thanks to all who donated and states that could they see the smiling face of the recipient, they would be amply rewarded.

FORMER

(Continued from First Page)

the middle of last December's strike wave and held office until a dispute with the Socialists over the military budget wrecked his middle road coalition.

Ramadier, a Socialist, served in the post just before Schuman.

Mendes-France, a radical-Socialist economic expert, is a former minister of national economy. He helped write the Bretton Woods agreement and represented France at various international monetary conferences and at the United Nations.

Whoever is chosen will have the same task as has faced all post-war premiers—cementing a coalition government among leaders of various political creeds who compose the center ground between the Communists and the followers of Gen. Charles De Gaulle.

It was pretty generally assumed here that neither the De Gaullists nor the Communists stood any chance of getting a foothold in any such coalition.

Mendes-France is known as an advocate of a thorough going currency reform as the only road to France's economic salvation. Political leaders pointed to him as one of the few leaders whose views might strike a balance between Rightist liberalism and Socialist demands for state controls over many phases of the nation's economy.

How difficult it is to find a working government for France is shown by these facts:

France has made 10 governments since the liberation. Their average life has been four and a half months.

Political leaders allowed the present crisis to explode despite these conditions:

1—Vital talks on world peace are going on in Moscow, where the French ambassador now finds himself without a government in back of him.

2—France is to play host to the United States general assembly in Paris in three weeks.

3—France, in the words of Former Finance Minister Paul Reynaud, "is on the edge of a financial and economic abyss."

The Communists, as usual, claimed the right to be taken into any new government that was formed. The Communists could rightly claim that they themselves—by indirect pressure—had toppled Marie, but they were almost certain to be kept out in the cold.

The cabinet fell—technically—over disagreement on whether to give labor 10 to 15 per cent wage increases. Communist union leader Alain Leleap was quick to boast "the discontent of the working classes so deep that it has forced the resignation of two governments in a month."

NEGRO MAN IS NEAR DEATH FROM WOUND

Charlie Ellis, Negro man of 917 Haynes Quarters, West Monroe, was near death last night in the Conway Memorial Hospital from a bullet wound in his stomach.

Parish authorities were holding Keola Jackson, Negress, who, they said, fled from the Ellis home after he was shot.

Ellis was carried to the hospital by a Hall ambulance. Physicians there reported his condition as very poor late last night.

The Negress was taken into custody by parish officials on Coleman avenue after West Monroe police had notified them of the shooting. She is being held without bond pending the outcome of Ellis' condition, authorities said.

UNITED CARBON LEASES 600 ACRES FROM FROST IN UNION

Contract Signed In June Calls For Drilling To Begin Within 90 Days; Leases Also Taken By Other Concerns

United Carbon Company has taken approximately 600 acres of Frost Lumber Industry, Inc., land in the area of the townsite of Haile in Union parish. Acreage was taken in the month of June and stipulated on the contract that drilling shall begin within 90 days. Spread lies in sections 8, 17 and 20 of township 21N-3E, lying inside the boundry of the Monroe gas field. United also purchased 130 acres of Frost land on five-year lease contract, acreage lying in section 8-21N-3E, having no drilling obligation.

Farther north, some time ago Southwest Gas Producing Company was noted with leases covering 1,400 acres of Frost land around the Litroe townsite. In the contract was an agreement to begin a 4,500-foot test by November 1. Acreage lies in sections 13, 14, 23, 24, 25 of township 23N-2E; sections 18, 19 and 30 of township 23N-3E.

Continental Oil Company has taken by assignment from D. G. Dunbar acreage north of the townsite of Bernice in Union parish. Acreage in the amount of 860 acres were transferred on instruments carrying dates in July this year. Acreage lies in sections 14, 23 and 26 of township 22N-3W. Consideration not disclosed.

Completions in the Truxno field of Union parish gave a dull outlook during the past week with just one oiler completed and two dry holes finaled. Jones-O'Brien, Inc., completed for initial production their No. A-1 Nale, 1,661 feet from west line and 300 feet from north line section 30-23N-1E, 125 barrels of 37.3 gravity oil per day on pump. Hole was carried to total depth 2,341 feet and cased to 2,235 feet with five and one-half inch casing. Tops by electrical survey were: 1st Nacatoch 2,165 2nd Nacatoch 2,205, Nacatoch sand 2,225 and oil sand 2,239 feet. Completion was from six feet of open hole. Hassie Hunt, trustee, completed No. 1 W. H. Griffin, 330 feet from south line, 936 feet from east line of the NE section 19-23N-1E for a dry hole at total depth of 2,270 feet. R. Fred Petty, Wilma McCain & J. W. Richards had a dry hole at No. 1 C. H. Gully Estate, 330 feet from south line and 334 feet from west line of section 16-23N-1E. Hole was bottomed at 2,337 feet with no shows.

Meanwhile, Guy Mabee Drilling Company has started development of its leases in the Truxno field with staking of location for No. 1 O. D. Slade. Location for the Nacatoch test is 990 feet from north line, 330 feet from east line NW NW section 19-23N-1E.

Carbons Consolidated Company tools are reported to be moving on to location for drilling of V. V. Bull's No. 1 Fred W. Huenefeld, 885 feet from north line and 500 feet from west line of NE section 29-18N-5E, wildcat venture six miles east of the townsite of Monroe. Bull worked up the 3,500-foot test with support deriving from Atlantic Refining Company, Amerada Petroleum Corporation, Carbons Consolidated and the Chicago Corporation. Work is expected to begin this week.

Operators are waiting on cement to harden after squeezing off perforations in casing at California Company's No. 2 Breece Lumber Company et al, wildcat location eight miles southeast of Monroe in SE SW section 30-17N-5E. Perforations were 9,188-9,202 feet in the Cotton Valley "D" sand, picked from electric log 9,188-9,244 feet. After casing had been perforated at this interval, well started flowing gas-distilate to pits, later turning to salt water. Total depth is 9,454 feet with seven-inch casing cemeted to 8,948 feet and five-inch liner set on bottom.

California Company is waiting on a cement job at another wildcat venture in Ouachita parish, No. 2 Walter Maxey, 1,643 feet from north line and 1,647 feet from east line section 32-18N-1E, two miles west and one mile south of Calhoun. Seven-inch was set at 9,100 feet and hole carried to 9,580 feet. A bad cement job was found in a five-inch liner, which was set below the 7-inch to bottom of hole.

Penrod Drilling Company, contractor for Hunt Oil Company on this test, is reported rigging up for a 8,500-foot wildcat one-half mile north and two miles east of the townsite of Coldwater. Hunt's new Winn parish venture is No. F-143 Nebo Oil Company, 2,832 feet from north line and 1,318 feet from east line of section 24-12N-5W.

A dry hole has just been completed by Hunt Oil Company and Nebo Oil Company at No. F-141 Nebo Oil Company, C SW NE section 28-10N-2W, in the Packton area. From elevation of 196 feet, hole was taken to total depth 7,360 feet with no shows. Top of the Tuscaloosa was called at 6,123 feet from electrical survey.

Abandonment orders were issued by F. R. Jackson et al for their No. 1 B. G. Trunzler, 1,980 feet west and 660 feet south of section 9-7N-6E, wildcat three miles southwest of Jonesville townsite. From elevation of 60 feet hole was carried to total depth of 6,260 feet. Operator took 51 side wall cores with no shows reported. Tops by electrical log were: Cockfield 1,512, Cook Mountain 2,158, Cane River 3,124, Wilcox 3,451 and Midway 6,214 feet. Hole was abandoned 8/18/48.

In the Saline Bayou field of Catahoula parish, Hunt Oil Company has abandoned as dry its No. 1 Ten Basin Levee Board, C SW SW section 31-5N-5E, one mile north of the field proper. Hole was carried to total depth of 6,005 feet with no reported shows and abandoned 8/25/48. This was an outpost well and has put a northern limit to the field.

Hollyfield and McFarland, independent operators of El Dorado, Ark., today applied for permit to drill their No. 1 J. J. Henry, 1520 feet from west line and 1120 feet from south line of section 27-21N-4W. The test lies approximately two miles east of production in the south Lisbon field of Claiborne parish, central north Louisiana. Operators plan to drill the test to approximately 9,000 feet which is believed to be a sufficient depth to penetrate the Bodcaw, Vaughn, and Burgess Simmons sand lenses of the Cotton Valley series.

CHICAGO — Wheat, easy; cash houses not buying. Corn, mixed; September lower, new crop higher on short covering. Oats, lower in light trade. Soybeans, lower; trade fairly brisk. Hogs, nominally steady. Cattle, nominally steady.

COTTON

New Orleans

NEW ORLEANS, Aug. 28.—(AP)—Cotton futures declined here today under week-end long liquidation and increased hedge selling. Closing prices were steady, 30 cents to 50 cents a bale lower.

Easiness in the grain market, and unfavorable textile reports, were against values. Price-fixing and realizing by shorts absorbed the contracts. Spot cotton closed unchanged, with middling 15/16ths-inch quoted at 30.80 cents a pound. Local sales totaled 4,488 bales.

SPOT COTTON

NEW ORLEANS, Aug. 28.—(AP)—Spot cotton closed steady, unchanged. Sales 4,488. Low middling 24.35. Middling 30.80; good middling 30.90. Stocks and receipts unavailable.

AVERAGE COTTON PRICE

NEW ORLEANS, Aug. 28.—(AP)—The average price of middling 15/16ths-inch cotton today at seven designated southern spot markets was 35 cents a bale lower at 30.71 cents a pound; average for the past 30 market days 32.54; middling 7/8ths-inch average 28.01.

CHICAGO GRAIN

CHICAGO, Aug. 28. — (AP) — Grain prices edged lower in a rather dull trade on the board of trade today. Less demand from cash houses for wheat and rains over a good part of the Iowa corn territory caused moderate selling. There also was some profit taking and evening up for the week end.

Wheat closed 1/2 to 1 3/4 lower, September $2.23 1/4 to 3/8, corn was 1 3/8 lower to 3/4 higher, September $1.60 1/2 to 5/8, oats were 1/8 to 5/8 lower, September .71 5/8, rye was 2 1/2 to 2 3/4 lower, December $1.58 3/4, and soybeans were 1 1/2 to 2 cents lower, November $2.43 1/2.

CHARGE 3 BROTHERS WITH SIMPLE ARSON

BATON ROUGE, La., Aug. 28.—(AP)—State Forester James Mixon said today three brothers have been arrested for simple arson in connection with recent forest fires in Evangeline parish.

Mixon said the eldest youth is 12 years old. All three, he said, have signed confessions and are being held in the Ville Platte parish jail on default of bond.

The forester said the trio admitted setting fires along a road about five miles east of Turkey creek. The blazes were snuffed out, he added, by forestry commission firefighters and pulp crews of the International Paper Company, but five acres of timberland were lost.

The arrest is the seventh in a series which followed this month's fire flurry in Rapides, Grant, Lasalle and Evangeline parishes, Mixon said. Arson penalties, he explained, range from one to ten years imprisonment and fines of $1000 to $5000, depending upon the extent of damage.

SINCERE FRIENDLY SALESMAN CAN SECURE HIS FUTURE
If you are over 35, have had 10 years successful sales experience and like to talk with executives in all types of business, you may qualify for a very good territory where we are well-known. The good will advertising field is rapidly expanding. A territory with an old established firm becomes a valuable annuity. We have been a leader in this field for 65 years and pay a high commission which is advanced weekly. Full commision paid on reorders and customers average three orders each year. Some men earn very substantial incomes their first year but it is more general for a man to earn $5,000 his first year, $7,000 his second year and not reach the $10,000 bracket until his third year. If you think you can qualify, write The Kemper-Thomas Company, Cincinnati 12, Ohio. The important thing is that we practicaly place you in business for yourself without any investment. 8-29-A

FINE opportunity for three live-wire dependable men to establish themselves in a permanent, profitable business. Unlimited demand for our complete line of 100 finest quality products. Need Cash?
How Much Do You Need?

Don't borrow any cash unless you need it, but if you do, come to us and get it. This is the best place in town to borrow cash or have your payments reduced, or both. That is why so many more people come here. Usually you get the cash in ten minutes. Take up to 24 months to repay.

Ask for Mr. Harbuck, Loan Dept. Manager; Mr. Prewitt, Loan Officer, or Mr. Dennis, General Manager.

SCOUT OFFICER WILL BE HERE

Kenneth Oliver Of Memphis To Visit Central District

Kenneth Oliver, of Memphis, deputy regional Scout executive, region 5, Boy Scouts of America, will be a guest at the September central district Scoutmasters' roundtable, to be held at the parish courthouse, 7:30 p. m., September 2. T. Mickel, district commissioner, has announced that this will be a very important affair, as plans and materials for the next twelve months will be given out and discussed.

The feature of this month's program, according to Mickel, will be a special discussion on unit program planning. A Scout film entitled "The Three Assistants" will be shown and the group will participate in a program planning project. This project is for the purpose of showing each leader and committee where to find materials and how to use them. It will also demonstrate how to use all leaders, both adults and boys, to the best advantage in planning troop programs.

Every troop represented at the meeting will receive a Scoutmaster's program notebook and a troop program chart which can be used until September 1949. These publications are filled with ideas to supplement all of the handbooks and Scouting magazine.

There will also be a special display of Scouting literature and other program aids at the meeting. Other items on the program include the practice of a Scouting skill, opening and closing ceremonies, announcement of plans for participation in a merit badge show in the fall, the Scout round-up, and other future Scouting events of importance. Each troop leader will also make a brief report, telling the group of some good idea he has used successfully in his troop.

T. Mickel will preside over the roundtable and will be assisted by James Nowell, William G. Haynes, Raymond John, and Dr. Rabun Smith, members of the central district commissioner's staff. A large group of Scoutmasters, assistant Scoutmasters, and committeemen, representing every troop in the Twin Cities area, is expected to attend.

Plans are now being made to raise the 1948-49 budget of $26,655 for operating expenses of the Ouachita Valley Council, Boy Scouts of America, it has been announced by Dr. A. M. Serex, finance committee chairman for the council. Doctor Serex stated that the money is being raised to provide for the program of service rendered by the council to all units and communities in the fifteen-parish council area. This service includes the maintenance and extension of Scouting for all Scouting age groups, and includes organization of new units, training of volunteer leaders, opportunities for camping and special activities, program assistance, office service, and full time work of professional Scouters.

The budget was approved in July by the council finance committee, which is composed of men from every district in the council. These leading business men have set up and approved a minimum budget to bring a strong and expanded program of Scouting to the youth of the area.

"The council operates on a sound business-like basis," stated Doctor Serex. "Every expenditure is carefully studied by the executive board, which is made up of leading business men of this area. The finance records are completely audited. The council operates on a sound cash basis and is free from debt."

Members of the council finance committee are as follows: T. H. Woods, R. E. Ellington, Monroe; John McCloy, Winnfield; Leo Bondurant, Wisner; Sam White, Ruston; James Madison, Bastrop; and R. R. Spigener, Tallulah.

Announcement has also been made of a special finance committee session to be held in connection with the next council executive board meeting on September 9 at the Virginia Hotel in Monroe, for the purpose of explaining finance methods and techniques. Representatives from all communities in the council will be present at the meeting.

In this finance meeting, detailed plans will be made for raising the council budget through a united finance campaign conducted simultaneously in all communities of the council. Over twenty communities are expected to participate in the finance drive. Most towns will probably conduct one day drives, opening with a "kick-off" breakfast and closing with a "coffee-check up" meeting in the afternoon.

A. B. Clarkson, president of the Ouachita Valley Council, stated "No quotas, nor assessments of any amount are to be allotted to any community or district in this campaign. This is in line with the policy of the national council, Boy Scouts of America. There will be only one budget and all money received in this annual drive will be for the Ouachita Valley Council operating fund."

There will be no separate Scouting drive in Monroe where the Boy Scouts of America is a participating agency of the Community Chest.

Surveys show that eight out of ten boys would like to become Scouts, whereas in this area approximately one out of every twenty boys is now affiliated with the program. More leaders are needed in order that more troops and packs can be organized to provide the character building program for many more boys. This can only be done by providing an adequate operating budget for the Ouachita Valley Council.

The following men from the central district are expected to attend the council finance meeting to be held in Monroe September 9: R. E. Ellington, T. H. Woods, Evans Etheridge, Jewel J. Frey, J. W. Webster, E. J. Foster, L. L. Price, John D. Spaulding, L. E. Mathis, Oliver Boyd, H. K. Litton, T. John, D. C. Harper, S. K. Henninger, Robert M. Hines, P. S. Mulearn, Judge W. M. Harper, Dr. R. T. Watson, A. H. Jones, Dr. W. L. Bendel, Dr. Rodney Cline, Rev. W. H. Giles, Floyd Huddleston, E. G. Heller, H. H. Benoit and P. E. Massey.

FOUR SISTERS REUNITED

Four sisters of the same family, all sisters of the Third Order of St. Francis, were recently reunited for the first time in 12 years. They are (left to right) Sister Damacene, Sister DeLellis, Sister DeLourdes and Sister Merita. Sister DeLellis is stationed in Monroe at the St. Joseph's Home.

NAVY SEEKS 1900 CADETS TO ENLIST

The navy is seeking 1,900 cadets—young men between the ages of 18 and 25 with at least two years' college behind them—during the current fiscal year, according to Lieutenant-Commander Burge. He explained that the young men who are accepted are given 18 months of aviation training with full pay and uniforms, a commission as an officer at the completion of that, and a tour of duty with the fleet and with land-based squadrons.

"Besides two years of college," said Lieutenant-Commander Burge, "these young men we are seeking must be unmarried and in good physical condition. But another qualification they should have—one which doesn't appear in the book—is a strong urge to fly. More young men seem to have that now than before the war."

Soldiers call service in Japan the "best duty in the world." Men who enlist for three years in the United States army can choose service with a famous division in Japan at 20 per cent extra pay.

CATHOLIC SISTERS TOGETHER AGAIN

Four Members Of Same Family Reunited After 12-Year Separation

Sister DeLellis, now stationed at the St. Joseph's Home for the aged at 501 Hart street, was among four sisters of the same family, all hospital sisters of the Third Order of St. Francis, recently reunited after twelve years' separation.

The reunion of Sisters Damacene, DeLellis, DeLourdes and Merita Mehl was held on the return of Sister Damacene, O. S. F. missionary to China.

Three of the sisters have engaged in various works in charity, visiting the sick and poor in their homes, and caring for the aged at their home. Their new St. Joseph's Home in this city will soon be ready for occupancy and the sisters hope thereby to do even more work among the needy.

Sister Damacene volunteered for China and was accepted in 1936. During her stay in the missions, she was engaged in various activities, spending much of her time in charge of the Sacred Heart Orphanage at Changtien. In the last war with Japan, she spent two years as prisoner at the Japanese concentration camp.

Communist activities have been at such heights within recent months that mission work among the poor is not actively possible and the missionaries in troubled areas were therefore called back to the Motherhouse in Springfield, Ill. Eleven have returned and Sister Clementia, regional superior in China, with five other American sisters and eight Chinese sisters, has remained in Shanghai to watch conditions and possible opportunities.

Upon the return of Sister Damacene, Reverend Mother Magdalene, provincial, called the three sisters from their respective hospitals to the Motherhouse for a visit with their sister. Sister DeLourdes is stationed at St. Francis Hospital, Washington, Mo., and Sister Merita, at St. Anthony's Hospital, Effingham, Ill.

30 PERSONS RESCUED FROM APARTMENT FIRE

CHICAGO, Aug. 28.—(AP)—Firemen rescued 30 persons early today and about 100 others were driven from their homes in four south side apartment building fires.

Detective Frank Green said authorities believed the four blazes were started by an arsonist.

Two men were seized for questioning after firemen noticed them at the scenes of two of the fires, but Green said the men denied any connection with the flames.

Most of those rescued were carried down ladders from the upper stories of the buildings by firemen. The only serious damage was reported at the building at 4753 Lake Park Av., where Marshal James Hughes estimated damage at $1,500.

UPPER LEFT: Mrs. Walter Lee Ball, the former Miss Gloria Adams, whose wedding last Wednesday afternoon in the gardens of her home in Winnsboro was a prominent event which was attended by many of her friends from this city. Her parents are Mr. and Mrs. Charles Ramage Adams, and the groom's parents are Mr. and Mrs. J. Nelson Ball of Alexandria.

UPPER RIGHT: Mrs. George J. Mallet, Jr., who before her marriage was Miss Betty Jane Teer, daughter of Mr. and Mrs. Acker Teer of Houston, Texas. The groom's parents will be remembered as Mr. and Mrs. George J. Mallet, Sr., formerly of West Monroe and now of Houston. His grandmother is Mrs. W. W. Buce of West Monroe.

LOWER LEFT: Mrs. Joseph Allan Horne, Jr., who was Miss Marion Lee Williams prior to her marriage Saturday evening, August 21, at St. Marks Episcopal Church, Shreveport. The bride, who has relatives in this city, is descended maternally from the late Mr. and Mrs. H. H. Russell of Monroe, and her paternal grandparents are the late Mr. and Mrs. Thomas Williams, also of this city.

CENTER: Miss Jacqueline Hood will continue her studies this fall at Louisiana State University in the school of social welfare as a scholarship student under the state department of public welfare. She received the bachelor's degree last May from Texas State College for Women. Her parents are Mr. and Mrs. B. U. Hood of this city.

LOWER RIGHT: Cutting their wedding cake are Mr. and Mrs. Richard Wesley Graves, Jr., whose marriage took place August 21 in the home of the bride's parents, Mr. and Mrs. Harold G. Runyon. The groom is the son of Mr. and Mrs. R. W. Graves, Sr., of this city.

Local Garden Club Has National Scope

Opportunities In State And National Work Given To Welcome Garden Club

Sharing civic opportunities and responsibilities in the state and nation was stressed by Mrs. John P. Lewis when she gave a report on the Louisiana Garden Club Federation before members of the Welcome Garden Club of the Twin Cities.

An important achievement was the sending by the national council of enough seeds of peace to plant 40,000 gardens, serving 200,000 people in Europe, Mrs. Lewis said.

Records of the state federation emphasize the completion of a $700 fund to be used for research in horticulture. Both Louisiana State University and Southwestern Louisiana Institute have already begun planning this work. Since no research on roses is being done in Louisiana, the state federation is asking L. S. U. to plant a rose garden for this purpose.

The Louisiana Garden Club Association has at least 12 qualified judges for flower arrangement classes besides many members who are studying floral designing.

Mrs. Lewis spoke of the fine leadership of the state president, Mrs. U. B. Evans, as reflected in the association's accomplishments. She presently is busy with plans for a state-wide flower show in March to be held in conjunction with the annual meeting of the organization in New Orleans.

The speaker stressed national and state awards to which the Welcome Garden Club is eligible.

The Kellogg medal, gift of Mrs. Frederick R. Kellogg, national honorary president, is awarded annually to the club which has done the most outstanding civic or conservation work.

Two medals are given each year to: the garden center performing the greatest service to the community; the garden center having greatest influence with children in the community.

The Massachusetts Horticultural Society offers prizes ranging from $5 to $50 for the best year books to be sent in before October 1. These may be 1948-49 books which will be judged on two factors: evidence of real interest and activity in the club as reflected in programs, civic work and other activities of the organization; proof of careful planning, useful information, neatness and evidence of worth of the time and cost put into the book.

The Helen Hussey Champlin annual award goes to the garden club contributing the most outstanding service toward promotion of gardening among young people. The idea is to develop horticulturists and conservationists.

National council awards include: purple ribbon for horticultural achievement; green ribbon for conservation work; certificate of merit for literary production of horticultural interest in America; white ribbon for special accomplishment in lines not otherwise classified; flower show purple ribbon, with each state president being allowed to present two.

Four state prizes are listed. The best publicity scrapbook carries three cash awards of $15, $10, and $5. The best yearbook will be awarded a $10 cash prize; the best program paper written and submitted by a Garden Club member will be awarded $5; the club offering the largest number of gardens open to visitors is to receive a $5 prize.

MISS TOURNAT AND MRS. ROBERTS ENTERTAIN AT SURPRISE PARTY FOR MR. AND MRS. MELVIN CODY

When Mr. and Mrs. Melvin Cody entered the Cameo Room at the Virginia Hotel last Sunday afternoon, they found themselves the central figures at a tea and miscellaneous shower.

Hostesses on this enjoyable occasion were Miss Gayle Tournat and Mrs. Howard Roberts who planned the affair as a surprise to the young couple. The other guests had begun arriving much earlier so preparations were complete when the honorees were greeted.

Miss Tournat was wearing a striking two-piece black gown fashioned with a flounce at the edge of the skirt and accented by a black bow. She wore a corsage of orchid gladioli. Mrs. Roberts chose a dress of London taupe. The bodice was fashioned with a soft neckline outlined in fagotting and it was joined to a full skirt with drapery at the side. Her corsage was similar to Miss Tournat's.

Mrs. Cody was gowned in light blue. The low neckline was encircled with heavy lace, and the skirt was long and full. She wore a picture hat of navy and a corsage of Picardy gladioli, a gift from the hostesses.

A special feature of the afternoon was the presentation of gifts to the couple. Numerous attractively wrapped packages contained china, silver and crystal in their wedding patterns, linens and other useful pieces.

The lace covered tea table held crystal trays containing an assortment of open-faced sandwiches, olives and delicacies that were served with frosted drinks. Assisting in the courtesies were Mrs. W. H. Hendry, sister of Miss Tournat, and Mrs. Klien Crow. The former wore a lovely black crepe, and the latter chose a white tailleur with a hat fashioned of pink roses. Both wore corsages of orchid gladioli.

Those present on this occasion were: Mr. and Mrs. Melvin Cody, Miss Mary Long, Mrs. W. H. Hendry, Mr. and Mrs. George Lofton, Mr. and Mrs. Klien Crow, Mr. and Mrs. Merton Abington, Mr. and Mrs. Charles Miller, Miss Marjorie Cody, Mrs. Annie Lee West Stahl, Miss Naomi Harris, Mr. and Mrs. Roy Gates, Mrs. Bob Bailey, Mrs. Irene Reid, Miss Madeline Cannon, Mrs. Fred Elmendorf, Mr. Charles Ponder, Mr. and Mrs. Howard Roberts, Miss Lenee Lacey and Miss Tournat.

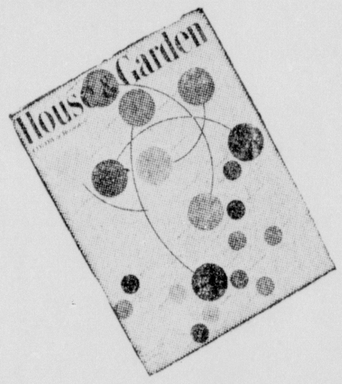
Period and Modern Furniture by HERITAGE



As Shown in October
House and Garden

If your living room lacks party manners, but you like to entertain, you'll welcome Heritage pieces. They're designed to turn a large or small room into comfortable conversation groups. House and Garden shows you, in the October issue, how very sociable a Heritage room can be. The sectional sofa lines up along a wall and squares off neatly at the corner. Even the close alliance of modern upholstered pieces with traditional tables adds to the easy friendliness. See how the low-slung cocktail table meets the needs of a squared corner grouping, how the tea table cozies up to the lounge chair. And what could be a more perfect partner for the armless section piece than the step table. See all these pieces on display in our window.

These are busy days for girls preparing for college. Here they are seen modeling new frocks, examining wardrobes, and packing.

UPPER LEFT: Phyllis Hobbs, Neville High School graduate, is wearing an attractive satin date dress which she will have need of at Sophie Newcomb College this winter.

UPPER RIGHT: Luggage is an important factor in a coed's life. Libby Siegle packs bags for North Texas State Teachers College after three years of study at Northeast Junior College and L. S. U. Interested spectators are Mary Coates, seated, who plans to enter the local college in the fall, while Evelyn Gannaway, standing, goes to Louisiana Tech for her last two years of college work.

CENTER RIGHT: Margaret Watson says, "Everything's ready for L. S. U." She will enter as a junior to major in art.

LOWER LEFT: Audrey Wilson, left, who is waiting for class bells to ring at N. J. C., talks over clothes problems with Joyce Toler, right, who will transfer to the Baton Rouge campus for her junior year.

LOWER RIGHT: When Jerry Platt, left, Ouachita Parish High School graduate, enters Belhaven College, she will include the beautiful evening gown admired by Pat Shaughnessy, seated, and Joy James, standing. Pat will go from St. Matthew's High School to N. J. C., while Joy looks forward to life at Stephens College.

Altrusa Uses Theme Of Human Relations

Local Group Plans To Carry Out Program Of 'Altruism In Action'

That every human being should have opportunity to use his best talents and to live and work at peace with himself and others is the primary aim of the new 1948-49 program of Altrusa International, Inc., announced Miss Adrienne L. Carr, president of the local chapter.

Under the over-all theme, "Altruism in Action," the coming year's program is concentrated upon bettering community relations, world relations and, specifically, individual human relations.

In its attempt to improve human relations, the organization, which is the pioneer of service clubs for executive and professional women, will deal with problems of educational opportunities for all. These include housing, health, juvenile delinquency, divorce, child welfare, best use of leisure time and safeguarding the family group.

In working relations the club is concerned with making available sound guidance services and in eliminating the quackery so prevalent in this field since the end of World War II.

Since Altrusa comprises women who are outstanding in their own particular businesses or professions, it is a valuable source of on-the-job information. Members are to continue to give talks, hold career clinics in schools, and make themselves available for personal interviews. Students interested in their respective vocations may be taken into this work for a time.

The club will attempt to shift emphasis in incentives for occupation from personal profit or prestige to service and self-realization.

Effecting the organization's world relations program, Altrusa will make an effort to learn the facts behind today's issues and to disseminate them in the community, through symposiums, forums, panels and speakers, Miss Carr said. All chapters of the club in the United States will continue to furnish food and materials to communities in Europe and Asia.

The various units also will continue sponsorship of two projects: The Inter-American Grants-in-Aid Fund and the Founder's Fund. The former, started three years ago, has already provided approximately $20,000 to enable qualified Latin American women to study or travel in the United States, and has resulted in a better understanding between women of the Americas. The latter is used for vocational guidance work. One of its most recent projects was the publication of a booklet, "Women Go to Work at Any Age." This was listed as one of the 100 best vocational guidance works of 1947.

Altruism in action, the 1948-49 program, is being presented to about 7,500 members, in the forthcoming "International Altrusan." Members will use this as a guide, and clubs will interpret it to suit their own community's special needs.

While the program in its final form was developed by Altrusa's International program coordination committee, it represents the thinking and suggestions of clubs in some 250 cities throughout the United States, Canada, Mexico, Puerto Rico, Guatemala, Bermuda, Europe and Asia.

During the past club year, ending June 30, Altrusa has added 32 chapters. The organization, since its inception in 1917, has invited its members from every business and profession. Altrusa brings together the physician and department store owner, the lawyer and modiste, the bank executive and school principal. Membership is limited to one outstanding representative of a business or profession.

COLLINSTON

Mrs. Lou Miles, of Monroe, spent a week here attending revival services at the First Baptist Church. She was house guest of Mrs. Gus Freeman.

Mr. and Mrs. A. W. Offutt and children, Mary Jane and Allen moved Aug. 25 to Ferriday, where Mr. Offutt is employed as manager of a stave mill. He was transferred to Ferriday several months ago when the stave mill at Collinston closed down, but because of housing shortage his family had remained here.

Venetian blinds, a gift from the Collinston Woman's Society of Christian Service, have been installed in the Methodist parsonage adding greatly to its comfort and appearance.

Mrs. Charlotte Reily and son, John Thompson, of New Orleans, arrived here Friday for a visit over the weekend at the Reily estate, "Kalorama." They will return via motor route to the Crescent City Tuesday morning.

STEPHENS COLLEGE STUDENT

Miss Lucia Ann Lewis, daughter of Mrs. Sidney R. Moore and the late Mr. Assia Lewis, has recently returned from a vacation in New York and Canada. She is a member of this year's graduating class of Ouachita Parish High School, and soon will be leaving for study at Stephens College, Columbia, Mo.

MISS BARBARA NAN CORRY AND EARL PENN ENOS PLEDGE VOWS IN RAYVILLE CEREMONY

White gladioli, palms and fern decorated the altar of the Methodist Church in Rayville, and bouquets of white flowers tied with broad white satin ribbon on each pew formed an aisle of blossoms down which guests were ushered to hear nuptial vows spoken by Miss Barbara Nan Corry and Mr. Earl Penn Enos Saturday morning, August 7 at 10 o'clock. The Rev. John H. Hooks of the Baptist Church, assisted by the Rev. Earl B. Emerich of the Methodist Church, officiated.

The bride is the daughter of Dr. and Mrs. Henry Pelham Corry of Rayville, and the groom is the son of Mrs. Joseph Lester Enos and the late Mr. Enos of Shawnee, Okla.

Mrs. William L. Calhoun, organist, and Mrs. James E. Ball, soloist, rendered a program of nuptial music which included: Schubert's "Serenade," "Annie Laurie," "I Love You Truly," and "The Sweetest Story Ever Told," sung by Mrs. Ball. The traditional wedding marches were played for the processional and recessional, and "Traumeri" by Schumann was played softly during the service.

The bride's only attendant was Miss Marguerite Coenen of Rayville who was maid of honor. She wore a lovely blue gown with matching hat of blue flowers, and carried a colonial bouquet of pink asters and tube roses.

Mr. Kay Wilson of Muskogee, Okla., served as best man. The ushers were Mr. Edward A. Jones and Mr. James Lamie, both of Rayville.

The bride, given in marriage by her father, was lovely in a gown fashioned of beautifully woven Egyptian cloth in a beautiful shade of pink and trimmed with lace medallions. She wore a handmade hat of pink roses. The bride carried a white Bible adorned with a white orchid and a shower of esterites. Observing the tradition of something old, she carried her grandmother's wedding handkerchief of real lace, made in Havana, Cuba. All brides in the family, including the bride's mother, have carried this handkerchief at their weddings. In her shoe she wore a good luck piece, a shilling brought from Australia by the groom.

For her daughter's wedding, Mrs. Corry wore a becoming gown of pink linen and lace, with a small hat of flowers, illusion and lace. Her corsage was of pink and blue blossoms.

Mrs. Enos, mother of the groom, was gowned in blue crepe with matching hat, and she used a corsage accenting the soft blue of her dress.

Immediately following the wedding a reception was held at the home of the bride's parents. They greeted guests and ushered them into the reception suite where they were received by the bridal party.

Throughout the reception rooms beautiful arrangements of white gladioli and pink roses were placed at vantage points. In the dining room lighted white tapers cast a soft glow to enhance the effectiveness of the scene. The bride's table was overlaid with a cut work cloth of imported linen. The three-tiered wedding cake embossed with roses and valley lilies rested on a reflector at one end of the table. At the other end was a large crystal bowl, beautifully entwined with esterites and fern, from which punch was served by Mrs. Williamson Pipes, cousin of the bride. Assisting in the dining room courtesies were: Misses Helen Morgan, Nitsy Guynes, Josephine Mendolia, Mrs. Paul McLemore and Miss Lula S. McManon. Miss Faye Keebler registered the guests.

For traveling Mrs. Enos wore a tan linen suit with brown and white accessories and a white orchid shoulder corsage.

After a short wedding trip in Texas and Oklahoma, the couple will reside in Shawnee, Okla., where their new home will soon be completed.

The bride is a graduate in home economics from Whitworth College, Brookhaven, Miss. She attended Louisiana Polytechnic Institute, Ruston, and Northwestern State College, Natchitoches, La., where she received the bachelor's degree in education. She won outstanding honors in scholarship and campus activities. For the past few years she has been a member of the faculty of the high school in Mangham, La.

Mr. Enos attended Oklahoma A. and M. College, then went to the University of Oklahoma from which he graduated in law. He served three and one-half years in the navy during World War II, and held the rank of lieutenant. He holds membership in Phi Delta Phi, national honorary law fraternity, and is secretary-treasurer of Pottawatomie County Bar Association. He is now practicing law in Shawnee, where he is assistant county attorney.

Out-of-town guests for the wedding were: Mrs. Joseph Lester Enos and Mrs. Sam Norton, Shawnee; Mr. and Mrs. Kay Wilson, Muskogee; Mrs. J. D. Baughman, Miss Faye Baughman and Mrs. James Rabun, Farmerville, La; Mr. and Mrs. Williamson Pipes and daughter, Nan Dalton, Collinston, La.; Miss Faye Keebler, Shreveport.

Little Theatre Set For Fall Opening

Group To Celebrate Seventeenth Birthday With A Membership Drive, September 1

The Monroe Little Theatre, Inc., opens its seventeenth year on September 1 with a high note of enthusiasm. Interest in the organization and good fellowship among its members gain momentum as plans for a more outstanding Little Theatre become increasingly significant each day.

After sixteen years of real work and play, happy experiences and disappointments, the goal of a permanent home is a dream of reality. This factor has vitalized the organization in its earnest effort to bring to citizens of the Twin Cities the pleasures of the association's program as a civic institution.

This year's group will be headed by Frank Breese, who announces the opening of the annual membership drive on Wednesday, September 1.

The Little Theater owes its organigation in a large way to inspiration and constant effort of the late Mrs. Minnie Ruffin, one of Monroe's leading educators and civic leaders. The founding members and their early struggles from an interesting story within themselves. On May 8, 1932 a charter was approved, and Mrs. Elmer Richards was elected president. "The Whole Town's Talking," by John Emerson and Anita Loos was the group's first play, directed by Myrick Russell. Frank Masling granted the use of the Grand Street Theater.

Then came the struggle of making an organization come to life in fact as well as fancy. There were no seats in the building at the time. The stage was small, and there were no dressing rooms. The city agreed to furnish electricity, members redecorated the side walls, painted scenery, arranged for seats, enlarged the stage and made a curtain.

The opening date was July 14, 1932, one of the hottest nights ever experienced in Monroe. But the July heat didn't phaze the social committee, who improvised their own air conditioning system. Tubs were filled with ice and fans so placed that the cold breezes wafted over the audience. From this humble beginning was born and organization destined to touch the lives of many Monroe and West Monroe citizens.

Members of the Little Theatre taking part in the early plays bore the names of: Blanche Oliver, Frank Breese, Lallage Feazel, Gilbert Faulk, Beryl Madison, Eleona Brinsmade, Delbert Evans, Elmer Richards, Lloyd McDaniel, Elizabeth Biedenharn, Alma Summers Potts, K. Ann Dodge, Shelby Cage, Benjamin Dawkins, Jr., Mary Louise O'Donnell, Brunswig Scholars, Fred Fudickar, Robert Breard, Jr., Cramer Haas, Dan Armand Breard, Harold Riggs, Beverly Russell, Edythe Townes, Wayne Wamsley, Elliott Thompson, Durwood Griffin, Vivian Harper, Sue Hefley, Lucyle Godwin, Mrs. George Snellings, Eula Davenport and many other well known persons in the Twin Cities.

By 1939, the membership of the Little Theater was well over 1,000 and it came the closest that time to having a home it could call its own. Then came the war years and the Little Theater did much toward promoting and cementing good will and friendship between the civilians of Monroe and the army personnel of Selman Field. There were plenty of talented men and women who appreciated the opportunity to have an outlet of expression and to become active citizens in the community even for their limited time here.

The first post-war director was Mrs. Alfred Causey, who resigned at the end of the 1947-48 season.

This year, five local directors will have charge of the plays of their choice. Opening the season will be Mrs. Blanche Oliver, beloved and talented dramatist, writer, composer and master of dialects. Mrs. Oliver hasn't yet announced her selection, but the theater-going populace can well rest assured her drama will be a favorite.

Other directors will be Miss June Shultz, drama teacher of the Ouachita Parish High School and last season's winner of the Little Theater Oscar for the best performance by an actress, and Mrs. Elizabeth Whitfield, also a well known performer, a gradute of the Hollywood Academy of Dramatics, and winner of the first presentation of the best actress award.

With this bright future, the Little Theater opens its seventeenth year. Season membership tickets for the five plays remain at $3, and may be purchased beginning Sept. 1. Mrs. Gilbert (Alice) Findlay is chairman of the membership drive.

Purely Personal

Mr. and Mrs. E. T. Powell, long-time residents of Marion, La., have moved to this city where they are residing in their new home on Emerson avenue. Mr. Powell has gained considerable recognition in the state for his activity in civic affairs and his contribution in the fields of agriculture and banking. He is president of the Marion State Bank. Monroyans are welcoming Mr. and Mrs. Powell, the parents of Mrs. Ivy Jordan.

Miss Octave Register and Mrs. J. M. Head have returned from an enjoyable tour of the west, where they spent the greater part of their stay in California. While they were in Oakland and Fresno, they were guests in the homes of Mrs. Head's brothers. Mrs. Robert Davis accompanied them as far as San Diego, then went to Coronado for a visit with her son-in-law and daughter and their family. She returned by train.

Mr. and Mrs. Joseph V. Rigsby of Baton Rouge are having an enjoyable visit as guests in the home of Mrs. Rigsby's parents, Mr. and Mrs. W. C. Curry, and with Mr. Rigby's parents, Mr. and Mrs. Lake Rigsby in Bastrop.

Guests in the home of Mr. and Mrs. J. F. James have been their daughter, Mrs. M. L. Maurer, and Mr. Maurer from the University of Oklahoma, Norman; Mr. Joe Ben Jones of New Orleans; Mrs. Jones' nephew, Charles Miller, Jr., of Lawrenceville, Ill.; Mr. and Mrs. John Puckett Jones of Wheeling, W. Va., where Mr. Jones is naval recruiter. The last two visitors are guests of their parents, Mr. and Mrs. R. M. Gochenour, and Mr. and Mrs. J. F. Jones.

Mrs. Bettye Malikowski returned to Norman, Okla., with her cousin, Mrs. M. L. Maurer whose guest she she will be for several weeks.

Mr. and Mrs. George Vaughan, Mrs. Paul Dean and Martha Carolyn Upshaw recently returned from a two-week vacation in Saginaw, Mich., and Canada. During their stay in Saginaw, they were guests of Mrs. Dean's sister, Mrs. S. S. Thomas.

Mr. and Mrs. Jack Griffis and family are now comfortably located at 707 Nichols Street. Mr. Griffis is employed by the Shell Oil Company.

Mr. and Mrs. L. W. McBride have returned to their home in Hattiesburg, Miss., after spending a two-week vacation with their mother, Mrs. S. O. Henry, Sr.

Mr. and Mrs. C. C. Dopson and small son, C. C. Dopson, Jr., of Baton Rouge, moved last week to Houston, Tex., where Mr. Dopson has accepted a position with the Humble Oil Co.

Mr. and Mrs. Byron R. Grigsby announce the arrival of a daughter, Judy Nell, at St. Francis Sanitarium, Friday morning, August 27.

Friends of Mr. Charles Towers will be glad to learn that he is convalescing satisfactorily from a recent operation at the Vaughan-Wright-Bendel Clinic.

Friends will regret to learn that Mrs. George Lester is a patient at the Vaughan-Wright-Bendel Clinic.

Mrs. Pearl Romney Chipman, of New York, will be the guest of a few weeks in the home of her daughter, Mrs. Guy Stubbs.

The speech department of Neville High School is sponsoring a one-act play for the first general assembly program in the fall. All students who are interested in trying for parts in the production are invited to attend the meeting for this purpose Monday at 9:30 a.m. in room 213 at the high school.

Returning Saturday morning from Camp Waldemar, Hunt, Tex., were the following local girls: Misses Virginia Clanks, Katie DeLarot, Rosemary McGinn, Linda Noe, Catherine Noel, Diana Noel, Polly Riley, Betty Jane Shipp, Martha Clayton Sparks and Nancy Trousdale. The group was chaperoned by Mrs. Kate Noel.

Mr. and Mrs. L. B. Armstrong announce the arrival of their first child, William Drew, August 28, at the St. Francis Sanitarium. Mrs. Armstrong will be remembered as Miss Snow Drew of West Monroe. The maternal grandfather is Mr. R. M. Drew, and the paternal grandmother is Mrs. Daisy Armstrong, of Delhi.

Mrs. George W. Trousdale has just returned with a group of girls and boys in this area who attended summer camps. Girls who were at Camp Nagawicka were: Cary Stewart, of Vicksburg, Miss., and Louisette Trousdale, of this city. From St. John's camp for boys came: Jerry Menefee, George Trousdale, Bill Shipp, David Marchman, Prentice Massey, all of Monroe, and Vernon Semo, of Oak Grove.

Miss Trousdale was winner of a medal for capturing second place in sailing, and all the boys distinguished themselves by receiving the rating of private first-class.

Music Group Organizes To Increase Interest In Public Choral Works

Organization of the Choral Club was formed at a meeting on August 16. The group plans to study choral music and attempt to further general interest in this type of music by the presentation of choral works in public concert.

Mrs. Lloyd L. Walters was elected president of the club, but election of other officers was postponed until the next meeting. A committee was appointed to prepare a constitution and by-laws, which will be presented at the coming meeting of the group for their approval.

Mr. Walter C. Minniear, musical director, is to conduct all rehearsals and supervise the public presentations given by the organization.

Immediately following the short business phase of the first session of the club, rehearsals were begun on the "Messiah," which the membership plans to give in part during the Christmas season.

An invitation is extended to any one interested in choral music to join the organization at the next rehearsal scheduled Monday, August 30 at 7:30 p. m. at the Presbyterian Church.

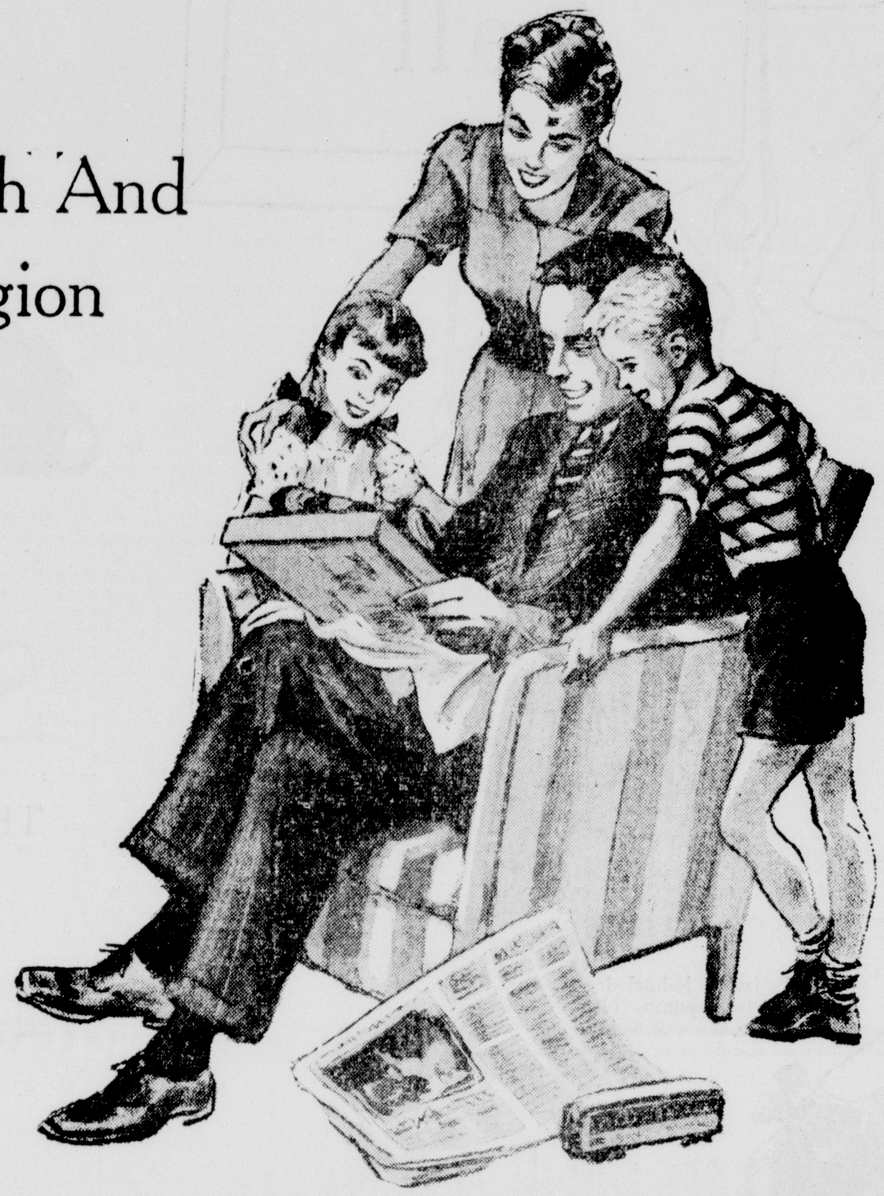
Build Your Child's Faith And Character With Religion



Nothing can bring more pleasure into a home than the laughing face of a healthy, happy child. It brightens a household and enlivens the domestic relations of the family.

In the face of this child you see the fulfillment of the entire purpose of marriage and the home. Man's highest duty, other than living a useful and just life and honoring God is to carry on the human race.

The greatest thrill of a parent is to look into the wide, wondering eyes and smiling face of his own child.

However, parenthood carries many responsibilities which no parent can afford to ignore—the responsibility of bringing the child up in an environment conducive to faith, honesty and right living. The church can render you invaluable assistance in this task. Go to your church this Sunday.

MISS BARBARA RUNYON BECOMES BRIDE OF RICHARD W. GRAVES, JR., IN BEAUTIFUL HOME CEREMONY

When Miss Barbara Runyon became the bride of Mr. Richard Wesley Graves, Jr., the groom's grandfather, the Rev. G. J. L Brown, Methodist minister of Ball, La., performed the impressive double-ring ceremony on Saturday afternoon, August 21 at 2:30 o'clock. He was assisted by the Rev. L. T. Hastings, pastor of the First Baptist Church of this city.

Characterized by beauty of detail, the scene of the wedding was the home of the bride's parents, Mr. and Mrs. Harold G. Runyon in Edgewater Gardens. The groom's parents are Mr. and Mrs. W. R. Graves, Sr., of this city.

The reception suite was decorated in artistic arrangements of yellow daisies and southern smilax. Here the couple stood before an improvised altar to exchange their nuptial vows.

Serving the bride as her maid of honor was her close friend, Miss Frances Foil of Bogalusa, La. She was wearing a two-piece tailored frock of blue linen and a corsage of yellow carnations.

Mr. J. W. Evans, Jr., was the groom's best man.

The bride was lovely in a white linen two-piece model fashioned with a cape effect and peplum, and trimmed in white pearl buttons extending to the waistline. She wore a purple orchid on her shoulder. For something old, the bride chose a gold lovers' knot which belonged to her grandmother.

The bride's mother wore a smart natural linen costume with a wide brown belt and a corsage of pink carnations and tuberoses. The groom's mother was attractive in a pink Shantung with a corsage of white tuberoses and carnations. Mrs. Mary Runyon, grandmother of the bride, was wearing a navy sheer and white carnation corsage.

Immediately following the ceremony, a reception was held at the Runyon residence. In the dining room yellow daisies in gold and white containers and soft yellow tapers on either side were reflected in the large mirror above the buffet.

Centering the lace covered bride's table was a beautiful arrangement of white asters in cascade effect resting on a reflector which was encircled with greenery. At one end of the table was the wedding cake, a luscious confection embosed in white valley lilies and roses and delicate green leaves. It was surmounted by bride and groom figurines. After the cutting of the cake by the couple, Miss Wava Jenkins presided at the service. At the other end of the table was a large crystal bowl from which lime frappe was served by Miss Marinel Bacon. Trays holding pink, white, and green mints and tea napkins bearing in gold lettering, Barbara and R. W., added to the attractiveness of the table. Assisting in the dining room courtesies were Miss Evelyn Gannaway and Miss Naomi Harris.

Presiding at the bride's book was Miss Joyce Toler.

The couple left for a short honeymoon, and are now residing in an apartment in the home of Dr. and Mrs. B. R. McKoin.

Out-of-town guests for the wedding included Mrs. Mary Runyon of Shelbina, Mo., Miss Frances Foil of Bogalusa, La., and Mr. Charles McCullin of Ringold, La.

The bride, a native of Missouri, received her diploma this spring from Northeast Junior College. She holds membership in Beta Delta social sorority, Phi Kappa Phi, national honorary society for junior colleges, and Delta Psi Omega, national honorary dramatic fraternity. At N. J. C. She was editor of the Chacahoula, year book, and a member of the staff of the Pow Wow, newspaper. She also was a member of the Wig and Mask Club and the Purple Jackets. Graduating with honors from the local college, she was the recipient of a two-year scholarship to Louisiana State University. She recently accepted a position with the Ouachita Parish department of public welfare.

Mr. Graves is a graduate of Neville High School where he was captain of the football team. Following his discharge from the naval air corps in which he saw two years of service, he entered Northeast Junior College as a major in busines administration. He was a member of the Gold Jackets and the football squad. He now is employed by Dunham-Pugh Company of this city.

MRS. WALTER SPENCE

The wedding of Miss Betty Simmons, daughter of Mrs. Earl Simmons of this city, was solemnized August 6 at the Central Baptist Church, with the Rev. Roger C. Johnson officiating. The couple are making their home in Indianapolis, Ind.

Simmons-Spence Vows Said In Church Service

One of August's weddings which holds interest to many persons in this section was that of Miss Betty Simmons, daughter of Mrs. Earl Simmons and the late Mr. Simmons of this city, and Mr. Walter Spence of Indianapolis, Ind.

The marriage took place on August 6 at 7 o'clock in the evening at the Central Baptist Church of Monroe. The Rev. Roger C. Johnson officiated in the presence of only relatives and close friends.

Forming the central decorative notes in the church were tall white baskets overflowing with white carnations and tuberoses which were placed along the altar. On either side were candelabra from which cathedral tapers burned.

The bride wore a striking white crepe tailleur with a small matching hat formed of flowers. She carried a white Bible adorned with tuberoses.

Prior to her marriage, Mrs. Spence was an employee of the Monroe Printing Company. Her husband was stationed at Selman Field during part of World War II.

The couple are making their home in Indianapolis.

Tallulah

The monthly meeting of the American Legion Auxiliary was held at the home of Mrs. R. N. Ware, who as president, gave the dedication of the new flag for auxiliary. Mrs. A. L. Sevier made the acceptance talk, and installed the newly elected officers. They were Mrs. R. N. Ware, president, Mrs. Joe Milton Clark, vice president; Mrs. J. E. Neill, treasurer; Mrs. R. T. Alexander, secretary; Mrs. E. O. Edgerton, chaplain.

There was an observance of the anniversary of the surrender of Japan, August 14. Mrs. J. H. Bryant gave an interesting talk on the work being done by the auxiliary in Puerto Rico and Panama and Mrs. Fred McDuff read a paper on "Decisions of the Future."

Dainty and delicious refreshments were served from a beautifully appointed table in the dining room. The hostess was assisted in the courtesies by Mrs. Henry Sevier.

ACCOUNTANTS MEET PLANNED

Will Assemble In Tech On October 29 And 30 For Sessions

RUSTON, La., Aug. 28.—(Special)—Louisiana Tech will be host to the first annual conference of Louisiana accountants on Friday and Saturday, October 29-30, according to Dr. Leo Herbert, head of the business administration department of Tech's School of Business and Economics and chairman of the state central planning committee for the meeting.

About 300 accountants from all parts of the state are expected to attend the conference, Dr. Herbert said. The Louisiana Society of Certified Public Accountants is cooperating with the college, which is sponsoring the two-day program as one of the outstanding events of the fall semester, which will begin on September 13. Accountants in south Arkansas also are being invited.

"Included on the program," Dr. Herbert said, "will be leaders in the profession from all parts of the United States The program will be designed for accountants in public practice," he said, "and for industrial accountants, government accountants and for students and teachers of accounting."

Other members of the state planning committee for the event are Robert Hawthorn, Baton Rouge, president of the Louisiana Society of Certified Public Accountants; Dean Burton R. Risinger of the Tech School of Business Administration and Economics; Herschell Herring, Shreveport, past president of the state society, and Robert E. Holliday, assistant professor of accounting at Louisiana Tech.

Persons seeking additional information concerning the conference may contact Dr. Herbert or one of the accountants listed below:

O. W. Melton, Alexandria; Basil Lee or F. A. Young, Baton Rouge; Walter S. Savage, Monroe; J. Earl Pedelahore or Carlos J. Grimader, New Orleans; Kenneth C. Lacy or Herschell Herring, Shreveport, or L. E. Tinnell, El Dorado, Ark.

Among the activities planned for the second day of the conference will be a joint meeting of the Monroe and Shreveport chapters of the Louisiana Society of Certified Public Accountants.

CALLS SPECIAL MEETING

FERRIDAY, La., Aug. 28.—(Special)—Harry Meng, Jr., secretary-treasurer of the Concordia parish school board, has announced a special meeting of the board for September 1. Purpose of the meeting is to promulgate results of the election relating to creating road district number two and issuing bonds for the town of Vidalia to improve its streets, and to take up all matters relative to road work in the district.

WORLD WAR VETS ON DRAFT BOARD

LAKE PROVIDENCE, La., Aug. 28.—(Special)—Five veterans of World War II have been commissioned for the East Carroll parish selective service board, Elmus H. Coleman, chairman; Henry Winters, secretary; Louis Levy, Frank Voelker, Jr., government appeal agent, and John Hester, board advisory member. Mrs. R. S. Reed has been named clerk. The board will be domiciled in the old courthouse, to be renovated by the parish police jury.

The three day registration will be conducted by ward volunteers with proposed locations as follows: Ward 1, Sondheimer; ward 2, Transylvania school; ward 3, municipal auditorium; ward 4, Oswalt store; ward 5, Panola store and Lanes Ferry School; ward 6, Elmwood store, W. T. Siwes; ward 7 Monticello school.

NOTICE to VOTERS
WARDS 3 & 10

If you, as an individual, were president or manager of a business as big as the city of Monroe and you had an employee who had been with you 16 years giving you satisfactory service and you had 5 applicants for his job and they knew nothing about the business . . . honestly, WOULD YOU MAKE A CHANGE?

If you can find one time I have failed to do my duty, mistreated anyone, or embarassed them with a service where it was possible to do otherwise, or failed to help a man or woman who was in distress, I WILL RESIGN AND NOT RUN FOR OFFICE!

Your vote and support will be appreciated.

IN MOVIELAND

By Bob Thomas

HOLLYWOOD, Aug. 28.—(AP)—To each his own smell. That's the word of Max Factor, Hollywood's expert on beautifying the American female.

"Perfume is the final touch of good grooming which every woman should have," he declared. "But she should be careful in choosing her perfume. It should be soft, not too obvious, sweet; it should stay close to the body. Above all, it should suit her personality."

For purposes of clarity, I egged Factor into naming the right kinds of odors for ten screen actresses. Here are his selections:

Lana Turner—Sexy, but not a siren; medium-heavy odor, warm, floral, not too oriental.

Hedy Lamarr — A siren; warm, earthy, amber-type perfume.

June Allyson—Extreme sexiness of smell should be avoided; light, delicate.

Betty Grable—Vivacious and spicy perfume for a spicy gal.

Rosalind Russell—Not too violent; subtle and warm floral smell; gardenia-type.

Jane Powell—Fresh and light as a lilac bouquet.

Ingrid Bergman — Warm, slightly floral.

Greer Garson—Soft, sweet, cool, lily-like.

Bette Davis—Exotic, woody, but not sweet or floral.

Marjorie Main — Warm, outdoorsy odor.

Factor, who whips up private perfumes for film stars but does not manufacture them, emphasized that a girl's perfume should not assail the nostrils. "It should complement her naturally, as though it were her own odor," he explained.

As to the romantic aspects of perfumes, he explained that the bases of some of them are the sex-attraction oils of animals. He hinted that the luring abilities of the aromas are even more powerful than are proclaimed in the ads. Gentlemen, beware!

Factor had a word to say for the males, too. He declared that a large percentage of American men have swung to use of cologne, most varieties of which are based on citrus odors.

"The correct odor for a man," he explained, "is one which makes him smell fresh and clean, as though he had stepped from a shower." He indicated that anything further than that might prove disastrous.

URGES GETTING LAND INTO USE

FERRIDAY, La., Aug. 28.—(Special)—Bringing land back into production is as much a part of conservation as keeping it from getting out of production, says George A. Murray, chairman of the Concordia parish agricultural committee.

Keeping land productive, making it more productive and if it has gone out of production, getting it back on the job of the agricultural conservation program, says the parish chairman.

He calls attention to the drainage practice in the AC program as an example of this idea of conservation. Drainage takes off the excess water on the land and helps put the soil in condition for growing crops which add to the supply of food. This added amount of food, milk, bread, or fresh vegetables, means more food on the grocery shelves now and if the land is kept productive it means more food in the years to come. Murray said that at least fifty per cent of the farms of Concordia parish need some drainage.

WASHINGTON, Aug. 28.—(AP)—The 1948 hurricane season is officially open.

As two-thirds of this country gasped in the worst heat spell of the summer, hurricane No. 1 was mysteriously born in the south Atlantic and began swirling toward Florida.

Somewhere offshore the dark rain-filled roaring air hurls itself over the sea, and on the onimously quiet land the people wonder if this will be another bad hurricane season.

Weather forecasters say there is no way of knowing. Nor is there any method of predicting the course the present storm will take.

One thing sure: The 1948 season is starting later than last year's.

The weather bureau says last year's hurricanes cost 53 lives and about $125,000,000 in property damage.

Fifty-one of the deaths and $110,000,000 of the damage occurred in one hurricane, September 10-19. It came in over the Bahama Islands, struck north of Miami, crossed Florida, swirled through the gulf, and ripped the New Orleans area.

There were ten tropical storms in the Atlantic and Caribbean; that is, ten that were important enough for storm warnings. Eight of the ten invaded the continental United States.

Four of the ten storms were officially rated as hurricanes.

Two of these missed the United States; but the other two hit.

A fifth storm, which also hit this country, was rated as a "near-hurricane" of 72 miles an hour.

The weather bureau considers tropical storms hurricanes when the wind speed is measured at 75 miles an hour or more.

(In ordinary usage, however, people are likely to call any severe tropical disturbance a hurricane.)

The ten, in the order of their appearance:

1. A minor blow July 31 and August 1, which entered Texas at Brownsville.

2. The Tampico, Mexico, hurricane of August 12-15. This country didn't feel it.

3. The "near-hurricane," August 18-27. It entered Texas near Galveston.

4. A small storm of August 21-22 that puffed in from the gulf at Grand Isle, La.

5. A storm September 7-8 that raked the gulf coast between Mobile, Ala., and Biloxi, Miss.

6. This was the hurricane of the year, the September 10-19 disaster that crossed Florida and banged into New Orleans. Its greatest measured velocity was 160 miles an hour at Hopetown, in the Bahamas. Its greatest measured velocity in the United States was at Hillsborough Light, Florida—155 miles an hour for a one-minute period, and 121 miles an hour for a five-minute period.

7. A smaller storm of September 20-25 that crossed Cuba into the gulf and entered Florida north of Tampa

8. A blow of October 6-7 that moved northward over the Bahamas and entered Georgia near Brunswick.

9. The full hurricane of October 9-15. This mischievous character originated in the Caribbean near the Canal Zone, moved northward over Cuba into the gulf, cut across southern Florida, emerged into the Atlantic ocean between Miami and Palm Beach, and with an alarming curve crashed back into the mainland near Savannah, Ga.

10. Another full hurricane, but it avoided the United States. It started near Puerto Rico, moved northwest toward the United States mainland, and then curved harmlessly away, passing near Bermuda.

NATIONAL GUARD IS OPEN TO YOUTH

Young men of the Twin Cities can receive military training by joining units of the state National Guard. There are many diversified subjects available that will train a young man for his future career and will pay him as he is learning. He will receive a full day's pay for two hours of drill once a week.

Company I extends a cordial invitation to young men to visit on drill night each Wednesday.

CAMPAIGNS NEAR END IN LOUISIANA

Principal Issue In Senate Race Is Long-ism Or Anti-Long-ism

By Edmond Le Breton

BATON ROUGE, La., Aug. 28.—(AP)—The Long and anti-Long political battle in Louisiana is reaching a new climax.

A Democratic primary election comes Tuesday, as the campaigns for the two top prizes—seats in the United States senate—wind up. Most of the oratory is on the issue of support of or opposition to the administration of Governor Earl K. Long.

Russell Long, the governor's nephew and son of the late Huey P. Long, and Circuit Judge Robert F. Kennon are contending for the seat vacated by the death of Senator John H. Overton. Senator Allen S. Ellender, for years a leader in the Long faction, seeks reelection for a full term. He is opposed by Representative James Domengeaux, who campaigned vigorously against Governor Long, and by Charles S. Gerth, New Orleans auctioneer.

The final campaign appeals will be made on Huey P. Long's birthday—August 30, a state holiday by provision of the Louisiana constitution.

Russell Long has defended the program carried out by his uncle's administration, which was elected in a landslide this year after eight years out of power. The governor steered through the legislature measures for greatly increased old age assistance, expanded school lunch programs, hospital and ambulance services, teachers' raises and other benefits—but also calling for increasing Louisianians' taxes by more than 50 per cent.

Kennon has attacked the tax increases as excessive and charged that his opponent is asking to be elected "just because his name is Long."

The other senatorial campaign has seen much personal criticism exchanged between Ellender and Domengeaux. Gerth has argued for more business-like methods in national affairs.

Representative Henry D. Larcade, Jr., of the seventh congressional district, is unopposed for renomination, but all seven other seats in the house of representatives are contested.

In addition, north Louisiana voters must choose a public service commissioner and candidates are running for the posts of judge, district attorney, members of the state board of education, members of parish school boards and for various local offices throughout the state.

Voting registration is at an all-time high, estimated at nearly 1,000,000, a surprising increase of about 60,000 since just before the gubernatorial primary this year. Politicians are talking of "a large silent vote."

Cotton crops are maturing in north Louisiana and rice in the southwest, reversing the usual effect of weather on voting turnout. A fair day Tuesday may keep farmers in the fields, away from the polls.

Nomination in a Democratic primary for many years has been equivalent to election in Louisiana, but this time a Republican candidate for the house of representatives has been making a determined campaign in the third congressional district in south Louisiana. There has long been considerable Republican sentiment there, especially among sugar producers. The candidate is J. Paulin Duhe.

The only other Republican candidate who has qualified is Clem S. Clark, of Shreveport, for the short term in the senate. Neither will be voted on in Tuesday's primary, which is exclusively a Democratic matter.

The candidates for congress include: First congressional district, Representative F. Edward Hebert and Lucille Savoie; second, Representative Hale Boggs, William Dane and Frederick Leander Pickett; third, William Thomas Shinn, Roy R. Theriot and Edwin E. Willis; fourth, Representative Overton Brooks, Harvey Carey and Lloyd L. Hendrick; fifth, Representative Otto E. Passman, Charles E. McKenzie and Newt V. Mills; sixth, Representative James H. Morrison, John S. Nelson and H. H. Richardson; eighth, Representative A. Leonard Allen and Dayton C. McCann.

Candidates for the public service commission are Harvey Broyles, Earl G. Williamson, Charles Mitchell, J. Earl Downs and H. L. Fuller.

Candidates for the state board of education, in the districts where there is a contest, are:

First public service district, John F. Connally and Paul B. Habans; second public service district, Felix A. DeJean, Jr., and Isom J. Guillory, Sr.

Many advantages are open to veterans who enlist for three years in the United States army. High pay, security, opportunity to advance, choice of jobs.

Y. W. C. A. CONTRIBUTES TO WELFARE OF YOUTHFUL GROUP

By Mrs. Eugene Flournoy
(President Of 'Y')

"The Young Women's Christian Association, a Red Feather service of the Twin City Community Chest, plays an important role in the life of Monroe and West Monroe. How to live happily and fully and to meet the daily problems of life comprise one of the great questions affecting the lives of people today. To help answer this question, particularly as it concerns women and girls, is the task that the Y. W. C. A. has taken upon itself.

"Christian in purpose, all-inclusive in character, a membership-participating agency, a youth-adult partnership, an association in the service for better living, better health, cultural and recreational opportunities, a force for good in the community, the Y. W. C. A. personifies friendliness and concern for all girls and women and thus helps to find and make new friends and interests. The Y. W. C. A. is a vital part of any community, taking on the life of the community in which it is located. When one invests time, interest or money in the "Y," he is investing in people, in ideas, in ideals, not just contributing to charity or welfare; he is sharing in building a better community; he is guaranteeing his share in the work that is vital to meeting the needs of individuals in the community, the nation and the world.

"How is the work of the Y. W. C. A. carried on? Who are its leaders and what are its facilities? There are 159 members who elect the 24 board members who direct and carry out the policies of the organization. The board of directors, of which Mrs. Eugene Flournoy is president, is composed of the following: Mrs. Nelson Abell, Mrs. H. V. Collins, Mrs. R. W. Cretney, Mrs. Gordon Cummings, Mrs. A. R. Doughty, Mrs. E. K. Flournoy, Mrs. W. R. Hatchell, Mrs. A. R. Holloway, Mrs. Mike John, Jr., Mrs. F. L. Jones, Mrs. J. B. Jugler, Mrs. Carl McHenry, Mrs. C. McCoy, Miss Nona Martin, Mrs. Shelby Meek, Mrs. B. L. Mulhern, Miss Juanita Porter, Mrs. E. W. Saerain, Mrs. T. H. Scott, Mrs. J. B. Thornhill, Mrs. C. R. Tidwell, Mrs. A. D. Tisdale, Mrs. P. B. Snodgrass and Mrs. V. C. Spatafora.

The work of the "Y" is delegated to various committees thus 1—All association committees, the executive, cominating, finance and budget, membership, personnel and house and grounds; 2—Program committees: Young adults and Y-Teens. 3—Individual responsibilities and special emphasis: Public affairs, religion, world fellowship, publicity, adult education, reading, the arts and housing.

"Each board member serves on one of these committees and then there are other women who have accepted responsibilities as a part of these committees: Mrs. L. U. Fourmy, Mrs. DeWitt Milam, Mrs. J. Norman Coon, Mrs. W. C. Oliver, Mrs. Wm. Rodriguez, Mrs. J. R. Coukter, Mrs. John Lewis, Mrs. W. J. Veavey, Mrs. W. G. Armstrong, Mrs. Tom Johnson, Mrs. E. Henry, Mrs. Henry Whitfield, Dr. Margaret Coon, Miss Emma Lee Short, Mrs. E. B. Ellison, Mrs. Lonnie Clark, Mrs. E. H. Williamson, Mrs. Lewis Slater, Mrs. C. K. Crandall, Miss Frances Flanders, Mrs. Alta Faircloth, Mrs. Zell Smith

Mrs. Mildred Swift, Mrs. J. R. Wooten, Mrs. Maggie Anders, Mrs. John Lewis, Mrs. W. A. Smith, Mrs. O. R. Brauer, Mrs. J. R. White, Mrs. Harry Holmes, Mrs. Henry Mayo, Mrs. J. E. Whitfield, Mrs. E. J. Whitman, Mrs. G. Y. Phebus, Mrs. L. R. Cobb, Mrs. V. S. Garnett, Mrs. V. J. Bagwell, Mrs. M. W. Montgomery, Mrs. J. P. Noel, Mrs. Robert Layton, Mrs. Louis Monroe, Mrs. Joe Coleman, Mrs. Elma L. Williams, Mrs. Bill Eason, Mrs. Marie Wamsley, Miss Maible Hood, Mrs. Chas. Bennett, Mrs. R. O. Ware, Mrs. J. M. Russell, Mrs. W. E. Whetstone, Dr. Catherine Foster, Mrs. Maude Mullen Hays, Rev. Lea Joyner, Mrs. John Sholars, Mrs. A. M. Serex, Mrs. Roy Brooks, Mrs. C. U. Johnson, Mrs. A. E. Montgomery, Mrs. F. H. Peterson, Miss Dorothy Grant, Mrs. Annie Lee West Stahl, Miss Myrtle Rodgers, Miss Lucille Jones, Mrs. Talkington, Mrs. Eva Gay Malone, Mrs. Murl Stokes, Mrs. Roy Barr, Mrs. Jase Johnson, Mrs. Johnnie Butler, Mrs. Warren, Mrs. J. S. Drew, Mrs. Curtis Seamon, Mrs. A. S. Gunter, Mrs. E. P. Cudd, Mrs. P. A. Poag, Miss Salley Ware, Miss Mary Pope and many others have aided in the work of the organization. They have served as volunteer hostess, chaperon for parties, socials and carnivals and in varied activities.

"On the 'Y' board of trustees are the following men: T. H. Scott, J. Norman Coon, Judge W. M. Harper, Duncan Smith and J. R. White giving counsel and advice. Rev. George Pearce, C. S. Cadwallader, Jr., E. K. Means and R. W. Cretney, Dr. W. R. Hammond, Dr. Fred Marx, all made talks and Harry Lemert taught a class in music appreciation. Three men, Jimmie Johnston, Sherman Whitehead, and Edward Coy operated motion picture machines for the clubs. Thus it is that many hours of service from volunteers have resulted in the success and progress of the program of the 'Y.'

"There are two employed staff people responsible for carrying out details of program and administration. Miss Bessie Sharp is executive secretary and Mrs. Ruth B. Hundley, house mother.

"All activities are centered around the home at 1515 Jackson street. This building was made possible through generous gifts of interested individuals approved by the chest and now is a very friendly place with attractive decorations and furnishings. Contributions were received from the Altrusa Club, Welcome Branch Book Club, Pilot Club and some individuals so that this work was carried out successfully. Contributing to the furnishings are the following: Business and Professional Women's Club, Current Literature Club, Twentieth Century Book Club, Junior Charity League, Optimist Club, Reader's Clique and many individuals. Several have contributed books in memory of friends and these funds and others for ground beautification have been thankfully received.

"Protestant, Catholic, Jew, people of different races or nationalities, of different interests and economic backgrounds have all shared and worked together to make possible the whole program of the association.

"How has the 'Y' served the community? This is a difficult question to answer in so far reaching work and influence on lives of many people. Let us look at some activities. It affords a home with wise counsel and supervision for ten girls who are away from home, girls here for work or to attend school. It has provided certain classes for instruction and specific subjects: Making of slip covers, creative writing, parliamentary law, flower arrangement and culture and music appreciation. It has helped many young women find suitable housing or in case of emergency provided housing for a transient girl. It has been a meeting place for friends, a social center for clubs and has proved its value many times over. There have been interesting programs and discussions on topics of interest to club members; service projects of value to community life; social activities and wholesome recreational opportunities; there is training for leadership and future home making; association with girls of different ages, interests and faiths; counseling on various individual and group problems. It provides an opportunity for people to give of their service and talents and in return receive satisfaction and pleasure from serving.

"How can this work of the 'Y' go forward? During the years that Y. W. C. A. has been organized here the whole program of the association has progressed, enlarged and developed. Each person in this community has had a part in this progress through his contribution to the Community Chest or through giving of interest or time in support of the activities. Thus the work will go forward as this interest and support continues. As the work does go forward certain needs should be met: More volunteer leaders and more staff to carry out all the various phases of work; an enlarged program that includes health education and physical exercise groups; classes for adults on certain subjects of interest; more interest groups; more active participating membership in the whole association; and the finances to carry out the program as it should be carried out. Thus the Y. W. C. A. will go forward in building fellowship, in building a better community . . . in helping individuals to live happily and fully and meet the individual problems of daily living."

SEVERAL BUSINESS STREETS ARE ZONED

Mayor George O. Breece announced Saturday that the city police and traffic department have zoned several business streets in order to eliminate traffic hazards for fire trucks, ambulances and emergency hevicles.

There will be no parking at any time on the east side of St. John street next to Peacock's Jewelers, the mayor pointed out. He stated further that only 30-minute parking would be allowed on either side of DeSiard street from Ninth to Powell street.

New traffic regulations also call for no parking day or night in the 700 and 800 blocks of South Grand street, Mayor Breece asserted.

The 100 block of Bry street which intersects South Grand and the north side of 200 block of Harrison street will be no parking zones.

Mayor Breece asks that the public cooperate with the traffic department and observe the no parking zones, so that traffic hazards may be lessened.

To the People of Ward Ten

(Both Within and Without the City of Monroe)

It is unfortunate that Mr. C. G. Wall, Jr., has, ever since he was first elected to our School board, sought to create dissension among its members. He has now had the effrontery to inject himself into our Ward Ten election, and is openly advocating the election of Mr. C. C. Mills to the School Board in place of me.

As a consequence of this attack on me my desire to be returned to membership on the Board, initially inspired only by an urge to continue serving the people of our Ward and Parish, is now intensified by the wish to vindicate my past service, which Mr. Wall has seen fit to criticise. Your support and assistance in this endeavor will be deeply appreciated.

Most of you have, I am sure, seen the school-boyish advertisements published by Mr. Wall wherein he has sought to ridicule every member of our Board who has resisted his efforts to use that body as a political football to be kicked around at the whim of his own personal ambitions. Particularly has he attempted to stigmatize Mr. J. H. Trousdale, and Mr. Felix Terzia—two gentlemen who have served you well for many years. Constructive results cannot be accomplished for our schools with the sort of internal strife which Mr. Wall is attempting to foment.

Mr. Terzia's position on the Board is not an issue in this election. Mr. Trousdale, whose term is now expiring, has devoted almost a full lifetime to earnest and faithful service on this Board.

Please remember that EVERY qualified elector in Ward Ten, regardless of his place of residence, is entitled to and SHOULD cast a vote for members of the School Board from this Ward. TWO members are to be elected and EACH BALLOT must be cast for TWO candidates. A ballot for only ONE candidate cannot legally be counted.

LET THE QUESTIONS OF LEGALITY BE DECIDED BY THE COURTS, BUT LET THE PEOPLE DECIDE THEIR OWN ELECTIONS.

P. S. — Since the above statement was written and set into type, Mr. Wall has made the charge—in his radio address of Friday evening, August 27th—that I am opposed to a High School in West Monroe. Such a charge indicates that he is either blinded by his prejudice toward me, or is deliberately misrepresenting the true facts. I prefer to believe the former.

Boyle's Notebook

By Don Whitehead
(For Hal Boyle)

WASHINGTON, Aug. 28. —(AP)— In the year 2000 A. D., an old man sat in the warm sunshine and this is the story he told to the boy who lay in the grass beside him:

The year 1955, my son, will always be celebrated with rejoicing as "The Year of the Great Command."

It seems strange to you, perhaps, that the world lived in bloodshed and suffering and fear. But your history books tell you I am speaking truth.

Once the nations of the world and their people stumbled along fearful of each other and the future. The scales of fear can blind men's souls to obvious paths of truth.

And then it happened—just when angry, frightened nations were preparing to destroy themselves by atomic warfare.

The Miracle came as bells were tolling in the New Year. Suddenly there was a hush. Then a bolt of lightning flashed and a golden glow lighted the heavens. And His voice said: "I command you—do unto others as ye would that others do unto you!"

In every land and in every language, people saw and heard this miracle. And the scales of fear fell away. They knew in their hearts that the great mass of men—of every race and color and creed—was seeking the same goal of human dignity, freedom, and happiness. And they saw that simple honesty and kindness held the solution to their troubles.

Oh, it was a great year, I tell you. Changes came so fast we could hardly grasp their meaning.

A few weeks after The Miracle a Russian plane landed at the Washington airport and Josef Stalin stepped out. The news threw the world into an uproar, and lights burned in chancellories around the world.

The president rushed down to meet Stalin and take him to the White House as his guest. Thousands of people milled in the streets day and night to get a glimpse of the visitor and to learn why he was there.

A few days later the White House issued the famous joint statement which laid the basis for our world constitution and meant peace for all time. They agreed to work for the union of nations as we now know it, in which each nation submits to the will of the majority.

The American-Russian bloc led the way at the world conference of nations in Paris. Agreement on all major issues came fast—once no one tried to gain an unfair advantage.

A world congress was formed. Travel barriers were wiped out. Men were free to travel wherever they wished on the earth. And that, my son, is more important than you might think. In this way the people of the world were learning for the first time to understand and love each other.

A world bank was established to give all nations the same currency. The burden of taxes grew less each year as countries disbanded their armies, navies and air forces. Vast energies and planning directed toward war were turned to peace.

Atomic bombs were destroyed during a world-wide holiday. And in Moscow the United Nations established the all-nations atomic energy foundation to turn the atom's power to peaceful use.

After The Miracle, my son, people learned to laugh again—at themselves and each other. The lines went out of their faces and the worry from their eyes. They found that hate and selfishness had been born of fear.

And He never had to remind them again of His command.

The boy looked up and said: "Hey, Grandpop! Why have you been so quiet all this time?"

The old man stirred and smiled. "I've been dreaming, son. I guess I must have dozed."

VOTE FOR

COON

FOR

CITY JUDGE

DEAR VOTERS:

At the beginning of my campaign, I set out to see each voter in Wards Three and Ten and solicit his vote. Time and the elements have prevented this. I now take this means to reach those whom I have not already seen.

I am 30 years old, a native of Monroe and a graduate of O. P. H. S. and Northeast Junior College. I received my law degree at Tulane University and was admitted to the Louisiana State Bar Association in 1941. Since that time I have practiced law in Monroe continuously, except for the time spent in the Army both in Europe and the United States.

I now earnestly ask that you give me your serious consideration at the polling booth on August 31, 1948.

PUBLIC SERVICE COMMISSIONER

John McCormick

Candidate for

DISTRICT ATTORNEY

Meets Every Test

Reared in a Christian home: A member of the Methodist Church since childhood. His parents, though poor in worldly possessions, were honorable, God-fearing people who taught him to work hard on the farm and to live by the Golden Rule.

Education and experience: After graduating from Ouachita Parish High School he worked his way through Tulane University and opened his law office in 1933. He has practiced law for fifteen years. He has been city attorney of West Monroe for 10 years, under three mayors and councils. He was elected to the State Senate in 1944 by a handsome majority and re-elected without opposition.

Examine his record of achievement in public life: Why was John McCormick selected as city attorney by three mayors and three councils of West Monroe? Why was he elected to the State Senate and re-elected without opposition? Why will he be our next District Attorney? EXAMINE THE RECORD.

John McCormick supported and voted for these measures in the State Legislature:

1. A vast drainage program, of tremendous benefit to farmers, which has already saved the people of Monroe $500,000.00, and will insure adequate drainage to the people of West Monroe.

2. Minimum salary of $2,400 to teachers with increments and a more liberal retirement system for teachers and bus drivers. Free hot lunches.

3. Fifty dollar old age pension.

4. Free ambulance service and increased free hospital services.

5. Road construction and improvement, in Ouachita Parish alone a program is under way to black top over 100 miles of roads in Ouachita Parish.

6. Introduced a Constitutional Amendment giving Ouachita Parish $200,000.00 for construction of badly needed school buildings.

7. Exempted farmers from payment of all taxes on gasoline used in tractors.

Please Think Carefully

The record proves that John McCormick is OF THE PEOPLE. In his practice of law he has represented the working man and small merchant. His opponent has spent his short legal career of five years with one of the largest law firms in the City of Monroe that represents many corporate interests such as foreign insurance companies, railroads and other powerful financial interests.

Would John McCormick's opponent have supported the appropriations listed above? Would he have approved the $50.00 pension for the aged, the teachers retirement program, the school lunch program, the tremendous road building and drainage program? Would he have voted for free ambulance service and more free hospitals? Would he have favored increased compensation for the injured working man and exemption of the farmer from the gas tax?

OR Would he have been influenced by the wealthy clients of his firm and voted against giving these needed services to the people? Is it possible for John McCormick's opponent, with his background of wealth and corporation law practice, **to even recognize** the interest of the **people?**

In Conclusion

The qualifications, the background, the practical experience as an attorney, **and the outstanding record of JOHN McCORMICK as a servant of the people** are your assurance that the office of District Attorney will be filled capably and honestly and that the laws will be enforced **fairly and impartially** and IN THE INTEREST OF THE PEOPLE.

I'VE DECIDED TO TURN TO CRIME, DADDY!! — I WANT TO BE LIKE YOU!!

OH, BOY!!

FIRST!! — I'LL SETTLE SOME OLD SCORES ON THE FORCE!! — I'LL STRANGLE THE COMMISSIONER, WITH MY BARE HANDS!! — HIS LITTLE CHILDREN WILL BE PENNILESS ORPHANS!!

THEN — I'LL POUR HOT LEAD INTO THE CITY TREASURER'S STINGY HIDE!! — HE'S REFUSED ME MY LAST RAISE!! —

?!

AS FOR HIS HONOR, THE MAYOR!! — SNICK! SNACK! SNICK! I'LL SLICE HIM TO BITS!!

STOP! SON!! STOP!!

I WANT TO BE LIKE YOU!!

SO THAT'S HOW I SEEM TO YOU!! FOR THE FIRST TIME, I REALIZE WHAT A HEARTLESS MONSTER I REALLY AM!!

I'M GOING TO GIVE MYSELF UP!! — I'LL GET 50 YEARS — BUT, WHEN I COME OUT, I'LL BE A BETTER MAN!!

CHUCKLE!! — I KNEW THAT DADDY HAD GOOD STUFF IN HIM!! MY BLOODTHIRSTY BEHAVIOR WAS SIMPLY A CLEVER HOAX!!

YIP-PAY!! FOSDICK TRIUMPHS AGIN!!

EF ONLY HE LOVED ME LIKE THET!!

The Phantom

by LEE FALK and RAY MOORE

ABOARD THE YACHT, THE PHANTOM LOADS PRICELESS JEWELS BACK INTO THE FABULOUS PHANTOM TROPHY~

THEN~~A LAST LOOK AT BREED AND GREASY~~

A JINX HAS BEEN RIDING THIS TROPHY~AND ITS NAME IS GREED!

FULL OF THOUGHTS, HE LEAVES THE YACHT, AND PADDLES BACK TO SHORE~~

NO HONOR AMONG THIEVES. HMM~I'LL NOTIFY THE SHORE PATROL. MAYBE THEY CAN BE SAVED~FOR JAIL!

SPIKE AND GRUNT, THE ORIGINAL THIEVES, LIE UNDER THE TROPICAL SUN~~

ALMOST SUNDOWN. I HAVEN'T MUCH TIME TO GET BACK TO THE LLONGO VILLAGE! AND DIANA IS THERE, ALONE~~

IN THE LLONGO VILLAGE~WHERE THE LLONGO AND WAMBESI WAIT ANGRILY~KEEPING THE UNEASY TRUCE THAT THEY PROMISED THE PHANTOM~UNTIL SUNDOWN~~

IT'S ALMOST SUNSET! IF THE PHANTOM ISN'T BACK WITH THE TROPHY SOON~~ THEY'LL FIGHT! AND I'M RIGHT BETWEEN THEM~~

ALLEY OOP

BY V.T.HAMLIN

T. M. REG. U. S. PAT. OFF.

THAT'S A FINE PET DRAGON YOU GOT...LAMBASTIN' US WITH COCONUTS!

DRAGONS DON'T THROW COCONUTS, YOU ADDLE-HEADED GOON! DIDN'T YOU SEE TH' GUY RIDIN' HIM?

WHEN ALLEY OOP ARRIVED AT THE SPOT WHERE HE HAD LEFT HIS PET DRAGON, HE AND THE MONARCH OF MOO RECEIVED A RUDE SHOCK.

COURSE I DIDN'T! I NEVER SAW NOTHIN' BUT STARS!

IT WAS DOOTSY BOBO! TH' DIRTY RAT'S STOLEN MY DRAGON!

LOOK! IF THAT DRAGON IS SUCH A PET OF YOURS, HOW COME HE'D BE A PARTY TO SUCH GOIN'S-ON?

Y'GOT ME THERE, BUT I MEAN T'FIND OUT!

AND IF I AIN'T SATISFIED WITH TH' ANSWER I GET, YOU CAN GOL-DANG BETCHA DRAGON STEW'S GONNA BE ON OUR MENU!

HAW HAW

WE SURE PLASTERED THOSE GALOOTS PLENTY, DIDN'T WE, DRAGON, OL' BOY?

YEH... BUT I SWEAR THAT ONE CHAP'S TH' SPITTIN' IMAGE OF MY OLD PAL, OOP!

...FUNNY HE NEVER MENTIONED HAVIN' A TWIN BROTHER!

IT'S LIKE I TOLD YOU, HE'S SO ASHAMED OF TH' GUY HE NEVER EVEN SPEAKS OF HIM T'NOBODY!

BY TH' WAY, WHATCHA THINK OF OOP'S GIRL FRIEND, OOOLA?

WELL, I DUNNO...

HA! DRAGON, YOU'RE A SMART BOY! EVERYBODY KNOWS SHE'S A BAD INFLUENCE ON OOP, SO...

SO WHAT?

SO YOU'N' ME'S GONNA SHOW OOP WE'RE REAL TRUE FRIENDS AND DO HIM A FAVOR BY TOTIN' HER RIGHT OUT OF TH' PICTURE!

WELLLL... ALL RIGHT, IF YOU'RE SURE Y'KNOW WHAT YOU'RE DOIN'!

OKAY, NOW'S OUR CHANCE!

Captain EASY

T. M. REG. U. S. PAT. OFF.

WHILE EASY WATCHES AT THE BOTTOM OF LOBSTER BAY, A TINY SUBMARINE APPEARS AND SLASHES THE BATHYSPHERE CABLES

BLAZES! HE INTENDS TO TOW AWAY THE BATHYSPHERE!

HE KEEPS LOOKING UP! THE GRAPPLING HOOK PROBABLY STOPPED HIM THE LAST TIME!

MEANWHILE, IN VALIS CASTLE--

YOUR BATHYSPHERE HAS MADE ANOTHER DESCENT TO SEARCH FOR YOU, DR. TRENT! THIS TIME I'LL GET IT!

YOUR DAUGHTER NANCY MUST BE IN THE SPHERE! NO HARM WILL COME TO HER AS LONG AS YOU COOPERATE WITH ME!

THE DIVER'S WORK IS SOON FINISHED AND AFTER HE RETURNS TO THE SUBMARINE, EASY COMES FROM HIS HIDING PLACE

SLUG'S SLUGATORIUM — IMPROVE YOUR GAME — 50 BALLS FOR 50¢

I THINK IT WOULD IMPROVE MY GAME IF YOU'D PLAY SWING MUSIC ON THAT THING.

GOSH, MINNIE! WE'D BE TWO HUNDRED BUCKS TO THE GOOD ONLY OUR CUSTOMERS WALKED OFF WITH 2180 GOLF BALLS!

CHEER UP, SLUG. YOU CAN TAKE THAT OFF YOUR INCOME TAX!

LOOK, SUSIE! I KNOCKED THAT ONE CLEAR OUT OF SIGHT!

NOT FROM WHERE I'M STANDING.

LET'S YOU AND I HAVE A GAME SOMEDAY!

WELL, FRANKLY, I JUST HIT BALLS. I'VE NEVER PLAYED GOLF!

WELL, FRANKLY, NEITHER HAVE I!

NOW LOOK, GERTIE! BRING THE CLUB BACK LIKE THIS!

SWING AT IT, GERTIE! DON'T TRY TO HIT IT.

KEEP YOUR HEAD DOWN, GERTIE, AND FOLLOW THROUGH!

WAIT, GERTIE! YOUR HANDS ARE ALL WRONG!

ARNOLD! BRING THOSE GOLF BALLS BACK HERE AND STOP SCRATCHING. NOBODY WILL BELIEVE THOSE ARE MOSQUITO BITES!

GO ON AND LAUGH! YOU'LL FEEL SILLY IF I HATCH OUT A SET OF MATCHED CLUBS!

WE GO TO THE DRIVING RANGE

HOT ZIGGITY, DANG!

GEE WHITH, MYRTLE! DON'T YOU THINK IT ITH ABOUT MY TURN?

HEY, MYRTLE! DO YOU WANT TO SEE MY WABBITS? I'VE GOT EIGHT, NOW!

YOU'D BETTER COVER UP YOUR TAIL! YOU REMEMBER WHAT THE SCREEN DOOR DID TO ME!
